GJ Ion
CHIEF EXECUTIVE

POLICY & REGULATORY COMMITTEE

Reports to:	Council
Chairperson:	Cr Jan Sedgwick
Deputy Chairperson:	Cr Noel Smith
Membership:	The Mayor, all Councillors and Mrs Maxine Moana-Tuwahangi (Maangai Maaori)
Meeting frequency:	Six-weekly
Quorum:	Majority of the members (including vacancies)

Purpose

The Policy & Regulatory Committee is responsible for the Council's governance policies and bylaws, reviewing the District Plan and overseeing civil defence and emergency management issues.

In addition to the common delegations on page 10, the Policy & Regulatory Committee is delegated the following Terms of Reference and powers:

Terms of Reference:

1. To establish, implement and review the governance policy framework that will assist in achieving the Council's strategic priorities and outcomes.
2. To develop, review and approve the consultation process for Council bylaws.
3. To consider and determine changes to the schedules and parking restrictions in the Public Places Bylaw 2016, including hearing any submissions relating to those proposed changes.
4. To hear and determine matters arising under current bylaws, including applications for dispensation from compliance with the requirements of bylaws, unless such matters are otherwise delegated by Council.
5. To administer the Council's District Plan in accordance with the Resource Management Act 1991.
6. To monitor the performance of regulatory decision-making by the District Licensing Committee¹, Regulatory Subcommittee and officers under their respective delegations.
7. To monitor the Council's Civil Defence and Emergency Management framework.

¹ For clarity, the District Licensing Committee is a committee of Council under the Sale and Supply of Alcohol Act 2012.

The Committee is delegated the following powers to act:

Governance Policies

- Develop and agree governance policies for the purpose of consultation/engagement.
- Recommend to Council policy for adoption, amendment or revocation.
- Monitor and review policy, including recommending amendments to any policy as and when required.

Bylaws

- Develop and approve the statement of proposal for new or amended bylaws for consultation.
- Recommend to Council new or amended bylaws for adoption.

District Plan

- Review and approve for notification a proposed district plan, a proposed change to the District Plan, or a variation to a proposed plan or proposed plan change (excluding any plan change notified under clause 25(2)(a), Schedule 1 of the Resource Management Act 1991)
- Withdraw a proposed plan or plan change under clause 8D, Schedule 1 of the Resource Management Act 1991.
- Make the following decisions to facilitate the administration of plan changes, variations, designation and heritage order processes:
 - a. To decide whether a decision of a Requiring Authority or Heritage Protection Authority will be appealed to the Environment Court by the Council and authorise the resolution of any such appeal, provided such decisions are consistent with professional advice.
 - b. To consider and approve Council submissions on a proposed plan, plan changes, and variations.
 - c. To monitor the private plan change process.
 - d. To accept, adopt or reject private plan change applications under clause 25, Schedule 1, Resource Management Act 1991.

Other Resource Management Issues

- Pursuant to Section 34(1) of the Resource Management Act 1991, to exercise all of the Council's functions, powers and duties under that Act, except the functions, powers and duties:
 - a. that cannot be delegated or that are otherwise retained by the Council under its terms of reference; or
 - b. expressly delegated to other Council committees or decision-making bodies, or officers.

- Monitor and approve submissions in relation to National Policy Statements.

Civil Defence and Emergency Management

- Monitor the performance of Waikato District's civil defence and emergency management response against Council's requirements under the Civil Defence and Emergency Management Act including:
 - a. implementation of Government requirements; and
 - b. co-ordinating with, and receiving reports from, the Waikato Region Civil Defence and Emergency Management Group Joint Committee.

Other Delegations

- Exercise all of the Council's functions, powers and duties under the Building Act 2004, the Health Act 1956, and the Food Act 2014, and the respective regulations made under these Acts, except the functions, powers and duties:
 - a. that cannot be delegated or that are otherwise retained by the Council under its terms of reference; or
 - b. expressly delegated to other Council committees or decision-making bodies, or officers.
- Approval of attendance of elected members at conferences, seminars, training or events, in accordance with Council policy.

To	Policy & Regulatory Committee
Report title	Confirmation of Minutes
Date:	14 June 2022
Report Author:	Grace Shaw, Democracy Advisor
Authorised by:	Gaylene Kanawa, Democracy Team Leader

1. Purpose of the report

Te Take moo te puurongo

To confirm the minutes for a meeting of the Policy & Regulatory Committee held on Tuesday, 3 May 2022.

2. Staff recommendations

Tuutohu-aa-kaimahi

THAT the minutes for a meeting of the Policy & Regulatory Committee held on Tuesday, 3 May 2022 be confirmed as a true and correct record.

3. Attachments

Ngaa taapirihanga

Attachment 1 – P&R Minutes, Tuesday, 3 May 2022

Minutes for a meeting of the Policy & Regulatory Committee of the Waikato District Council held in the Council Chambers, District Office, 15 Galileo Street, Ngaruawahia on **TUESDAY, 3 MAY 2022** commencing at **9.30am**.

Present:

Cr JD Sedgwick (Chairperson)
Cr AD Bech
Cr C Eyre
Cr JM Gibb
Cr SL Henderson
Cr SD Lynch
Cr J Church
Cr RC McGuire
Cr FM McInally
Cr NMD Smith
Cr Woolerton

Attending:

Mr GJ Ion (Chief Executive)
Mr R MacCulloch (General Manager Service Delivery)
Mr C Morgan (General Manager Community Growth)
Ms G Shaw (Democracy Advisor)
Mrs GJ Kanawa (Democracy Team Leader)
Ms M Russo (Corporate Planning Team Leader)
Ms A Sayer (Policy Advisor)
Mr J Ebenhoh (Planning & Policy Manager)
Ms Rebecca Law (Reserves Planner)
Ms Jodi Bell-Wymer (Corporate Planner)

APOLOGIES AND LEAVE OF ABSENCE

Resolved: (Crs Woolerton/Gibb)

THAT the Policy & Regulatory Committee accepts the apologies from His Worship the Mayor, Cr Patterson, Mrs Moana-Tuwhangai and Cr Thomson for non-attendance.

CARRIED

P&R2205/01

CONFIRMATION OF STATUS OF AGENDA ITEMS

Resolved: (Crs Woolerton/Church)

THAT:

- a) the agenda for a meeting of the Policy & Regulatory Committee held on Tuesday, 3 May 2022 be confirmed; and
- b) all reports be received.

CARRIED

P&R2205/02

DISCLOSURES OF INTEREST

There were no disclosures of interest.

CONFIRMATION OF MINUTES

Resolved: (Crs Lynch/Bech)

THAT the minutes for the meeting of the Policy & Regulatory Committee held on Tuesday, 22 March 2022 be confirmed as a true and correct record, with an amendment confirming the presence of Cr Church as an attendee.

CARRIED

P&R2205/03

ACTIONS REGISTER

Agenda Item 5

The report was received [*P&R2205/02 refers*] and no discussion was held.

REPORTS

Approval to publicly notify the review of the General Policies Reserve Management Plan Agenda Item 6.1

The report was received [P&R2205/02 refers] and the following discussion was held:

- The Reserve Management Plan (RMP) covers general issues such as leasing, fencing, drone flying, reserve naming, etc.
- Under the Reserves Act 1977, Reserve Management Plans are required to be reviewed ten (10) yearly. Although the General Policies RMP is not due for review until 2025, there was a range of new technology, topics and process improvements that had been recommended by staff to have the review brought forward.
- It was queried whether specific management plans relating to some areas would be overridden by the General Policies Reserve Management Plan.
- There is a hierarchy of policies. For example, the General Policies Reserve Management Plan is a general policy, however, there may be existing policies that are specific to certain reserves or open spaces. In these cases, the specific policies would take precedence over the General Policies Reserve Management Plan.
- Concerns were raised regarding how the review process would be conducted. It was explained that the process is outlined in the Reserves Act. There would be an initial community notification asking high-level questions, followed by a second consultation which would present a draft to the community for feedback. Those submissions would go to a hearing if necessary.
- It was queried why submissions for the General Policies Reserve Management Plan review would go through a subcommittee as opposed to all of Council. There was a feeling amongst Councillors that this was an overarching Council policy that should be reviewed by all of Council.
- It was subsequently noted that the decision for submissions relating to the General Policies Reserve Management Plan review to go through a subcommittee (as opposed to all of Council) was a historical decision.
- Hearings could be a time-consuming exercise, therefore, if hearings around this review were to go through Council in full, the entire process could be delayed. Alternately, the process would move more nimbly through a subcommittee.
- A point was raised that Councillors exist to represent their communities, and thus should participate, and have input in the review process.
- The Regulatory Subcommittee undertakes hearings on behalf of the Council in this area. General Policies Reserve Management Plan falls within their terms of reference/delegations.

- It was queried if Council held the staffing and resource requirements to ensure it was adequately resourced to proceed with this piece of work. The General Manager Service Delivery confirmed that Council has the capacity to proceed without undue added pressure on staff. The related team has increased its capacity in preparation for this programme.
- The report states that there would be no known impact on climate change regarding this piece of work. It was queried whether this was correct, as parks, reserves and lakes become important in the management of stormwater. It was clarified that the report did not have a direct impact on the environment, however, the RMP must consider its impact on the environment overall.
- There was a desire to ensure Council engaged with Iwi regarding this piece of work, noting that there should be escalated liaison around reserves. The significance of this point was emphasised.
- It was queried if there was a communications strategy in place relating to this programme (for Councillors to view). It was decided this query had stepped into operational matters and Councillors did not need to proceed with queries at this level.
- Councillors agreed that the last sentence on page 27 of the report should state “key stakeholders, including Councillors”.

ACTION: Staff to consider adding “key stakeholders, including Councillors” to the last sentence on page 27 of the General Policies Reserve Management Plan review report.

ACTION: Staff to note the significance of escalated Iwi liaison regarding the General Policies Reserve Management Plan review and act accordingly.

Resolved: (Crs Bech/Gibb)

THAT the Policy & Regulatory Committee approves the General Policies Reserve Management Plan review as required under Section 41 of the Reserves Act 1977.

CARRIED

P&R2205/04

Policy and Bylaw Review Programme
Agenda Item 6.2

The report was received [*P&R2205/02 refers*] and the following discussion was held:

- An abundance of work was proceeding in the planning space regarding this programme.
- The Speed Limit Bylaw and Livestock Movement Bylaw reviews were nearing finalisation.
- Policies relating to election cycles were a priority.
- There is still an extensive work programme ahead.
- Council needs to be conscious of consultation fatigue in the community.
- The team is endeavouring to learn from recent bylaw reviews that went well as well as those they have learnings from.
- The team consistently captures project learnings and would conduct a project close out upon completion of each process, identifying opportunities to learn and how to apply those learnings.
- There is an attempt to target stakeholders via the early engagement process to ensure that the proposed bylaw/drafts reach the right people and dissatisfaction is mitigated.
- Timeline suggested that Council would engage with the community in May 2022 regarding this piece of work.
- When a review starts, it does not mean that the consultation process has commenced.
- There was a suggestion to prioritise policies that are most likely to affect people in their general/day-to-day lives.
- Councillors raised concerns regarding resourcing/staffing/capability to undertake this work programme.

Adoption of the Reviewed Speed Limits Bylaw 2011

Agenda Item 6.3

The report was received [*P&R2205/02 refers*] and the following discussion was held:

- Cr McGuire would take specific queries regarding Ruakura Road offline with relevant staff.
- Schools that fell outside of the set time parameters for speed limits during school opening/closing would have their own signage.
- There was some concern that certain speeds set in the review had a low probability of being respected and followed by drivers.

Resolved: (Crs Lynch/Henderson)

THAT the Policy & Regulatory Committee recommends to Council:

- a. **adoption of the 2022 amendments to the Speed Limits Bylaw 2011, as set out in Attachment A on page 64 of the Policy & Regulatory Committee agenda. (insert link).**

CARRIED

P&R2205/05

Councillor McGuire requested his dissenting vote against the above motion be recorded.

Chief Executive's Business Plan

Agenda Item 6.4

The report was received [*P&R2205/02 refers*] and the following discussion was held:

- There had been high social media traffic and local concern regarding the closure of Telephone Road. Council was very much aware of the concern and were advocating on behalf of the community. Damage to tracks on this road had led to its closure and concrete blocks had been put in place to act as temporary barriers. There would be a meeting in early May with the Mayor, Waka Kotahi and Kiwi Rail to discuss progress. Council was working to ensure all parties were kept informed.
- Councillors requested an updated list of staff and their job titles (a working document via Google Documents was suggested if staff turnover continued to be high). Councillors were reminded to contact the relevant Executive Leadership Team member or General Manager as an initial point of contact.
- Solid Waste Review had been delayed this year due to the impact of staff losses and COVID-19. The team had been understaffed; thus, the work programme had been difficult to progress.

- Council was encouraging staff to return to work in the office (from 2 May 2022). Consequently, there was an emphasis on protocols regarding mask use, etc.
- One significant team had up to 45 percent of employees away with COVID-19 at one stage. Council was closely monitoring the impact of COVID-19 on staff/teams.
- Hearings of the District Licensing Agency and Regulatory Subcommittee could be held in person again. There had been challenges regarding new equipment for the chamber and its installation (e.g., availability of relevant staff/contractors).

ACTION: Councillors to email either the Executive Leadership Team with queries, or the Democracy Team, who could progress their queries via the correct ELT member.

EXCLUSION OF THE PUBLIC

Agenda Item 7

Resolved: (Crs Gibb/Lynch)

THAT the public be excluded from the following parts of the proceedings of this meeting.

The general subject of each matter to be considered while the public is excluded, the reason for passing this resolution in relation to each matter, and the specific grounds under section 48(1) of the Local Government Official Information and Meetings Act 1987 for the passing of this resolution are as follows:

General subject of each matter to be considered	Reason for passing this resolution in relation to each matter	Ground(s) under section 48(1) for the passing of this resolution
PEX I 2.1 Enabling Housing Supply Act: Appointment of Independent Hearing Panel Chair	Good reason to withhold exists under Section 6 or Section 7 Local Government Official Information and Meetings Act 1987	Section 48(1)(a)

This resolution is made in reliance on section 48(1)(a) of the Local Government Official Information and Meetings Act 1987 and the particular interest or interests protected by Section 6 or Section 7 of that Act which would be prejudiced by the holding of the whole or relevant part of the proceedings of the meeting in public, as follows:

Item No.	Section	Interest
Item PEX 1 Enabling Housing Supply Act: Appointment of Independent Hearing Panel Chair	7(2)(a)	To protect a person's privacy.

CARRIED**P&R2205/06**

Resolutions P&R2205/07 – P&R2205/09 are contained in the public excluded section of these minutes.

Having concluded the public excluded meeting, the following resolutions were released into the open section of the minutes (refer attachment PEX 2.1 to these minutes).

Enabling Housing Supply Act: Appointment of Independent Hearing Panel Chair
Agenda Item 2.1

It was resolved [Resolution No. P&R2205/08] during the public excluded section of the meeting that the following resolution be released into open meeting, but the report remained confidential and unavailable to the public:

“Resolved: (Crs Smith/Gibb)

THAT the Policy & Regulatory Committee:

- a. approves the recommendation to Council of the appointment of Mr Nigel Mark-Brown, Ms Vicki Morrison-Shaw and Mr Dave Serjeant as Independent Hearing Panel commissioners for the Intensification Instrument under the Resource Management (Enabling Housing Supply) Amendment Act 2021, noting that Ms Morrison-Shaw has been appointed to provide a tikanga Maaori perspective.*
- b. resolves to release the resolutions and report into the open meeting.”*

There being no further business the meeting was declared closed at 11.09am.

Minutes approved and confirmed this day of 2022.

To	Policy & Regulatory Committee
Report title	Chief Executive's Business Plan
Date:	24 May 2022
Report Author/ Authoriser:	Gavin Ion Chief Executive

1. Purpose of the report

Te Take moo te puurongo

To update/inform the Committee on progress covering 2021/2022 business plan items.

2. Executive summary

Whakaraapopotanga matua

The Chief Executive's Business Plan is a summary of progress on priority issues agreed by Councillors.

3. Staff recommendations

Tuutohu-aa-kaimahi

THAT the Chief Executive's Business Plan be received.

4. Background

Koorero whaimaarama

The Plan is a summary of progress on specific issues. It enables staff and Councillors to focus on the big issues and ensures that attention is given to those things of strategic importance.

The Plan is in line with the Chief Executive's Performance Agreement which was updated in June 2021 in preparation for the new financial year.

Whilst the plan is largely on track, some projects have been delayed by the impact of covid. This has come either through delays in getting resources or materials or contractors able to work or because staff have been diverted onto pandemic related activities.

Work is currently underway on developing a set of KPIs for the 2022/23 year.

5. Discussion Matapaki

This report contains the strategic issues that Council is focused on. The Chief Executive's Business Plan is aligned to the Chief Executive's Performance Agreement. The underpinning criteria is the council vision of "liveable, thriving and connected communities"

Iwi and Tangata Whenua have been, or will be consulted on at least some of the key projects or initiatives referred to in the report. Iwi are involved as a strategic partner of Council through our Joint Management Agreements and projects such as Raglan Wastewater Consent renewal process.

Iwi have been engaging in the waters management project, the Better Off funding assessment and with Council and central government through Future Proof.

The list of KPIs was updated in line with the Chief Executive's Performance Agreement Reports in June 2021.

A new list of KPIs is being developed for the 2022/23 financial year.

6. Attachments Ngaa taapirihanga

Attachment 1 – Chief Executive's KPI worksheet

Overarching Council Vision: “Liveable, Thriving and Connected Communities”**Staff & Wellbeing Vision: “Work Safe, Home Safe”**

Key project/priority	Key deliverables/KPIs		Progress	Final Achievement Met/Not Met
1. Delivery and achievement of LTP year 1 (covers normal business activities, financial and non-financial performance measures and the delivery of the annual work programme)	1.1	The 2021/2022 LTP Year 1 is delivered within the agreed budget, and in accordance with variations approved by Council. Provide regular updates to the Strategy & Finance Committee on progress.	The LTP was formally approved on 28 June. The work programmes are progressing. Regular updates are provided about progress with the capital programme and the impacts of covid on supply chains and availability of contractors.	
	1.2	<p>Capital Works</p> <p>a) Increasing the delivery of capital works with greater priority and focus being given to social/community related projects (e.g. agreed blueprint projects, parks, reserves, playground, public toilets).</p> <p>b) Explore how social procurement principles could be incorporated into the delivery of projects in future years, and report back on this by 31 December.</p>	<p>a) The Infrastructure and Waters Governance Board receive updates at each meeting on progress with capital works. Progress has been affected by covid lockdowns, supply change issues and difficulty in securing contractors.</p> <p>\$49.4 million worth of capital expenditure was delivered by the end of April 2022.</p> <p>b) Staff are starting to work with contractors around social procurement. As explained to Councillors recently, our tree contract features the involvement of Te Riu o Waikato and Te Ara Pai as part of embracing social procurement principles involving apprenticeships and traffic management. Our Climate Action Co-ordinator is now involved from a circular economy perspective. A presentation was provided to the JMA meeting with Waikato-Tainui about work that is being undertaken in this space.</p>	

Key project/priority	Key deliverables/KPIs		Progress	Final Achievement Met/Not Met
	1.3	Provide evidence (tangible examples) of alignment between the implementation of Council's work plan and the Council vision of Liveable, Thriving and Connected Communities.	<p>The LTP incorporates key elements of the vision such as blueprint projects.</p> <p>Codesign projects such as the Innovative Streets projects in Raglan and Te Kauwhata are now complete and at the stage of seeking public feedback over the next six months.</p>	
	1.4	Ensure the financial sustainability of Council, including staying within banking covenants and treasury policies.	There are currently no financial sustainability issues. The situation is being closely monitored as infrastructure requirements arise which may affect debt levels.	
2. To deliver the 2022-2023 Draft Annual Plan	2.1	The 2022-2023 Draft Annual Plan is complete by 30 June 2022.	Council has resolved not to consult on the Annual Plan for 2022/23 as changes from the original LTP budgets were immaterial.	
3. Facilitate a Council position on the Future of Local Government.	3.1	<p>a) A strategy paper on the Future of Local Government is prepared by 31 August and Council is fully briefed on the implications.</p> <p>b) In line with the strategy position paper, provide an update on organisational preparedness and any associated repurposing requirements, along with what changes would be required to future proof the Council by 31 October</p>	<p>a) A workshop was held with councillors prior to 31 August and the results were compiled (delayed by impacts of lockdown and other work). A paper was workshopped with Councillors in early November (informed by this workshop and other current available thinking) to generate discussion. This will shape actions such as submissions and council readiness in response to agreed strategy.</p> <p>b) Some initial thinking has begun on what skills and experience would be beneficial to help with the changing role of local government.</p> <p>This work is ongoing and is being used to factor into recruitment processes, training programmes and planning.</p> <p>As we work through this process, the alignment to the council vision, the four</p>	

Key project/priority	Key deliverables/KPIs		Progress	Final Achievement Met/Not Met
			<p>wellbeings and our internal Gearing for Growth and Greatness implementation plan is clear.</p>	
<p>4. Strategic Management & Delivery (key projects and priorities includes regional and national matters)</p>	<p>4.1</p>	<p>Hamilton to Auckland Corridor - At each performance review, demonstrate the role that the Chief Executive has played in advancing the opportunities for the Waikato District in relation to the Hamilton to Auckland Corridor e.g. objective feedback, tangible progress.</p>	<p>The draft Future Proof Strategy was consulted on and hearings held. Deliberations on the final strategy document has been undertaken during March-May with reporting back to councils in due course.</p> <p>The WDC submission developed by staff and approved by council, supports the Strategy but highlights the importance of bipartisan policy making at central government level on infrastructure projects of a regional and sub-regional significance.</p> <p>The Future Proof Chief Executives Advisory Group met on 4 November to consider the implications of the recently announced Enabling Housing Amendment Bill ('3 x 3' provisions which allow up to three housing units up to three stories high on a plot of land) by central government. The Waikato District Council Chief Executive indicated that clarity is required with regards to the application of the Housing Supply Bill especially since Ngāruawāhia is identified as part of Hamilton's Tier 1 urban environment. The Chief Executive supported the importance of a joint Future Proof submission to central government on the Bill on the understanding that the relevant issues related to WDC are incorporated and that a unified (Future Proof) submission would present a more powerful view to central government.</p>	

Key project/priority	Key deliverables/KPIs	Progress	Final Achievement Met/Not Met
		<p>The Chief Executive, as the sponsor of the Future Proof Transport Workstream, is providing leadership oversight on the work on the Hamilton-Waikato Metropolitan Spatial Plan Transport Programme Business Case. This Programme Business Case will recommend a prioritised programme of transport activities for more detailed investigation, and which best achieve the goals and objectives of the HWMSP. A WDC councillor workshop on this project was held on 13 October at which there was endorsement of the methodology. It was also noted that it is important for the elected members from all the partner councils to be comfortable and understand the rationale for the long list and short list options when these have been developed and that this process should not be rushed just to meet tight deadlines.</p> <p>The Chief Executive is also on the Project Control Group of the Hamilton-Waikato Metropolitan Wastewater Programme Business Cases (one for the north and one for the south). The business cases are important components of supporting the land use footprint identified in the Hamilton to Auckland Corridor Plan and the Hamilton Waikato Metro Spatial Plan (HWMSP) and a key component of the integration of strategic land use and infrastructure planning. The Southern HWMSP Wastewater Programme Business Case was approved by the Governance Group in April. The Northern HWMSP Wastewater</p>	

Key project/priority	Key deliverables/KPIs		Progress	Final Achievement Met/Not Met
			Programme Business Case is expected to be finalised by June 2022.	
	4.2	Play an active role in Local Government Reform of 3 Waters seeking opportunities to build on the investment Council has already made.	<p>The Waters Governance Board remain connected to this work.</p> <p>We are a participant in the Entity B cluster at a staff level and have been working with a group of Mayors around the case for change in the specified area.</p> <p>Several workshops and a discussion regarding feedback to the Entity B steering group has already been undertaken. The Extraordinary Council meeting on 28 September approved feedback to be provided to the Department of Internal Affairs. This is not a decision point.</p> <p>The Waters Governance Board and the Mayor had a zoom meeting with Minister Mahuta to discuss aspects of the reform process.</p> <p>Staff are responding to extensive requests from the Department of Internal Affairs in relation to transition to Entity B. It appears that the Department of Internal Affairs are seeking a high level of assurance regarding the Entities being fully functioning from 1 July 2024.</p>	
	4.3	<p>By 30 June:</p> <p>a) Advance Phase 2 of the Solid Waste Review to enable the Ultimate Service State and associated strategy and action plan.</p> <p>b) To provide alternative arrangements/facilities for inorganic waste management in</p>	Due to COVID restrictions and staff changes within the Solid Waste team, little progress has been made since the last update. The main priority at present is to re-build the Solid Waste Team, keep connected with central government initiatives, establish the Huntly recycling plant on Rotowaro Road, progress the Bollard Road resource recovery centre	

Key project/priority	Key deliverables/KPIs		Progress	Final Achievement Met/Not Met
		the community.	feasibility works and implement the Raglan Foodwaste targeted rate.	
5. Partnerships and Relationships (includes relationships with central government, Waka Kotahi, Iwi and the Waikato District Alliance)	5.1	<p>a) Provide evidence of initiatives, collaboration and engagement with Iwi, including the key outcomes achieved.</p> <p>b) Demonstrate progress on delivering the Waikato-Tainui JMA workplan.</p>	<p>a) Staff are working with Department of Conservation, mana whenua and Waikato-Tainui regarding the return of Te Paina to Iwi.</p> <p>Discussions have also started with mana whenua about the future ownership of the Raglan airfield.</p> <p>b) The staff of the two organisations are working together to update progress. A new draft workplan has been developed for discussion with the Committee.</p>	
	5.2	Waka Kotahi – Provide regular updates on how the relationship with Waka Kotahi is developing, with particular emphasis on the benefits to Waikato District.	<ul style="list-style-type: none"> ▪ The Chief Executive has brokered discussions between staff, Waikato Regional Council and Waka Kotahi to work on resolving the Sleepyhead appeal. ▪ Positive discussions have been held regarding revocation arising from the completion of the Waikato Expressway. Waka Kotahi will come back in response. Discussions are ongoing about the Telephone Road rail crossing. 	
	5.3	Waikato District Alliance – Undertake an efficiency and quality review of the Alliance arrangement with recommendations for improvements by 31 December.	The Infrastructure Committee considered a report in December which met this KPI and provided information about how the arrangement has been improved.	
	5.4	Central Government – Provide evidence at each performance review of the impact the Chief Executive has made in building	Engagement with Kainga Ora and Ministry of Housing and Urban Development is happening more regularly. This is aimed at assisting	

Key project/priority	Key deliverables/KPIs		Progress	Final Achievement Met/Not Met
		relationships with central government that are related to Council's future strategies and delivery aspirations.	<p>progress with planned growth.</p> <p>The Chief Executive was also involved in the Waikato Housing Initiative discussion with Minister Megan Woods about a housing programme for the Waikato region.</p> <p>Connections with many government departments and agencies have been established by the Chief Executive through the Regional Leadership Group.</p>	
6. Staff and Culture (including leadership, engagement and retention)	6.1	Outline what initiatives have been undertaken to strengthen the internal culture and leadership of the organisation and provide supporting information on the impact of these initiatives.	<p>A new Pay, Performance and Recognition strategy has been developed in conjunction with staff.</p> <p>The Takitaki leadership programme to develop 21 of our leaders was completed in November 2021 (delayed by the impacts of Covid-19). A second cohort commenced in February. A key component of this programme is widening thinking and preparation for changes that might arise through the Future for Local Government work.</p> <p>The Executive Leadership Team connected with the alumni from our 2021 Takitaki programme. This was the first of a number of engagements which will develop depth and breadth of leadership in the organisation.</p> <p>Staff and People Leaders have undertaken training and coaching.</p> <p>A group of 30 Change Agents have been appointed to support our on-going change journey to deliver the Council vision.</p> <p>A course has commenced for our ELT and Senior Managers around crisis management.</p>	

Key project/priority	Key deliverables/KPIs		Progress	Final Achievement Met/Not Met
			<p>This builds on our civil defence and incident management work but also focuses on leadership during a crisis.</p> <p>The debate regarding our staff vaccine policy has impacted on culture as was outlined that it would. The issue divided staff even if they support the intent of the policy. We heard from a range of people including those who support vaccination but also the right of the individual to choose.</p>	
	6.2	<p>Demonstrate progress in relation to how diversity and inclusion is being embraced by the organisation. This includes how the opportunity is developing, is being kept alive by behaviours and practices and broadening the perspective of staff.</p>	<p>The celebration of Matariki within the organisation and through our libraries are examples.</p> <p>Te Reo and Te Tiriti o Waitangi classes have been held. A second term of Te Reo classes has just started.</p> <p>The Takitaki programme runs a session on diversity and inclusion as a prelude to wider engagement on this matter.</p>	
7. Zero Harm (Work Safe, Home Safe)	7.1	<p>Lead initiatives that clearly demonstrate progress towards safety leadership in the way the organisation operates.</p>	<p>A recent review of our solid waste contract documentation has pushed a safety leadership rather than compliance lens.</p> <p>Our covid response has been based on safety leadership principles to deliver a safer workplace. It has highlighted the need to focus on health, safety, and wellbeing.</p>	
	7.2	<p>Complete the Strategic Plan work for 2021/2022 by 30 June 2022.</p>	<p>The Plan has been set and work is underway to deliver the various initiatives.</p> <p>With covid in our community, resources have been diverted to support this issue.</p>	
8. Climate Action	8.1	<p>Give effect to the goals identified in the Climate Action Plan this financial year and provide updates</p>		

Key project/priority	Key deliverables/KPIs	Progress	Final Achievement Met/Not Met
	<p>on progress.</p> <p>a) Report to the Strategy and Finance Committee about actions to be undertaken under the Climate Action Plan by 30 September.</p> <p>b) Provide regular updates on progress with the scheduled actions.</p>	<p>a) Work has commenced on the planned actions for this year building on the initiatives identified in the Climate Action Plan.</p> <p>b) A report on progress was presented to the Strategy & Finance Committee in September. A Climate Action Co-ordinator has been employed and commenced during September. Good progress is being made in reviewing emission targets and in linking into internal work programmes. An example is the reshaping of the vehicle fleet.</p>	

Footnote:

1. The Chief Executive has agreed to deliver KPIs, subject to any changes due to Council's change of direction on any of the KPIs, in which case such changes would be taken into account. Delivery will also be subject to factors within the control of the Chief Executive e.g. a delay in receiving materials for capital works due to Covid-19 would be outside the control of the Chief Executive.

To	Policy and Regulatory Committee
Report title	June Update on Policy and Bylaw Review Programme
Date:	16 May 2022
Report Author:	Melissa Russo, Corporate Planning Team Leader Anthea Sayer, Policy Advisor
Authorised by:	Jim Ebenhoh Acting General Manager Community Growth

1. Purpose of the report

Te Take moo te puurongo

To update the Policy and Regulatory Committee on progress made on the Policy and Bylaw Review Programme since the previous report in May 2022.

2. Executive summary

Whakaraapopotanga matua

Staff have worked on updating several bylaws and policies since May 2022 including the Local Alcohol Policy.

Reviews of the Public Places, Reserves and Beaches, Cemeteries, and Trade Waste and Wastewater bylaws have commenced and are varying stages in the review process. Details of where each bylaw is at in the review process is detailed in attachment 1.

3. Staff recommendations

Tuutohu-aa-kaimahi

THAT the June Update on the Policy and Bylaw Review Programme be received.

4. Discussion Matapaki

Progress made

Policies and bylaws are key decision-making and regulatory monitoring documents. They need to be kept up to date so any decision or enforcement action using the bylaw or policy that is taken by Council is appropriate and consistent.

The following bylaws and policies have had work carried out on them since May 2022:

Document	Update
Bylaws	
Speed Limits Bylaw	The bylaw was adopted at the May Council meeting.
Livestock Movement Bylaw and related policies	Hearings and deliberations on the bylaw and related policies took place on 4 April 2022. A paper will go to the June Policy and Regulatory Committee meeting recommending Council adopts the bylaw and policies.
Trade Waste and Wastewater Bylaw	The review of the Trade Waste and Wastewater Bylaw has commenced. A workshop took place on 3 May and early engagement has commenced.
Public Places Bylaw	A review of the Public Places Bylaw is in the very early stages. This will be reviewed alongside the Reserves and Beaches Bylaw.
Reserves and Beaches Bylaw	A review of the Reserves and Beaches Bylaw is in the very early stages. This will be reviewed alongside the Public Places Bylaw.
Cemeteries Bylaw	A review of the Cemeteries Bylaw is in the very early stages.
Policies	
Local Alcohol Policy 2016	After the May workshop, a decision was made to undertake early engagement with the community to understand their views on the number of bottle stores in the district. Research work is also being undertaken on the issues with alcohol in the district i.e. health and crime impacts.
Road Closure for Motor Sport Events Policy 2012	A light review of this policy took place with only minor changes proposed. However, staff have decided to not progress the policy review and instead wait for the Events Strategy and Policy to be developed before undertaking a comprehensive review. The Events Strategy/Policy will not be started until the next Triennium. The current policy is fit for purpose in terms of upcoming motor sport events.

Further details on the bylaw and policy review programme are provided in the attachments to this report.

The review timings noted in the attachments are an estimate only. If the Committee would like to see the review of a policy or bylaw fast-tracked, then direction for staff is requested

so that other reviews can be re-prioritised or delayed. This is to ensure resourcing in the Corporate Planning team, as well as from subject matter experts is allocated to meet any re-prioritisation.

Policies

Council has several policies that relate to a broad range of acts. These policies cover a variety of activities and while some are on legislated review cycles, policies not required by legislation are intended to be reviewed every three to five years or as required. Policies that are required by legislation are given higher priority than those that are not.

Bylaws

Under section 156 of the Local Government Act 2002 (LGA), bylaws must be reviewed five years after they are made and every 10 years thereafter. The LGA allows bylaws to remain in force for two years after their review period (i.e. years six and seven after the first review and years 11 and 12 thereafter).

Review Process

The process of review often starts with discussion in a Council workshop to identify any issues or improvements related to the policy or bylaw. Once these have been discussed and considered by Council, staff will work through these and produce a report seeking consultation approval from the Policy and Regulatory Committee.

Consultation then occurs, as appropriate, under s.82 or s.83 of the LGA. The results of the consultation are presented to the Committee who can request further changes or corrections to the policy or bylaw in response to submissions. The Committee may recommend that Council formally adopts the policy or bylaw. The adopted policy or bylaw is publicly notified and the review is complete. The whole process can take anywhere from eight to 18 months depending on the complexities of the document and related issues.

A review may be triggered by a legislated review period or change in legislation, a political driver or an issue having been identified that requires an amendment.

5. Attachments **Ngaa taapirihanga**

Attachment 1 – Register of bylaws

Attachment 2 – Register of policies

Bylaw Review programme

Bylaw	Status	Priority	Full Review Date	Bylaw Revoked (full review + 2 years)	P&R to approve draft for consultation	Consultation	P&R to recommend adoption	Progress made at June 2023	Comments
Livestock Movement Bylaw	New	1	N/A	N/A	July 2021	October 2021	June 2022	A hearing and deliberations were held on 4 April. Staff are making the changes as discussed and the Bylaw will be presented to the Policy and Regulatory Committee in June recommending Council adopt at the end of June meeting.	The Livestock Movement Policy and the Stock Underpass Policy is also reviewed concurrently with the bylaw.
Public Places Bylaw	2 year grace period	2	2021	2023	TBC			Initial discussions have been held to commence this bylaw review.	Will be reviewed alongside the Reserves and Beaches Bylaw. Staff anticipate anti-social driving provisions will be addressed through this bylaw review.
Reserves and Beaches Bylaw	2 year grace period	3	2021	2023	TBC			Initial discussions have been held to commence this bylaw review.	Will be reviewed alongside the Public Places Bylaw.
Cemeteries Bylaw	2 year grace period	4	2021	2023	TBC			A workshop is planned for 14 June to seek initial feedback from Council.	
Trade Waste and Wastewater Bylaw	2 year grace period	5	2021	2023	TBC			A workshop was held in May and feedback is currently being sought through an early engagement process.	
Freedom Camping Bylaw	2 year grace period	6	2021	2023					Work has not yet started on this bylaw review. Awaiting direction following MBIE's consultation regarding 'Supporting Sustainable Freedom Camping Aotearoa New Zealand.'
Keeping of Animals Bylaw	Current	7	2031	2033					
Water Supply Bylaw	Current	8	2031	2033					
Waste Management and Minimisation Bylaw	New	9	N/A	N/A	February 2022	February 2022	April 2022	With the Government Draft Waste Reduction Plan out for consultation, the development of the Waste Management and Minimisation Bylaw has been put on hold.	Developing a bylaw is one of the action points included in the Waste Management and Minimisation Plan.
Alcohol Control Bylaw	Current	10	2025	2027					
Stormwater Bylaw	Current	11	2026	2028					
Dog Control Bylaw	2 year grace period	12	2027	2029	October 2021	December 2021	March 2022	The Dog Control Bylaw was adopted by Council at their meeting on 11 April 2022.	Dog Control Policy must be reviewed at the same time (s.10AA Dog Control Act).
Speed Limit Bylaw	Expired	13	2016	2018	September 2021	December 2021	May 2022	The Speed Limit Bylaw was adopted by Council on 23 May.	Section 6 of the Land Transport (Speed Limits Validation and Other Matters) Act 2015 validates the Speed Limits Bylaw i.e., this bylaw can expire but cannot lapse

To	Policy & Regulatory Committee
Report title	Revocation of Policies
Date:	14 June 2022
Report Author:	Anthea Sayer, Policy Advisor
Authorised by:	Jim Ebenhoh, Acting General Manager Community Growth

1. Purpose of the report

Te Take moo te puurongo

To recommend to Council that the policies listed below be revoked with immediate effect:

- Control of Business Advertising Signs/Displays in Public Places Policy 1998
- District Minor Improvement Programme Policy 2011
- Lump Sum Payment Policy (Rates) 2004.

2. Executive summary

Whakaraapopotanga matua

Staff seek approval to revoke the following policies:

- Control of Business Advertising Signs/Displays in Public Places Policy 1998
- District Minor Improvement Programme Policy 2011
- Lump Sum Payment Policy (Rates) 2004.

Policies are key decision-making documents and therefore need to be kept up to date to ensure that decisions being made are appropriate and consistent. The policies identified are no longer required as they have either been superseded by other documents or are deemed out-of-date and unnecessary.

3. Staff recommendations Tuutohu-aa-kaimahi

THAT the Policy and Regulatory Committee recommends to Council that the policies listed below be revoked with immediate effect:

- a. of Business Advertising Signs/Displays in Public Places Policy 1998
- b. District Minor Improvement Programme Policy 2011
- c. Lump Sum Payment Policy (Rates) 2004.

4. Background Koorero whaimaarama

Council currently has 55 governance policies of which three are overdue for review and 23 are under review. Best practice is that policies be reviewed every three years. However, to progress the policy review programme, policies will be reviewed at five-yearly intervals until three-yearly intervals become more manageable.

5. Discussion and analysis Taataritanga me ngaa tohutohu

Work is progressing on Council's policy review programme. Three policies have been identified as being able to be revoked because they have been superseded by another document or are no longer in use.

A summary of each policy is noted below along with the reasons for revocation.

Control of Business Advertising Signs/Displays in Public Places Policy 1998

This is an ex-Franklin District Council policy dating back to 1998. It hasn't been reviewed since. The contents of this policy are covered by the Public Places Bylaw meaning this policy is now not necessary.

District Minor Improvement Programme Policy 2011

There is no longer a District Wide Minor Improvement Fund as it has been replaced with the Community Aspirations & Blueprints (CAB) budget for Blueprint initiatives.

Lump Sum Payment Policy (Rates) 2004

The policy is an old FDC policy that is now covered by the lump sum payments policy wording contained within the Long Term Plan and Annual Plan Funding Impact Statements.

5.1 Options Ngaa koowhiringa

Staff have assessed that there are two reasonable and viable options for the Committee to consider. This assessment reflects the level of significance (see paragraph 6.1). The options are set out below.

Staff recommend option one.

Option 1 - Revoke the policies

The policies included are no longer required as they have either been superseded by another document or deemed to be out of date.

Option 2 - Retain the policies

The policies included could be retained, however all are currently out of date and are no longer in use or have been superseded.

5.2 Financial considerations

Whaiwhakaaro puutea

There are no material financial considerations associated with the recommendations of this report.

5.3 Legal considerations

Whaiwhakaaro-aa-ture

Staff confirm that the preferred option complies with the Council's legal and policy requirements.

5.4 Strategy and policy considerations

Whaiwhakaaro whakamaaherehere kaupapa here

The report and recommendations are consistent with the Council's policies, plans and prior decisions.

5.5 Maaori and cultural considerations

Whaiwhakaaro Maaori me oona tikanga

There are no impacts on Maaori or other material cultural issues resulting from the revocation of these policies.

5.6 Climate response and resilience considerations

Whaiwhakaaro-aa-taiao

The matters in this report have no known impact on climate change or resilience for the Council.

5.7 Risks Tuuraru

There are no risks associated with this decision. Any risk around the policies still being required after revocation has been mitigated by discussing the status of these policies with subject matter experts and group managers to ensure they are out of date and no longer used.

6. Significance and engagement assessment Aromatawai paahekoheko

6.1 Significance Te Hiranga

The decisions and matters of this report are assessed as of low significance, in accordance with the Council's [Significance and Engagement Policy](#).

7. Next steps

Ahu whakamua

If Elected Members agree to the revocation of these policies, they will be removed from the policy register and relevant staff informed of the decision.

8. Confirmation of statutory compliance

Te Whakatuuturutanga aa-ture

As required by the Local Government Act 2002, staff confirm the following:

The report fits with Council's role and Committee's Terms of Reference and Delegations. Confirmed

The report contains sufficient information about all reasonably practicable options identified and assessed in terms of their advantages and disadvantages (*Section 5.1*). Confirmed

Staff assessment of the level of significance of the issues in the report after consideration of the Council's Significance and Engagement Policy (*Section 6.1*). Low

The report contains adequate consideration of the views and preferences of affected and interested persons taking account of any proposed or previous community engagement and assessed level of significance (*Section 6.2*). Confirmed

The report considers impact on Maaori (*Section 5.5*) Confirmed

The report and recommendations are consistent with Council's plans and policies (*Section 5.4*). Confirmed

The report and recommendations comply with Council's legal duties and responsibilities (*Section 5.3*). Confirmed

9. Attachments

Ngaa taapirihanga

Attachment 1 – Control of Business Advertising Signs/Displays in Public Places Policy 1998

Attachment 2 – District Minor Improvement Programme Policy 2011

Attachment 3 – Lump Sum Payments Policy (Rates) 2004

D8.2 Control of Business Advertising Signs/Displays in Public Places

That dispensation from the Public Places Bylaws to use the District's footpaths for business and display purposes be granted only when the following conditions can be met:

1. pedestrian and wheelchair flow and safety will not be adversely affected
2. access to adjoining businesses will not be impeded
3. the use (either individually or cumulatively) will not detract from the visual environment
4. traffic safety will not be jeopardised
5. litter will be controlled
6. displayed material complies with all Acts and Regulations
7. no liability will rest with Council
8. reserves and gardens will not be affected.

That dispensation from the Bylaws does not imply consent for any other activity.

That the dispensation be granted at the pleasure of Council and may be withdrawn at any time.

P/1996/12/7, 1997/8/17, 1998/2/23

DISTRICT MINOR IMPROVEMENT PROGRAMME POLICY

WDC1103/05/1/2

Purpose

To update the policy on how the District Improvement Programme should be allocated and projects prioritised.

Objectives

The overall objectives of funds allocated for the District Minor Improvement Programme are:

- To lift the overall standard of our villages over time.
- To improve the look and facilities in our towns.
- To focus on smaller projects.
- To ensure that, with the exception of the main towns, all communities in the District have the opportunity to have projects considered for funding.
- To develop a floating line to assist with prioritisation.
- To establish guidelines to rank projects.
- To bring infrastructure in villages up to the minimum Council standards.

Conditions

The conditions for this policy are:

- The District Minor Improvement Programme is available for operating and capital projects.
- The maximum cost of any project is \$50,000 from this fund, but may be supplemented by other funding sources.
- The Fund is to be used to undertake work on an annual basis. Funding is not to be accumulated or for borrowing purposes.
- The Roading & Transport Committee will administer the Fund. This will include allocation and prioritisation of projects and management of the floating line.
- The programme will be set for a maximum period of three years and will be subject to a review in November each year.

Guidelines

Projects will be prioritised based on the following:

- The local community must support projects. The views of Community Boards and Community Committees will be sought where applicable.
- Projects should support one or more community outcomes.
- Projects will normally be within the road reserve.
- The fund is not available for works in the main towns of Tuakau, Ngaruawahia, Huntly and Raglan.
- Projects will generally relate to public land only.

GI.9 Lump Sum Payment Policy

Background

This policy was required to be made due to the replacement of the Rating Powers Act 1988 (RPA) with the Local Government (Rating) Act 2002 (LGRA). The powers to allow ratepayers to make a lump sum payment of their share of a loan funded project was very much prescribed under the RPA, but in the LGRA the powers are more flexible. This policy offers ratepayers the option of making one lump sum payment at any point in time during the term of a loan, for a loan funded project. As with previous policy, any lump sum payment will be required to repay the property's share of the outstanding loan balance in full.

Statutory

Section 56(1) of the LGRA states:

A local authority may adopt a policy for the payment of rates in anticipation of rates for subsequent financial years.

Policy

Objectives of the Policy

- To facilitate the early repayment of loan rate liabilities that from time to time occur for specific Council works
- To offer a more flexible payment option to ratepayers within special loan areas
- To minimise future rate liabilities by collecting future debt early.

Conditions and Criteria

2. The policy will apply only to those rating unit's that meet the following criteria:

- Are within a targeted rating area which is liable for payment of a targeted rate specifically for the repayment of a loan raised for a specified function or functions; and
- The Council has determined that for that specific targeted loan rate that it will accept a lump sum payment.

3. Any lump sum payment made under 1) above must be made for the entire remaining loan balance outstanding as at time of payment, of the rating unit's share. The rating unit's share is determined as follows:

Total principal balance of the loan outstanding (which is net of any sinking fund/repayment fund) as at 30 June of the current rating year; divided by the number of remaining loan rate properties (those rating units that have not paid the lump sum) within the targeted loan rate area as at 1 July of the current rating year.

4. The following criteria will apply in the case of subdivision of a property where:

- A lump sum payment has been made in respect of any rating unit; and
- That property subsequently becomes 2 or more rating units, by way of subdivision or otherwise,

the lump sum payment shall be deemed to have been made in respect of all resulting rating units and they shall not be liable for the targeted fixed loan rate.

5. Nothing in 2) above shall apply in any case where lump sum payments have been calculated in accordance with the proportionate shares payable in respect of rating units of a targeted rate on the valuations or areas of properties.
6. Where a Lump Sum payment has been made according to this Policy Council will not refund the payment in whole or part. The Lump Sum payment is applied against the property not the ratepayer and any such payment serves to extinguish any further liability for payment of rates with respect to expenditure incurred in relation to the existing loan.
7. All applications to this policy must be made in writing.
8. This policy came into force on 1 July 2003.

I. Policy on the Remission and Postponement of Rates on Maori Freehold Land

Definitions

Maori freehold land – means land whose beneficial ownership has been determined by the Maori Land Court by freehold order.

Maori freehold land in multiple ownership – means Maori freehold land owned by more than 2 persons.

Background

This policy was required to be made due to the replacement of the Rating Powers Act 1988 (RPA) with the Local Government (Rating) Act 2002 (LGRA).

This policy does not affect the rights contained in the LGRA that continue to be available with respect to Maori freehold land that is in multiple ownership to the extent the land is not being inhabited (the details of which are available under Part 4 of the LGRA).

In addition certain categories of Maori land under Schedule I of the LGRA are not rateable. Those categories include:

- Maori customary land.
- Land that is set apart under section 338 of Te Ture Whenua Maori Act 1993 or any corresponding former provision of that Act and
 - that is used for the purposes of a marae or meeting place and that does not exceed 2 hectares; or
 - that is a Maori reservation under section 340 of that Act
- Maori freehold land that does not exceed 2 hectares and on which a Maori meeting house is erected.

Generally the rates relief available under statute (mentioned above) has not changed for Maori land.

Statutory

Section 102(4)(f) of the Local Government Act 2002 (LGA) states:

A local authority must adopt a policy on the remission and postponement of rates on Maori freehold land.

Section 108 of the LGA provides that in determining its policy the local authority must consider the matters in Schedule 11 of the LGA. However, it also makes it clear that such a policy need not actually provide for remission and/or postponement of rates.

Policy

Council, after considering the matters and objectives contained in Schedule 11 of the LGA and other matters, resolved not to provide for remission and/or postponement of rates on Maori freehold land at this time.

This policy came into force on 1 July 2004.

To	Policy & Regulatory Committee
Report title	Adoption of the Proposed Livestock Movement Bylaw 2022
Date:	14 June 2022
Report Author:	Hannah Beaven, Corporate Planner Ross Bayer, Team Leader Roding
Authorised by:	Roger MacCulloch, General Manager Service Delivery

1. Purpose of the report

Te Take moo te puurongo

For the Policy and Regulatory Committee (Committee) to recommend to Council to adopt the Livestock Movement Bylaw 2022 (Bylaw).

2. Executive summary

Whakaraapopototanga matua

The proposed Bylaw (Attachment 1) regulates the controlled movement of livestock on or across Council's roads. The Bylaw was consulted on between 20 September 2021 and 29 November 2021. 15 submissions were received, and five submitters spoke at a hearing on 4 April 2022.

The majority of submissions (53%) supported the Bylaw or supported in part. Following Committee deliberations on 4 April 2022, a number of changes have been made to the Bylaw. These changes include:

1. Removing the 16-year-old minimum age of a competent person when moving stock across roads.
2. Specifying that 'excessive' stock excrement is as judged appropriate by Council's authorised officers.
3. Removing the maximum driving distance of 400m to move livestock across or along public roads.
4. Noting that farmers can purchase their own signs for stock crossings, if these align with Council standards, but installations and locations are to be signed off by Council.

5. New clause noting that any person who fails to comply with the requirements of the Bylaw commits an offence and may be liable to a penalty under the Local Government Act 2002 or Land Transport Act 1998.
6. Changes to the decision-making matrix to identify that the speed limits within description of the roads are only 'typically' the indicated speed limit and noting that the Road Hierarchy of roads (as outlined in Attachment 6) may change if the speed limit or number of vehicles using a road increase or decreases significantly.

Staff recommend the Bylaw is adopted, and three existing policies (Stock Underpasses – Financial Assistance Policy 2002, Livestock Movement Policy 2011 and Stock Underpass Policy 2006) are revoked. The decisions and matters of this report are assessed as of moderate significance, in accordance with Council's Significance and Engagement Policy.

3. Staff recommendations

Tuutohu-aa-kaimahi

THAT the Policy and Regulatory Committee:

- a. notes that the changes have been made to the Livestock Movement Bylaw 2022 (track changes) (Attachment 1) and Livestock Movement Bylaw (no track changes) (Attachment 2), as directed by the Committee on 4 April 2022;**
 - b. recommends to Council that Council reaffirms, in accordance with section 155 of the Local Government Act 2002, a bylaw is the most appropriate way of addressing the perceived problem;**
 - c. recommends to Council that Council determines that, in accordance with section 155 of the Local Government Act 2002**
 - i. the proposed bylaw is the most appropriate form of bylaw; and**
 - ii. the bylaw does not give rise to any implications under the New Zealand Bill of Rights Act 1990**
 - d. recommends to Council that the Livestock Movement Bylaw 2022 (Attachment 2) be adopted; and recommends to Council that the policies listed below be revoked with immediate effect:**
 - i. 'Stock Underpasses – Financial Assistance Policy 2002' (Attachment 3)**
 - ii. 'Livestock Movement Policy 2011' (Attachment 4)**
 - iii. 'Stock Underpass Policy 2006 (Attachment 5).**
-

4. Background

Koorero whaimaarama

Proposed Livestock Movement Bylaw

The proposed Bylaw was approved for consultation by the Committee on 1 September 2021. Public consultation was undertaken from 20 September to 29 November 2021.

The Bylaw (Attachment 1) regulates the controlled movement of livestock on or across Council's roads. The purpose of the Bylaw is to:

- a) Ensure the safety of road users, persons moving livestock and the livestock; and
- b) Protect the structure and surface for roads.

Within rural areas of the Waikato District, livestock are moved using roads as part of the everyday operations of some farms. This activity has the potential to cause nuisance and adversely affect the safety of road users, and efficiency and structure (surface of roads) of the road network. This issue is addressed by the proposed Bylaw, which sets our rules for how to move livestock safely.

Two types of permits are covered by the Bylaw:

- Livestock Moving Permit – when stock are moved down roads, and;
- Livestock Crossing Permit – when stock are moved across roads between gates, generally opposite each other or a maximum distance of 100 meters from each other.

The Bylaw also includes Council's policy for subsidising of stock underpasses.

Permitted, restricted and prohibited roads

The Bylaw outlines when the movement of livestock is prohibited, permitted, or required to obtain a Council permit.

The movement of Livestock along or across roads is proposed to be:

1. Prohibited:
 - Main streets and local streets;
 - In any Urban Area;
 - On any National, Regional and Arterial Road;
 - On any other road, public reserve or public place that Council may restrict from time to time; and
 - If the livestock can be moved across private land.
2. Allowed (no permit required) on Unsealed and Sealed Rural Roads, subject to safety conditions and number of days stock are crossing on average per year.
3. Permits are required for moving stock along or across Urban Collector Road and Rural Collector Roads, depending on the number of days stock are crossing on average per year.

5. Discussion and analysis

Taataritanga me ngaa tohutohu

15 submissions were received on the proposed Bylaw. The Committee [heard](#) from five submitters and deliberated on the proposed Bylaw on 4 April 2011.

Changes to the proposed Bylaw

Following deliberations and feedback from submitters, a number of changes have been made to the Bylaw.

1. Age of competent person

Refer to Appendix 2, 'Conditions for Livestock Crossing Permits', Point 7.

The Bylaw required that 'At least one competent person (16 years of age or older) shall be present at all times while livestock are using the crossing'. This was a permit requirement for those moving stock directly across a road (such as between two gates). By comparison, there is no age limit for persons moving stock along or down roads within the Bylaw.

The Committee decided to remove the proposed minimum age for moving stock across roads. This was because the Bylaw already requires a person moving stock to be competent, which means a person who has sufficient knowledge and skills from experience or training.

A definition of 'competent person' has now been included within the Bylaw. This means 'any person who can consistently demonstrate sufficient knowledge and skills from experience or training, for the type of work in which a person is undertaking'. The Bylaw also specifies that the requirements of the Health and Safety at Work Act 2015 shall be met at all times.

2. Defining 'excessive' stock excrement

Refer to 4.0 Definitions.

The Bylaw requires excessive stock excrement to be removed when stock are moved across or on roads. One submitter (3596) noted it was difficult to determine what 'excessive' vs non-excessive stock excrement is.

The Committee decided to retain the rule requiring excessive stock excrement to be removed by those moving stock. It was also requested to include photos of excessive vs non-excessive stock excrement situations as part of the Bylaw.

The Roding Team have reviewed photos of excessive stock excrement situations in the Waikato District. Staff propose to not include explanatory pictures because the enforcement staff have found photos do not show the level of excrement appropriately.

Staff propose to specify that 'excessive' stock excrement is as judged appropriate by Council authorised officers. A definition has been included with the Bylaw.

3. Maximum distance for driving stock down roads.

Refer to Appendix 2, 'Conditions for Livestock Moving Permits', Point 11.

The Bylaw noted the maximum distance stock are driven along a public road must not exceed 400 metres. This clause was considered an unreasonable requirement by submitters and has been deleted, as agreed by the Committee.

4. Signs for stock crossings

Refer to Appendix 2, 'Conditions for Livestock Crossing Permits', Point 4.

The Bylaw has rules for signage for when stock is moved across roads, listed in Appendix 2 'Conditions for Livestock Crossing Permits', Clause 3. These were:

- Temporary warning signs are required to be used when stock cross roads.
-

- All signage must be approved by Council.
- Council will arrange for signs to be installed on behalf of the permit holder.
- A subsidy is available for approved signage.
- Correct use and maintenance of the signs is the responsibility of the permit holder.

The Committee indicated that farmers should be able to purchase their own signs, if these align with Council's standards, but installations signed off by Council staff. Changes have been made to the Bylaw to reflect this decision.

5. Permit timeframes

Refer to Clause 9.5.

The Bylaw specifies how long a permit for a Livestock Crossing Permit and Livestock Moving permit can be issued for. Council has discretion to issue a permit for between one and five years.

The Committee indicated that the permit should generally be provided for five years, unless there is good reason not to. No change has been made to the Bylaw.

6. Subsidy for stock underpasses

Refer to Appendix Four 'Livestock Crossing Policy and Clause 8.5.

Appendix Four 'Livestock Crossing Policy' includes Council's policy for subsidising stock underpasses. Farmers will be required to construct stock underpasses if stock crossings are not appropriate, as determined by the Bylaw.

The policy notes that Council may contribute up to 25 per cent of the cost of constructing the stock crossing, for roads with 500 or higher average traffic volume per day. Provision of funding is at Council's discretion and is subject to funding being available.

From 1 July 2024, funds of approximately \$120,000 per financial year are currently allocated in Council's 2021/31 Long Term Plan for the construction of stock underpasses. Prior to this time, the Roding team would consider applications on a case-by-case basis and seek funding from Council if required. In the past three years, Council has received no applications to contribute to the cost of constructing of stock underpasses. This could increase with the adoption of the Bylaw.

The Committee discussed concerns about the Bylaw requiring a stock underpass to be constructed if it was not practical or highly expensive. Staff propose to maintain the current rules as the Bylaw sets out criteria for when stock underpasses are or are not required, depending on the type of road, traffic volume and sight distances. Council can issue a permit outside of these requirements if the proposed crossing (Clause 8.5):

- a) is located on a no exit road; or
 - b) located in Aka Aka drainage district, where the installation of an underpass is impractical or prohibitively expensive (This is due to foundation issues associated with this district which could significantly increase construction costs); or
 - c) located on a main street or local street, provided other criteria are met.
-

7. Offences and penalties

Refer to Clause 16.2.

The Bylaw includes a new clause based on submitter feedback to specify that any person who fails to comply with the requirements of the Bylaw commits an offence and may be liable to a penalty under the Local Government Act 2002 or Land Transport Act 1998. This means Council can elect which legislation to enforce under.

8. Process of evaluating new permit applications or renewing existing permits

Refer to Appendix 3, Table 1.

Changes have also been made to Appendix 3, Table 1: Assessing permit application requirements, proposed by staff. The heading has been amended to 'Number of days stock crossing or moving per week, averaged through the year', as requested by submitters.

The descriptions of Road Hierarchy have also been amended so that roads are described as '*typically* above the specified speed limit'. The speed limits within the descriptions of the Road Hierarchy are generally correct, however, in some cases there are roads (for example, rural roads), that have higher or lower speed limits than specified in the table.

The table also includes a note that the road type within Schedule 1 may be subject to change if the volume of traffic on a road or speed increases or decreases, to allow for growth or road use changes over time.

9. Other minor changes

Other minor changes have been made to the Bylaw for readability, including deleting definitions which are not referenced in the Bylaw and updating Clause references.

Revocation of other policies

Council has three older policies which relate to the Bylaw, noted below:

1. Stock underpasses – Financial Assistance Policy 2002 (Attachment 3)

This is a former Franklin District Council policy, and notes financial assistance will be available for the construction of stock underpasses in the following situations:

- On roads carrying in excess of 500 vehicles per day.
- On roads carrying less than 500 vehicles per day where, in the opinion of the Land Transport Manager, suitable sight distances for the speed environment cannot be practically attained.

Financial assistance is limited to 25% of the total cost of the structure, up to a maximum of \$20,000 per underpass and is limited to three underpasses per financial year.

2. Livestock Movement Policy 2011 (Attachment 4)

This refers to the Livestock Movement Bylaw 2006, which has now expired. It notes that Council will use the New Zealand Transport Agency subsidy rules for subsidising stock underpasses. At its discretion, and subject to the funding provisions of the Long-Term Plan, the Council may contribute up to \$7500 or 25% of the costs of construction of an underpass, whichever is greater.

3. Stock Underpass Policy 2006 (Attachment 5)

This policy refers to the Livestock Movement 2006 and Livestock Movement Policy 2011. It notes that a subsidy of up to 25% of the total cost of the underpass will be paid for approved underpasses. Council approved a minimum subsidy payment of \$7,500 for all approved underpasses. However, the Roding Committee has the authority to grant a subsidy above that calculated to a maximum of 25% of the cost of the underpass.

It is recommended to revoke the three policies noted above. This is because the content is captured within the Bylaw, in Appendix 4.

The policy direction is similar within the Bylaw compared to the previous policies; however, the previous policies had a maximum cap of Council contributing \$7,500 or \$20,000. The Bylaw does not specify a direct limit, but notes it is up to 25% and at Council's discretion.

5.1 Options

Ngaa koowhiringa

Staff have assessed that there are three reasonable and viable options for the Committee to consider. This assessment reflects the level of significance (see paragraph 6.1). The options are set out in the table below:

Options	Reason	Comments
1. Approve the Bylaw (recommended)	A consultation process has been undertaken and changes have been made reflecting submissions and the Committee direction.	The Bylaw allows Council to manage safety issues related to the movement of stock of roads and clarifies for the community the expectations and rules to move stock. Council is able to enforce these rules with the bylaw.
2. Further amend the Bylaw and approve for adoption	Further changes are required on the Bylaw, as directed by the Committee.	Staff can make further changes as directed by the Committee. As a new Bylaw, there are no legislative deadlines for completing the review.
3. Do not approve the Bylaw and rely on education only.	The Committee does not agree with the proposed changes and the Bylaw is not adopted.	With no Bylaw, Council would not have an enforcement mechanism for the movement of livestock across the Waikato District.

Staff recommend Option 1 because the Bylaw will allow Council to have rules and enforcement ability for the movement of stock on and across roads in the Waikato District.

5.2 Financial considerations

Whaiwhakaaro puutea

No additional resource is required for the permitting of Livestock Movement and Crossing permits, as set out under the Bylaw. This will be covered under existing budgets. Funds for a Council subsidy for the construction of stock underpasses have already been allocated under the 2021-31 Long Term Plan, from 1 July 2024.

There is an expected cost to members of the public applying for permits through the Bylaw. These costs are set out under Council's 2021/24 Fees and Charges Schedule. These are:

- Livestock crossing, moving or driving permit application – free of charge
- Permanent livestock crossing 1st application – \$250
- Permanent livestock crossing biannual/annual checks – \$125
- New stock crossings – installation of post, signs & cones -- \$1,250
- Stocking crossings

5.3 Legal considerations

Whaiwhakaaro-aa-ture

The Bylaw is a new Bylaw. Before making a new bylaw (and after determining that a bylaw is the most appropriate way of addressing the perceived problem), section 155 of the Local Government Act (LGA) requires the local authority to determine whether the bylaw:

- a) Is the most appropriate form of Bylaw;
- b) Gives rise to any implications under the New Zealand Bill of Rights Act 1990 (NZBORA)

The Bylaw is considered to be the most appropriate mechanism to deal with the issues associated with the movement of livestock in the Waikato and aligns with the purpose of local government as defined in in Section 10(1)(b) in the LGA.

The special consultative procedure has been undertaken and feedback from submitters and the Committee incorporated into the Bylaw. Staff recommend it is the most appropriate form of bylaw.

The Bylaw has been considered and there is nothing contained in the Bylaw which gives rise to any implications under the NZBORA.

Staff confirm that Option 1 complies with the Council's legal and policy requirements.

5.4 Strategy and policy considerations

Whaiwhakaaro whakamaaherehere kaupapa here

The report and recommendations are consistent with the Council's policies, plans and prior decisions, if the following current policies are revoked as recommended:

- Stock Underpasses – Financial Assistance Policy 2002
 - Livestock Movement Policy 2011
 - Stock Underpass Policy 2006
-

5.5 Maaori and cultural considerations **Whaiwhakaaro Maaori me oona tikanga**

No specific impact on Maaori or material cultural issues have been identified. Iwi were specifically contacted as part of the consultation process; however, no direct feedback was received.

5.6 Climate response and resilience considerations **Whaiwhakaaro-aa-taiao**

The matters in this report have no known impact on climate change or resilience for the Council.

5.7 Risks **Tuuraru**

No risks are identified for this report.

6. Significance and engagement assessment **Aromatawai paahekoheko**

6.1 Significance **Te Hiranga**

The decisions and matters of this report are assess as of moderate significance, in accordance with the Council's [Significance and Engagement Policy](#).

The following criteria are particularly relevant in determining the level of significance for this matter:

- There is a legal requirement to engage with the community. This has been completed.
 - The proposal or decision will affect a large proportion of the community. This Bylaw impacts on farming operations, which is a key activity within Council's rural district.
 - There is more than one viable option.
-

6.2 Engagement Te Whakatuutakitaki

Highest level of engagement	Inform	Consult	Involve	Collaborate	Empower
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<p>Consultation on the proposed Bylaw was undertaken from 2 September to 29 November 2021.</p> <p>Staff contacted via letter all previous livestock movement permit holders to advise of the opportunity to provide feedback on the proposed Bylaw. A number of key stakeholders were also contacted, including mana whenua and iwi, community boards and committees and Federated Farmers.</p> <p>To ensure the general public were aware of the proposal, four public notices were published in local newspapers and information was put on Council's website. One post was published on Council's Facebook page. Information was sent to local rural schools to use in school newsletters, if they chose to use it. A media release was also sent out.</p>

<input type="checkbox"/>	<input type="checkbox"/>	✓	Affected Communities
<input type="checkbox"/>	<input type="checkbox"/>	✓	Affected Businesses
<input type="checkbox"/>	<input type="checkbox"/>	✓	Other (Previous Livestock Movement and Crossing Permit Holders)

7. Next steps

Ahu whakamua

If the Bylaw is approved for adoption by the Committee, the Bylaw will be formally adopted by Council on 4 July 2022. The Bylaw will be later signed by the Mayor and Chief Executive and sealed with Council seal.

Following formal adoption by Council, all submitters will be contacted by email or letter to advise on Council's decisions on the Bylaw and Policy. To ensure the general public are informed, a public notice will be placed in local newspapers, information will be on Council's website, a Facebook post will be published on Council's Facebook page and information will be included in Council's e-newsletter. A media release will also be issued.

Steps will be taken to implement the proposed Bylaw, led by the Roding Team. This includes updating Council's website with the new Bylaw and contacting previous Livestock Movement or Crossing Permit holders to advise of the new Bylaw and that new permits can be applied for.

8. Confirmation of statutory compliance

Te Whakatuuturutanga aa-ture

As required by the Local Government Act 2002, staff confirm the following:

The report fits with Council's role and Committee's Terms of Reference and Delegations. Confirmed

The report contains sufficient information about all reasonably practicable options identified and assessed in terms of their advantages and disadvantages (*Section 5.1*). Confirmed

Staff assessment of the level of significance of the issues in the report after consideration of the Council's Significance and Engagement Policy (*Section 6.1*). Moderate

The report contains adequate consideration of the views and preferences of affected and interested persons taking account of any proposed or previous community engagement and assessed level of significance (*Section 6.2*). Confirmed

The report considers impact on Maaori (*Section 5.5*). Confirmed

The report and recommendations are consistent with Council's plans and policies (*Section 5.4*). Confirmed

The report and recommendations comply with Council's legal duties and responsibilities (*Section 5.3*). Confirmed

Waikato District Council

~~Proposed~~ Livestock Movement Bylaw 2022.

Waikato District Council, in exercise of its powers under the Local Government Act 2002 and its respective amendments, the Land Transport Act 1998 and its respective amendments, and all other relevant powers, hereby makes the following bylaw:

Introduction

1.0 Short title and commencement

- 1.1 This bylaw shall be known as the “Waikato District Council Livestock Movement Bylaw 2022”
- 1.2 This bylaw shall come into force on 1 August 2022. ~~(Day) (Month) (Year)~~

2.0 Purpose of bylaw

- 2.1 Within rural areas of the Waikato District Council, livestock are moved using roads as part of the everyday operations of some farms. This activity has the potential to adversely affect the safety of road users and the efficiency and structure (surface of roads) of the road network. The purpose of this ~~By~~bylaw is to:
- Ensure the safety of road users, persons moving livestock and the livestock; and
 - Protect the structure and surface of roads.

3.0 Application

- 3.1 This ~~b~~Bylaw applies to all roads under the control and/or management of the Council.

4.0 ~~Definitions~~interpretation

In this ~~b~~Bylaw, unless inconsistent with the context:

Authorised Officer	means any employee of the Council appointed to carry out general or specific duties arising from any of the provisions of this bylaw, unless stated otherwise in this bylaw.
Competent person	means any person who can consistently demonstrate sufficient knowledge and skills from experience or training for the type of work in which the person is undertaking.
Council	means the Waikato District Council.
Crossing Manager	means the person managing the livestock crossing or moving.
Drove	means to move a herd of animals from one place to another.
Drover	means any person in the process of moving livestock from one point to another along a road.
Excessive stock excrement	means an amount of stock excrement which has been determined to be more than reasonable as determined by the Authorised Officer.

Commented [HB1]: 1.New definition of competent person proposed, as referred to in the covering report.

Commented [HB2]: 2.Propose to delete as 'drove' is not within the Bylaw.

Commented [HB3]: 3.Proposed new definition for excessive stock excrement, explained in covering report.

Farm	means an area of land which is used for the purpose of agriculture including grazing of livestock.
Livestock	means all animals that are likely to be kept for commercial purposes and taken onto the road for the purpose of moving from one part of the farm to the other or to another destination. 'Stock' shall have the same meaning as 'Livestock'.
Livestock Crossing Permit	is a time specific permit allowing for the movement of livestock across a road between gates which are generally opposite each other, or are of a maximum distance of 100 meters from each other.
<u>Livestock Moving Permit</u>	<u>is a time specific permit for moving livestock along one or more public roads.</u>
Local street	<u>Roads typically less than 70km/h, such as residential streets in urban areas/ townships/villages.</u>
Main street	<u>Roads typically less than 70km/h, such as CBD-central business districts and main roads through townships and villages.</u>
Mob	means a group (more than one) of livestock being moved from one place to another.
<u>Pilot vehicle</u>	<u>means and includes any motor cycle, 4 wheel farm bike, car, utility vehicle, tractor, or trucks operating and moving with hazard lights in operation in front of or behind the mob.</u>
<u>Races</u>	<u>means confined areas for moving livestock from one location to another location.</u>
Road	has the same meaning as contained in section 2 of the <u>Land Transport Act 1998</u> and includes:— <ul style="list-style-type: none"> a) a street; b) a motorway; c) a beach; d) a place to which the public have access, whether as of right or not; e) all bridges, culverts, ferries, and fords forming part of a road or street or motorway, or a place referred to in paragraph d); and f) all sites at which vehicles may be weighed for the purposes of the Land Transport Act 1998 or any other enactment. And excludes: <ul style="list-style-type: none"> a) culverts that are stock underpasses; and b) unformed Legal Roads on farmland.
Road user	means any motorist, cyclist, pedestrian or drover.
High Volume Sealed Rural Collectors	<u>Roads in rural areas typically more than 70km/h that have more than 1000 vehicles per day.</u>
Low Volume Sealed Rural Collectors	<u>Sealed roads in rural areas typically more than 70km/h that have less than 1000 vehicles per day.</u>

Commented [HB4]: 4. Definition for 'Livestock Movement Permit' is included, as the definition of the 'Livestock Crossing Permit' was already included.

Commented [HB5]: 5. Delete as 'pilot vehicle' is not within the Bylaw.

Commented [HB6]: 6. Delete as 'races' is not within the Bylaw.

<u>Sealed rural roads</u>	<u>roads typically more than 70km/h and less than 200 vehicles per day.</u>
Traffic Management Plan	means a sketch plan or map or other approved document outlining the safety procedures/methods that the crossing manager appointed by the permit holder will use to ensure the safety of all road users whilst moving stock along or across the road.
Urban area	means any area where the posted speed limit is 70km/h or less, and includes main roads and local streets.
Urban collectors	<u>Roads typically above more than 70km/h in urban areas with more than 200 vehicles per day, on the outskirts of urban areas/ townships/ villages.</u>

Commented [HB7]: 7. Included as this road is within the decision making matrix (Appendix 3)

5.0 Complete restriction on movement of livestock

5.1 Except in accordance with Clauses 7, 8, 9 and 10 and Appendix 3, no person shall move any livestock along or across any ~~public~~ road:

- (a) Within an urban area; or
- (b) On any National, Regional, and Arterial road (roads generally controlled by New Zealand Transport Agency); or
- (c) On any other road, public reserve or public place that Council may restrict from time to time; or

Commented [HB8]: 8. To clarify for readers of the bylaw that these roads are generally controlled by New Zealand Transport Agency.

- (d) Where the livestock may be lawfully and reasonably moved across private land owned or managed by the owner of the stock instead of across or along a road.

6.0 Movement of livestock on roads permitted in certain circumstances

- 6.1 Unless prohibited under Clause 5.1 of this Bylaw, the movement of livestock along or across ~~an Unsealed and Sealed Rural Roads road~~ is permitted. This is subject to the following conditions:
- (a) Livestock shall not be moved during the hours of darkness (the hours of darkness being those hours between half an hour after sunset and half an hour before sunrise the next day);
 - (b) There shall be, at all times, adequate warning of the presence of livestock, both in front and behind, which must be clearly visible at a distance of no less than 170 metres. Adequate warning shall comprise not less than 2 of the following warning mechanisms:
 - Amber flashing light and/or hazard lights on vehicles; or
 - Staff wearing 'Dayglo' safety vests; or
 - Staff using orange or red flags to warn traffic of stock on the road; or
 - TW6 'Stock Crossing' signs (attached to a vehicle or closed when stock are not on the road); or
 - Two road cones, not less than 900mm high, at least 30m apart on each side of the crossing point (removed when stock are not on the road).
 - (c) The livestock shall be moved in such a manner so as to ensure that their time on the road is minimised;
 - (d) Persons moving livestock shall take all reasonable and practical steps to make way for or allow vehicles to pass through the stock;
 - (e) Persons moving livestock shall remove excessive stock excrement from the road;
 - (f) Persons moving livestock shall take all reasonable steps to avoid damage to the road, to any public amenities and to private property, and shall notify the owners of the public amenity or private property (which ever shall apply) of the damage and repair any damage so caused;
 - (g) The movement of livestock along a road shall at all times be under the control of at least two competent persons, one maintaining a position in front of, and another maintaining a position behind the livestock; ~~and~~.
 - (h) Livestock are moved along or across the same section of:
 - i. An unsealed road no more than ~~six~~6 days per week, ~~averaged through throughout the year on average per year~~; or
 - ii. A rural road no more than ~~four~~4 days per week, ~~averaged through throughout the year on average per year~~
- 6.2 The movement of livestock is permitted if it is for the purpose of returning livestock to a farm in the event of an animal escape or similar emergency.

Commented [HB9]: 9.To reflect requested change to the decision-making matrix.

7.0 Livestock ~~C~~rossing and ~~L~~ivestock ~~M~~oving ~~P~~ermits

- 7.1 Two permits are available for moving livestock across or along roads:
- (a) Livestock Crossing Permit; and
 - (b) Livestock Moving Permit
- 7.2 Livestock Crossing Permits and Livestock Moving Permits are required in accordance with Appendix 3.
- 7.3 In the event of safety concerns or non-compliance with Clause 6.1 ~~and~~ 6.2 ~~and~~ 6.3, Council may, at the discretion of an Authorised Officer, require a person to apply for a permit for Livestock Crossing

Commented [HB10]: 10. Removal of reference to 6.3, which does not exist.

- 7.4 In emergency situations where livestock will have to be moved across or along a ~~public~~ road for a longer period of time, such as the collapse or flooding of an underpass, a temporary Livestock Crossing or Livestock Moving Permit may be issued for a restricted period of time. In this case, the crossing manager shall notify the Council within 24 hours with a description of the emergency situation and an estimation of the duration the temporary permit will be required.
- 7.5 Where any permit has been issued, the permit holder shall comply with all permit conditions at all times.
- 7.6 All permits issued by Council will be subject to specific minimum conditions. These conditions are contained in Appendix 2 of this ~~b~~Bylaw and will be listed on the reverse of the permit application forms. Council's Authorised Officer may impose any other conditions which are considered necessary for safety or performance requirements.
- 7.7 Where an existing permit has been issued and the property relevant to the permit has been transferred or leased to a different person (without modification to farm size or farming practices), the new owner may apply to the Council to have the permit assigned to them. Any such application must be in writing and must have the consent of the current permit holder. Any applications will be assessed against the requirements of this ~~b~~Bylaw.

Commented [HB11]: 11. To improve consistency in terminology – refer to 'road' which is defined, rather than 'public road', which is not defined.

8.0 Livestock ~~C~~rossing ~~P~~ermit

~~8.1~~ A Livestock Crossing permit is a time specific permit allowing for the movement of livestock across a road between gates which are generally opposite each other, or are of a ~~maximum~~ distance of 100 meters from each other.

Commented [HB12]: 12. Including explanatory information explaining the type of permit.

Applications

~~8.18.2~~ Any application for a Livestock ~~Moving-Crossing~~ Permit must be received by Council at least 10 working days before the first intended movement of stock; and

Commented [HB13]: 13. Incorrect reference

~~8.28.3~~ New Livestock Crossing Permit applications will be evaluated against the criteria in Council's Livestock Crossing and Livestock ~~Movement-Moving~~ Permits (Appendix 2), the processes outlined in Council's Policy "Stock ~~Movingement~~ and Crossing Policy" (Appendix 3), Sight Distance Requirements (Appendix 1), and Livestock ~~Movement-Crossing~~ Policy (Appendix 4).

~~8.38.4~~ Subject to Clauses ~~8.32~~, a new permit will not be issued if the proposed crossing location does not meet the following criteria:

Commented [HB14]: 14. Updating clause reference due to re-numbering.

- (a) Road hierarchy;
- (b) Frequency of use;
- (c) Sight distance; or
- (d) Any other criteria as specified in the Livestock ~~Movement-Crossing~~ Policy

~~8.48.5~~ Council may issue a permit where the proposed crossing location does not meet the specified criteria if any of the following circumstances apply:

- (a) The proposed crossing is located on a no exit road, taking into consideration the views of the owners or occupiers of affected or neighbouring properties located on the part of the road above the crossing point and the blind end of the road: or
- (b) The proposed crossing is located in the Aka Aka drainage district, where installation of an underpass is impractical or prohibitively expensive: or
- (c) The proposed crossing is located on a Main Street or Local Street that has been identified as a restricted activity in Appendix 3, provided that the frequency of use, sight distance and other criteria are met.

Approvals

~~8.5~~ A Livestock Crossing ~~Permit~~ will be revoked if:

Commented [HB15]: 15. Deleted as content duplicates content in Clause 11.

~~(b) The Permit Holder has acted contrary to this Bylaw; or~~

8.6 If the livestock crossing permit is categorised as prohibited in accordance with Clause 5.1 and Appendix 3 of this ~~b~~Bylaw, Council may, at its discretion, issue a temporary permit in exceptional circumstances.

Any temporary permit will only be issued for a maximum period of 12 months and will not be renewed. After the expiry of that 12-month period, an underpass must be installed.

Renewals

8.7 Any renewal applications:

- (a) Must be received by Council at least 20 working days prior to the expiry date of the permit;
- (b) Must include updated livestock crossing details; and
- (c) -Any applications will be assessed against the requirements of this bylaw, current traffic safety, and previous permit compliance

9.0 Livestock ~~M~~oving ~~P~~ermit

~~9.1 A Livestock Moving Permit is a time specific permit for moving livestock along one or more public roads.~~

Commented [HB16]: 16. Explanatory text to explain the type of permit.

Applications

~~9.2~~Any application for a Livestock Moving Permit must be:

- (a) Received by Council at least ~~ten~~+0 working days before the first intended movement of stock; and
- (b) Accompanied by a traffic management plan.

~~9.3~~A traffic management plan which is to accompany any application for a Livestock Moving Permit must:

- (a) Detail all intended routes or journeys;
- (b) Outline how the applicant proposes to meet the ~~permit~~ conditions in ~~the Livestock Movement Policy~~(Appendix 2) on the application form; ~~and~~
- (c) Be in accordance with the current New Zealand Transport Agency Code of Practice for Temporary Traffic Management.

~~9.4~~New Livestock Moving Permit applications will be evaluated against the criteria in Council's Livestock Movement Permits (Appendix 2), "Stock Moving and Crossing Policy" (Appendix 3), Sight Distance Requirements (Appendix 1) and the Livestock ~~Movement-Crossing~~ Policy (Appendix 4).

Approvals and Renewals

~~9.5~~Livestock Moving Permits will be issued for a period of between ~~one~~ to ~~five~~5 years, depending on specific stock movement, traffic safety criteria and non-compliance with this ~~b~~Bylaw.

~~9.6~~Any renewal application:

- (a) Must be received by Council at least ~~ten~~+0 working days prior to the expiry date of the permit; and
- (b) Must include any relevant updated livestock crossing details; and
- (c) Will be evaluated in accordance with this ~~b~~Bylaw, previous permit compliance and current trafficsafety.

10.0 Declining a permit application

10.1 If an application to issue or renew any permit is declined, the applicant shall be notified in writing with

- 10.2 A person who has received written notice that a permit application has been declined may, within ~~ten~~^{ten} working days of receipt of the notice, lodge an objection in writing to the General Manager Service Delivery of the Council stating the grounds of their objection.
- 10.3 The objection shall be referred to a Sub-Committee consisting of the Chair of Council's Infrastructure Committee or their deputy; the Chair of Council's Policy and Regulatory Committee or their deputy, and the Mayor who shall consider the objection and make a decision on the matter.
- 10.4 The decision of the Sub-Committee appointed in Clause 10.3 shall be final.
- 10.5 The applicant shall be notified of the decision in writing no later than ~~ten~~^{ten} working days after the Sub-Committee has determined the objection. The notification shall include reasons for the decision.

Extension Period

- 10.6 If Council decides to renew a permit, an extension period of ~~six~~^{six} months from the date of the written notification of the Council's decision, will be granted to enable the permit holder to make alternative arrangements, after which time the permit shall be cancelled.
- 10.7 If a permit holder is unable to make alternative arrangements during the Extension Period outlined in Clause 10.6, they must notify Council, in writing and at least ~~ten~~^{ten} working days prior to the expiration of the Extension Period, of the reasons why alternative arrangements could not be made.
- 10.8 Council may, at its discretion grant a further temporary Extension Period of ~~six~~^{six} months.

11.0 Revoking or suspending a permit

- 11.1 Any Livestock Crossing Permit or Livestock Moving Permit may be revoked, suspended or reviewed if the General Manager Service Delivery or their equivalent is satisfied that:
- The permit holder has failed to comply with any of the conditions of their permit; or
 - The frequency of livestock crossing the road has increased beyond that authorised by the Livestock Crossing Permit; or
 - The status or road hierarchy of the road over which the crossing or movement occurs has changed significantly from that prevailing when the permit was issued such that safety will be severely compromised if the crossing or movement continues; or
 - ~~Or~~^{Other} such relevant matters considered appropriate.

12.0 Safety on roads

~~12.1~~ If, at any time ~~when~~ an authorised officer considers it necessary to close or restrict traffic flows on a road because of road works, flooding or an emergency, or other event, the authorised officer shall have discretionary power either to:

- ~~Halt~~ mobs in one place with a view to restricting their movement; or
- ~~To~~ re-direct mobs along ~~such~~ other road or roads which under the circumstances are considered most appropriate.

13.0 Damage to roads and environment

- 13.1 Irrespective of whether permits have been issued, any person moving livestock along or across the road shall:
- Take all reasonable precautions to ensure that livestock do not cause damage to the road, any

- (c) Ensure excessive stock excrement or mud is removed from the road along which the livestock are being moved.

13.2 Council shall have the right to recover costs from any person moving livestock along or across a road where:

- (a) The movement of the livestock has caused damage to the road resulting in unscheduled maintenance or repair of the road reserve or road surface being required; or
- (b) Excessive stock excrement or mud is required to be removed from the road along which the livestock are being moved.

14.0 Inspection of stock crossings and roads

14.1 Council may choose to inspect stock crossings, roads and/or the environment for the purpose of:

- (a) Identifying if the ~~b~~Bylaw has been breached; or
- (b) Identifying if Livestock Crossing or Livestock Moving Permit Conditions are being met; or
- (c) Validating data contained in any Livestock Crossing or Livestock Moving permit applications.

14.2 The frequency of inspections will be at Council's discretion.

14.3 Based on inspections, Council may:

- (a) ~~R~~require a person to apply for a permit for Livestock Crossing and Livestock Movement on Rural Roads and Unsealed Roads; or
- (b) Decline, revoke or suspend permit applications.

15.0 Permits and fees

15.1 Council may charge a fee for the processing of any applications for permits and any such fee will be payable by the applicant.

15.2 Should ongoing non-compliance relating to livestock movements require repeated visits by Council staff, Council may charge an inspection fee payable by the holder of the permit (if applicable) or person responsible for the livestock movements.

15.3 The amount of the fees will be set by the Council from time to time pursuant to section 150 of the Local Government Act 2002 and can be found in Council's Fees and Charges.

16.0 Offences and penalties

16.1 Every person commits a breach of this bylaw who:

- (a) Commits, or causes, or permits to be committed, any act contrary to this ~~b~~Bylaw, or
- (b) Omits, or knowingly permits to remain undone, any act required by this ~~b~~Bylaw, or
- (c) Obstructs or hinders any officer of the Council in the performance of any power, or duty conferred upon him or her by this ~~b~~Bylaw
- (d) Provides incorrect frequency of use or any other incorrect details in any application.

~~16.2 Any person who fails to comply with the requirements of this bylaw commits an offence and may be liable to a penalty under the Local Government Act 2002 or Land Transport Act 1998.~~

Commented [HB17]: 17. New clause to outline the penalties of breaching the Bylaw.

This ~~b~~Bylaw was made pursuant to a resolution passed by the Waikato District Council on ~~4 July 2022. (Day)~~

The Common Seal of the Waikato District Council
Was hereto affixed in the presence of:

Mayor

Chief Executive

Activity	Key Date	Council Resolution

Bylaw reviewed		
Next review date	<u>4 July 2027</u>	

DRAFT

Appendix I Sight Distance Requirements

Council will assess any Livestock Movement or Livestock Crossing Permit applications against the requirements in Table I. 85th percentile means the speed at which 85% of the passing vehicles are either at or below.

Table I: Sight Distance Requirements

85 th percentile operating speed, measured at the site (or if above not known, posted speed plus 10km/h)*	Minimum sight distance requirements (m)
50	89
60	113
70	140
80	170
90	203
100	240
110	282

DRAFT

Appendix 2 - Permits

Advisory note: The following information are conditions for Livestock Crossing Permits, and Livestock Moving Permits. These conditions will be listed on the reverse of permit application forms.

Conditions for Livestock Crossing Permits

1. A Livestock Crossing Permit is a time specific permit allowing for the movement of livestock across a road between gates which are generally opposite each other or are of a maximum distance of 100 meters from each other.
2. Entranceways, including additional adjacent shoulders, at points where stock cross the berm should be surfaced in an appropriate material such as brown rock or sand and be constructed to accommodate the regular movement of stock, to a standard that prevents damage to the road and avoids mud being tracked onto the crossing.
3. Any new entranceways shall be constructed to the minimum dimensions shown on standard drawing TSG-E3 and surfaced with brown rock or sand so that the mud is not tracked across the road. Plan TSG-E3 details Council's requirements for Rural/Residential entranceways and is available from any office of Council.
4. Temporary warning signs are required to be used when stock are crossing ~~and all signage may be provided by Council or permit holders can purchase their own signs. Signs purchased by the permit holder and their intended location must be approved by Council prior to installation. Council or permit holders can arrange for signage to be installed, must be approved by Council. Council will arrange for the signs to be installed on behalf of the permit holder.~~ A subsidy is available for approved signage. Correct use and maintenance of the signs is the responsibility of the permit holder.
5. An amber flashing light of at least 500 lumens is required at the crossing point and shall be operated continuously whilst livestock are crossing the road. Installation and operation of the light is the permit holders' responsibility. Road cones no less than 900mm high may also be used to warn traffic in areas of limited visibility.
6. The requirements of the Health and Safety at Work Act 2015 and its amendments shall be complied with at all times.
7. At least one competent person ~~(16 years of age or older)~~ shall be present at all times while livestock are using the crossing.
8. Persons moving livestock across the road must take all reasonable and practical steps to allow vehicles to pass through the stock without undue delay.
9. The crossing manager shall take all due care to protect the road reserve and the road surface from any damage at the point where the stock cross the road. If necessary, Council may require the use of stock mats or other measures.
10. Excessive stock excrement must be removed from the road immediately following every crossing.
11. Council may recover from the permit holder any costs incurred to repair any damage caused or to remove excessive ~~effluent stock excrement~~ from the road, as a direct result of the crossing manager failing to meet the requirements of Condition ~~98~~ and ~~109~~ above.
12. Other special conditions may be applicable to this permit and, where relevant, will be stated below.
13. This permit is valid for up to 5 years from the date of issue unless indicated otherwise.
14. The permit holder shall advise the Council of any change of ownership or grant of lease of the land

Commented [HB18]: 18. Explanatory information for the reader of the bylaw.

Commented [HB19]: 19. Explanatory information for the reader of the bylaw.

Commented [HB20]: 20. Changes to requirements for signage, as outlined in the covering report.

Commented [HB21]: 21. Refer to competent person only and remove age requirement, as outlined in the covering report.

Commented [HB22]: 22. Change due to renumbering.

to which this permit relates.

~~12.15.~~ The permit holder shall advise the Council of any significant change in farming practice that may impact on the ongoing relevance of this permit.

Special Conditions

~~13.16.~~ A stock mat is required to be used? Yes / No

~~14.17.~~ ~~16.~~ Other requirements.....

Conditions for Livestock Moving Permits

~~1. A Livestock Moving Permit is a time specific permit for moving livestock along one or more public roads.~~

Commented [HB23]: 23.Explanatory information for the reader of the bylaw.

~~1-2.~~ Only the routes specified in this application and the associated traffic management plan are covered by this permit. -No other route shall be used without prior approval by the authorised officer.

~~2-3.~~ The stock manager and/or drover in charge shall be responsible for providing adequate warning for traffic. Traffic control shall be in accordance with the traffic management plan submitted with the application.

~~3-4.~~ There shall be, at all times, adequate warning of the presence of livestock, both in front and behind, which must be clearly visible at a distance of no less than metres; (the distance to be determined in accordance with the speed environment).

Adequate warning shall comprise not less than ~~two~~² of the following warning mechanisms:

- Amber flashing lights of at least 500 lumens and/or hazard lights on vehicles; or
- Staff wearing 'Dayglo' safety vests; or
- Staff using orange or red flags to warn traffic of stock on the road; or
- TW6 'Stock Crossing' signs (attached to a vehicle or closed when stock are not on the road)

~~4-5.~~ The stock manager and/or drover shall ensure that due care is taken to protect the road reserve and the road surface from any damage whilst the stock are being driven along the road.

~~5-6.~~ Livestock shall not be moved during the hours of darkness. (The hours of darkness means those hours between half an hour after sunset and half an hour before sunrise the next day).

~~6-7.~~ Excessive stock excrement must be removed from the road immediately after stock has been moved.

~~7-8.~~ Council may recover from the permit holder, any costs incurred to repair any damage caused to, or to remove excessive ~~effluent-stock excrement~~ from, the road, as a direct result of the stock movements carried out under this permit.

~~8-9.~~ Other special conditions may be applicable to this permit and, where relevant, will be stated below.

~~9-10.~~ This permit is valid foryears from the date of issue: (between ~~one and five years~~¹⁻⁵).

~~10-11.~~ The permit holder shall advise the Council of any significant change in farming practice that may impact on the ongoing relevance of this permit.

~~11. Distance stock are driven along a public road must not exceed 400m~~

Commented [HB24]: 24.Deleted as directed as deliberations. This clause is considered an unreasonable requirement.

Special Conditions

~~12. Other requirements.....~~

Commented [HB25]: 25.Deleted as directed as deliberations. This clause is considered an unreasonable requirement and referenced in covering report.

Commented [HB26]: 26. As specified in point 9.

Appendix 3

STOCK MOVING AND CROSSINGS POLICY

Process for Evaluating New Permit Applications or Renewing Existing Permits

Introduction

This policy is to be used to identify if a permit is required for stock moving along or across any road.

Table 1: Permit application assessment requirements.

Road hierarchy	Description	Average Number of days stock crossing or moving per week, averaged through the year							
		<1	1	2	3	4	5	6	7
Main Streets	Roads typically less than 70km/h, such as central business districts CBD and main roads through townships and villages	Red	Red	Red	Red	Red	Red	Red	Red
Local Streets	Roads typically less than 70km/h, such as residential streets in urban areas/ townships/ villages	Red	Red	Red	Red	Red	Red	Red	Red
Urban Collectors	Roads typically above 70km/h, such as main roads on the outskirts of urban areas/ townships/ villages, with more than 200 vehicles per day	Yellow	Yellow	Red	Red	Red	Red	Red	Red
High Volume Sealed Rural Collectors	Roads in rural areas typically above 70km/h that have more than 1000 vehicles per day	Yellow	Yellow	Red	Red	Red	Red	Red	Red
Low Volume Sealed Rural Collectors	Roads in rural areas typically more above than 70km/h in rural areas that have less than 1000 vehicles per day	Yellow	Yellow	Yellow	Yellow	Red	Red	Red	Red
Sealed Rural Roads >70km/h	Roads typically more less than 70km/h and less than 200 vehicles per day	Green	Green	Green	Green	Green	Yellow	Yellow	Red
Unsealed Roads		Green	Green	Green	Green	Green	Green	Green	Yellow

Commented [HB27]: 27.Rewording for clarity as requested by submitters.

Commented [HB28]: 28.Propose to say typical, as outlined in covering report. Although these categories are most of the time correct, in some cases Council has main street, local streets, urban collectors, rural collectors, that are higher or lower than the specified speed limit.

Commented [HB30]: 29.Majority of sealed rural roads are more than 70km/h so suggest this is amended as requested by submitters.

Commented [HB29]: 29.Deleting as this is included in the description text

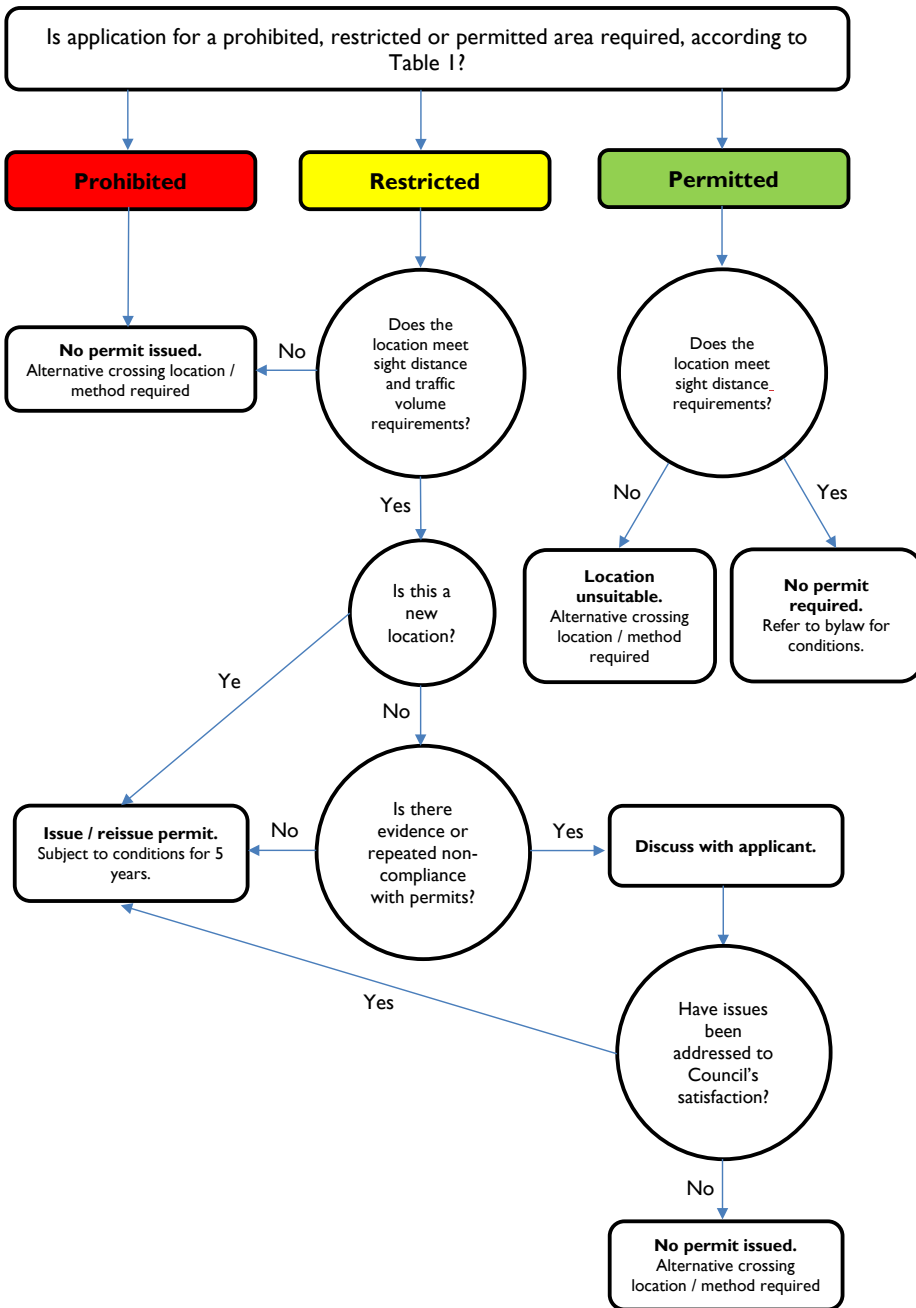

***Advisory Notes:**

- The Road Hierarchy allocated in Schedule 1 may be subject to change if the speed limit or volume of road traffic increases or decreases.

Commented [HB31]: 30.Advisory note to clarify that the road hierarchy with Schedule 1 could change if the volume of road traffic or speed limit increases or decreases.

	Permitted (i.e. no permit required)
	Restricted (permit required)
	Prohibited (stock movement is not permitted)

Figure 2: Assess permit requirements

Appendix 4

WAIKATO DISTRICT COUNCIL

LIVESTOCK MOVEMENT- CROSSING POLICY

Policy Definition

This policy relates to the Livestock Movement Bylaw 2022⁺. Refer to that document for definitions and interpretation.

1.0 Policy Objectives

- 1.1 To protect the safety of:
- (a) Road users; ~~or~~
 - (b) Persons moving the livestock; ~~or~~
 - (c) The livestock.
- 1.2 To protect structures and the surface of roads;
- 1.3 To minimise inconvenience, nuisance and potential danger to all roads users; ~~and~~
- 1.4 To respect the need for efficient farming operations without compromising safety on the road; ~~and~~.
- 1.5 To ~~eliminate the number of~~ unsafe stock crossings in the district.

Commented [HB32]: 31. Spelling error and clarity

2.0 How we intend to achieve these objectives

- 2.1 Council intends to ensure that all stock crossings are safe and in appropriate locations. Where the locations and their sight distance are considered to be unacceptable they are to be replaced with underpasses. Requests for stock crossings will be evaluated against the operating procedures in Appendix 3 of the Livestock Movement Bylaw 2022⁺. Consideration will be given to the following criteria:
- (i) Road Hierarchy
 - (ii) Sight distance
 - (iii) Regularity of crossing
 - (iv) Compliance with permit conditions
- 2.2 Where a proposed Livestock Crossing location does not meet the required criteria then an alternative complying location must be used or an underpass constructed.
- 2.3 Livestock crossings that meet the criteria, and other livestock movements on district roads, will be required to meet strict safety standards by way of a written permit and will be monitored regularly for compliance with the permit conditions.

3.0 Subsidies

- 3.1 The Council will use the New Zealand Transport Agency subsidy rules ~~as set out in the Planning, Programming & Funding Manual~~, for cost sharing for stock underpasses. At its discretion, and subject to the funding provisions of the Long Term Plan, the Council may contribute to the costs of construction of an underpass as shown in the following graph:

Commented [HB33]: 32. Delete this specific reference as this manual does not exist, and has been superseded.

Cost sharing for stock underpasses or overpasses

Figure 1

Formula for cost sharing for stock underpasses or overpasses

CS = $0.05 * \text{AADT}$ (on roads having less than 500 AADT) in percent

Where:

CS = 25 percent (on roads having greater than or equal to 500 AADT)

CS = Approved Organisations' or Transport Agency's (state highways) contribution, including the Transport Agency's funding assistance, to the total construction cost of an access structure on an existing road (in percent)

AADT = average traffic volume per day

- 3.2 Subsidy relates to a standard sized underpass (4m x 2m), approaches and pumping facilities if required.
- 3.3 The cost of supply and installation of approved temporary warning signs and stock mats may be eligible for subsidy.

Waikato District Council

Livestock Movement Bylaw 2022

Waikato District Council, in exercise of its powers under the Local Government Act 2002 and its respective amendments, the Land Transport Act 1998 and its respective amendments, and all other relevant powers, hereby makes the following bylaw:

Introduction

1.0 Short title and commencement

- 1.1 This bylaw shall be known as the “Waikato District Council Livestock Movement Bylaw 2022”
- 1.2 This bylaw shall come into force on 1 August 2022.

2.0 Purpose of bylaw

- 2.1 Within rural areas of the Waikato District Council, livestock are moved using roads as part of the everyday operations of some farms. This activity has the potential to adversely affect the safety of road users and the efficiency and structure (surface of roads) of the road network. The purpose of this bylaw is to:
- (a) Ensure the safety of road users, persons moving livestock and the livestock; and
 - (b) Protect the structure and surface of roads.

3.0 Application

- 3.1 This bylaw applies to all roads under the control and/or management of the Council.

4.0 Definitions

In this bylaw, unless inconsistent with the context:

Authorised Officer	means any employee of the Council appointed to carry out general or specific duties arising from any of the provisions of this bylaw, unless stated otherwise in this bylaw.
Competent person	means any person who can consistently demonstrate sufficient knowledge and skills from experience or training for the type of work in which the person is undertaking.
Council	means the Waikato District Council.
Crossing Manager	means the person managing the livestock crossing or moving.
Drover	means any person in the process of moving livestock from one point to another along a road.
Excessive stock excrement	means an amount of stock excrement which has been determined to be more than reasonable as determined by the Authorised Officer.
Farm	means an area of land which is used for the purpose of agriculture including grazing of livestock.
Livestock	means all animals that are likely to be kept for commercial purposes and taken onto the road for the purpose of moving from one part of the farm

	to the other or to another destination. 'Stock' shall have the same meaning as 'Livestock'.
Livestock Crossing Permit	is a time specific permit allowing for the movement of livestock across a road between gates which are generally opposite each other or are of a maximum distance of 100 meters from each other.
Livestock Moving Permit	is a time specific permit for moving livestock along one or more public roads.
Local street	roads typically less than 70km/h, such as residential streets in urban areas/ townships/ villages.
Main street	roads typically less than 70km/h, such as central business districts and main roads through townships and villages
Mob	means a group (more than one) of livestock being moved from one place to another.
Road	has the same meaning as contained in section 2 of the Land Transport Act 1998 and includes: <ul style="list-style-type: none"> a) a street; b) a motorway; c) a beach; d) a place to which the public have access, whether as of right or not; e) all bridges, culverts, ferries, and fords forming part of a road or street or motorway, or a place referred to in paragraph d); and f) all sites at which vehicles may be weighed for the purposes of the Land Transport Act 1998 or any other enactment. <p>And excludes:</p> <ul style="list-style-type: none"> a) culverts that are stock underpasses; and b) unformed Legal Roads on farmland.
Road user	means any motorist, cyclist, pedestrian or drover.
High Volume Sealed Rural Collectors	roads in rural areas typically more than 70km/h that have more than 1000 vehicles per day.
Low Volume Sealed Rural Collectors	sealed roads in rural areas typically more than 70km/h that have less than 1000 vehicles per day.
Sealed rural roads	roads typically more than 70km/h and less than 200 vehicles per day.
Traffic Management Plan	means a sketch plan or map or other approved document outlining the safety procedures/methods that the crossing manager appointed by the permit holder will use to ensure the safety of all road users whilst moving stock along or across the road.
Urban area	means any area where the posted speed limit is 70km/h or less, and includes main roads and local streets.
Urban collectors	roads typically above 70km/h in urban areas with more than 200 vehicles per day, on the outskirts of urban areas/ townships/ villages.

5.0 Complete restriction on movement of livestock

- 5.1 Except in accordance with Clauses 7, 8, 9 and 10 and Appendix 3, no person shall move any livestock along or across any road:
- (a) Within an urban area; or
 - (b) On any National, Regional, and Arterial road (roads generally controlled by New Zealand Transport Agency); or
 - (c) On any other road, public reserve or public place that Council may restrict from time to time; or
 - (d) Where the livestock may be lawfully and reasonably moved across private land owned or managed by the owner of the stock instead of across or along a road.

6.0 Movement of livestock on roads permitted in certain circumstances

- 6.1 Unless prohibited under Clause 5.1 of this bylaw, the movement of livestock along or across Unsealed and Sealed Rural Roads is permitted. This is subject to the following conditions:
- (a) Livestock shall not be moved during the hours of darkness (the hours of darkness being those hours between half an hour after sunset and half an hour before sunrise the next day);
 - (b) There shall be, at all times, adequate warning of the presence of livestock, both in front and behind, which must be clearly visible at a distance of no less than 170 metres. Adequate warning shall comprise not less than 2 of the following warning mechanisms:
 - Amber flashing light and/or hazard lights on vehicles; or
 - Staff wearing 'Dayglo' safety vests; or
 - Staff using orange or red flags to warn traffic of stock on the road; or
 - TW6 'Stock Crossing' signs (attached to a vehicle or closed when stock are not on the road); or
 - Two road cones, not less than 900mm high, at least 30m apart on each side of the crossing point (removed when stock are not on the road).
 - (c) The livestock shall be moved in such a manner so as to ensure that their time on the road is minimized;
 - (d) Persons moving livestock shall take all reasonable and practical steps to make way for or allow vehicles to pass through the stock;
 - (e) Persons moving livestock shall remove excessive stock excrement from the road;
 - (f) Persons moving livestock shall take all reasonable steps to avoid damage to the road, to any public amenities and to private property, and shall notify the owners of the public amenity or private property (which ever shall apply) of the damage and repair any damage so caused;
 - (g) The movement of livestock along a road shall at all times be under the control of at least two competent persons, one maintaining a position in front of, and another maintaining a position behind the livestock; and
 - (h) Livestock are moved along or across the same section of:
 - i. An unsealed road no more than six days per week, averaged throughout the year; or
 - ii. A rural road no more than four days per week, averaged throughout the year
- 6.2 The movement of livestock is permitted if it is for the purpose of returning livestock to a farm in the event of an animal escape or similar emergency.

7.0 Livestock Crossing and Livestock Moving Permits

- 7.1 Two permits are available for moving livestock across or along roads:
- (a) Livestock Crossing Permit; and
 - (b) Livestock Moving Permit
- 7.2 Livestock Crossing Permits and Livestock Moving Permits are required in accordance with Appendix 3.
- 7.3 In the event of safety concerns or non-compliance with Clause 6.1 and 6.2, Council may, at the discretion of an Authorised Officer, require a person to apply for a permit for Livestock Crossing and Livestock Movement on Rural Roads and Unsealed Roads.
- 7.4 In emergency situations where livestock will have to be moved across or along a road for a longer period of time, such as the collapse or flooding of an underpass, a temporary Livestock Crossing or Livestock Moving Permit may be issued for a restricted period of time. In this case, the crossing manager shall notify the Council within 24 hours with a description of the emergency situation and an estimation of the duration the temporary permit will be required.
- 7.5 Where any permit has been issued, the permit holder shall comply with all permit conditions at all times.
- 7.6 All permits issued by Council will be subject to specific minimum conditions. These conditions are contained in Appendix 2 of this bylaw and will be listed on the reverse of the permit application forms. Council's Authorised Officer may impose any other conditions which are considered necessary for safety or performance requirements.
- 7.7 Where an existing permit has been issued and the property relevant to the permit has been transferred or leased to a different person (without modification to farm size or farming practices), the new owner may apply to the Council to have the permit assigned to them. Any such application must be in writing and must have the consent of the current permit holder. Any applications will be assessed against the requirements of this bylaw.

8.0 Livestock Crossing Permit

- 8.1 A Livestock Crossing permit is a time specific permit allowing for the movement of livestock across a road between gates which are generally opposite each other, or are of a maximum distance of 100 meters from each other.
- Applications
- 8.2 Any application for a Livestock Crossing Permit must be received by Council at least 10 working days before the first intended movement of stock; and
- 8.3 New Livestock Crossing Permit applications will be evaluated against the criteria in Council's Livestock Crossing and Livestock Moving Permits (Appendix 2), the processes outlined in Council's Policy "Stock Moving and Crossing Policy" (Appendix 3), Sight Distance Requirements (Appendix 1), and Livestock Crossing Policy (Appendix 4).
- 8.4 Subject to Clauses 8.3, a new permit will not be issued if the proposed crossing location does not meet the following criteria:
- (a) Road hierarchy;
 - (b) Frequency of use;
 - (c) Sight distance; or
 - (d) Any other criteria as specified in the Livestock Crossing Policy
- 8.5 Council may issue a permit where the proposed crossing location does not meet the specified criteria if any of the following circumstances apply;

- (a) The proposed crossing is located on a no exit road, taking into consideration the views of the owners or occupiers of affected or neighbouring properties located on the part of the road above the crossing point and the blind end of the road; or
- (b) The proposed crossing is located in the Aka Aka drainage district, where installation of an underpass is impractical or prohibitively expensive; or
- (c) The proposed crossing is located on a Main Street or Local Street that has been identified as a restricted activity in Appendix 3, provided that the frequency of use, sight distance and other criteria are met.

Approvals

- 8.6 If the livestock crossing permit is categorised as prohibited in accordance with Clause 5.1 and Appendix 3 of this bylaw, Council may, at its discretion, issue a temporary permit in exceptional circumstances.

Any temporary permit will only be issued for a maximum period of 12 months and will not be renewed. After the expiry of that 12-month period, an underpass must be installed.

Renewals

- 8.7 Any renewal applications:
- (a) Must be received by Council at least 20 working days prior to the expiry date of the permit;
 - (b) Must include updated livestock crossing details; and
 - (c) Any applications will be assessed against the requirements of this bylaw, current traffic safety, and previous permit compliance

9.0 Livestock Moving Permit

- 9.1 A Livestock Moving Permit is a time specific permit for moving livestock along one or more public roads.

Applications

- 9.2 Any application for a Livestock Moving Permit must be:
- (a) Received by Council at least ten working days before the first intended movement of stock; and
 - (b) Accompanied by a traffic management plan.
- 9.3 A traffic management plan which is to accompany any application for a Livestock Moving Permit must:
- (a) Detail all intended routes or journeys;
 - (b) Outline how the applicant proposes to meet the permit conditions in Appendix 2 on the application form; and
 - (c) Be in accordance with the current New Zealand Transport Agency Code of Practice for Temporary Traffic Management.

- 9.4 New Livestock Moving Permit applications will be evaluated against the criteria in Council's Livestock Movement Permits (Appendix 2), "Stock Moving and Crossing Policy" (Appendix 3), Sight Distance Requirements (Appendix 1) and the Livestock Crossing Policy (Appendix 4).

Approvals and Renewals

- 9.5 Livestock Moving Permits will be issued for a period of between one to five years, depending on specific stock movement, traffic safety criteria and non-compliance with this bylaw.
- 9.6 Any renewal application:
- (a) Must be received by Council at least ten working days prior to the expiry date of the permit; and

- (b) Must include any relevant updated livestock crossing details; and
- (c) Will be evaluated in accordance with this bylaw, previous permit compliance and current traffic safety.

10.0 Declining a permit application

- 10.1 If an application to issue or renew any permit is declined, the applicant shall be notified in writing with reasoning for decision.
- 10.2 A person who has received written notice that a permit application has been declined may, within ten working days of receipt of the notice, lodge an objection in writing to the General Manager Service Delivery of the Council stating the grounds of their objection.
- 10.3 The objection shall be referred to a Sub-Committee consisting of the Chair of Council's Infrastructure Committee or their deputy; the Chair of Council's Policy and Regulatory Committee or their deputy, and the Mayor who shall consider the objection and make a decision on the matter.
- 10.4 The decision of the Sub-Committee appointed in Clause 10.3 shall be final.
- 10.5 The applicant shall be notified of the decision in writing no later than ten working days after the Sub-Committee has determined the objection. The notification shall include reasons for the decision.

Extension Period

- 10.6 If Council decides to renew a permit, an extension period of six months from the date of the written notification of the Council's decision, will be granted to enable the permit holder to make alternative arrangements, after which time the permit shall be cancelled.
- 10.7 If a permit holder is unable to make alternative arrangements during the Extension Period outlined in Clause 10.6, they must notify Council, in writing and at least ten working days prior to the expiration of the Extension Period, of the reasons why alternative arrangements could not be made.
- 10.8 Council may, at its discretion grant a further temporary Extension Period of six months.

11.0 Revoking or suspending a permit

- 11.1 Any Livestock Crossing Permit or Livestock Moving Permit may be revoked, suspended or reviewed if the General Manager Service Delivery or their equivalent is satisfied that:
 - (a) The permit holder has failed to comply with any of the conditions of their permit; or
 - (b) The frequency of livestock crossing the road has increased beyond that authorised by the Livestock Crossing Permit; or
 - (c) The status or road hierarchy of the road over which the crossing or movement occurs has changed significantly from that prevailing when the permit was issued such that safety will be severely compromised if the crossing or movement continues; or
 - (d) Other such relevant matters considered appropriate.

12.0 Safety on roads

- 12.1 If, at any time an authorised officer considers it necessary to close or restrict traffic flows on a road because of road works, flooding or an emergency, or other event, the authorised officer shall have discretionary power either to:
 - (a) Halt mobs in one place with a view to restricting their movement; or
 - (b) To re-direct mobs along other road or roads which under the circumstances are

considered most appropriate.

13.0 Damage to roads and environment

- 13.1 Irrespective of whether permits have been issued, any person moving livestock along or across the road shall:
- (a) Take all reasonable precautions to ensure that livestock do not cause damage to the road, any public amenities or private property;
 - (b) Be responsible for the costs of repairing any damage caused; and
 - (c) Ensure excessive stock excrement or mud is removed from the road along which the livestock are being moved.
- 13.2 Council shall have the right to recover costs from any person moving livestock along or across a road where:
- (a) The movement of the livestock has caused damage to the road resulting in unscheduled maintenance or repair of the road reserve or road surface being required; or
 - (b) Excessive stock excrement or mud is required to be removed from the road along which the livestock are being moved

14.0 Inspection of stock crossings and roads

- 14.1 Council may choose to inspect stock crossings, roads and/or the environment for the purpose of:
- (a) Identifying if the bylaw has been breached; or
 - (b) Identifying if Livestock Crossing or Livestock Moving Permit Conditions are being met; or
 - (c) Validating data contained in any Livestock Crossing or Livestock Moving permit applications.
- 14.2 The frequency of inspections will be at Council's discretion.
- 14.3 Based on inspections, Council may:
- (a) Require a person to apply for a permit for Livestock Crossing and Livestock Movement on Rural Roads and Unsealed Roads; or
 - (b) Decline, revoke or suspend permit applications.

15.0 Permits and fees

- 15.1 Council may charge a fee for the processing of any applications for permits and any such fee will be payable by the applicant.
- 15.2 Should ongoing non-compliance relating to livestock movements require repeated visits by Council staff, Council may charge an inspection fee payable by the holder of the permit (if applicable) or person responsible for the livestock movements.
- 15.3 The amount of the fees will be set by the Council from time to time pursuant to section 150 of the Local Government Act 2002 and can be found in Council's Fees and Charges.

16.0 Offences and penalties

- 16.1 Every person commits a breach of this bylaw who:
- (a) Commits, or causes, or permits to be committed, any act contrary to this bylaw, or
 - (b) Omits, or knowingly permits to remain undone, any act required by this bylaw, or
 - (c) Obstructs or hinders any officer of the Council in the performance of any power, or duty

conferred upon him or her by this bylaw

(d) Provides incorrect frequency of use or any other incorrect details in any application.

16.2 Any person who fails to comply with the requirements of this bylaw commits an offence and may be liable to a penalty under the Local Government Act 2002 or Land Transport Act 1998.

This bylaw was made pursuant to a resolution passed by the Waikato District Council on 4 July 2022.

The Common Seal of the Waikato District Council
Was hereto affixed in the presence of:

Mayor

Chief Executive

Activity	Key Date	Council Resolution
Bylaw made	4 July 2022	<i>To be inserted following bylaw adoption</i>
Bylaw reviewed		
Next review date	4 July 2027	

Appendix I

Sight Distance Requirements

Council will assess any Livestock Moving or Livestock Crossing Permit applications against the requirements in Table I. 85th percentile means the speed at which 85% of the passing vehicles are either at or below.

Table I: Sight Distance Requirements

85th percentile operating speed, measured at the site (or if above not known, posted speed plus 10km/h)*	Minimum sight distance requirements (m)
50	89
60	113
70	140
80	170
90	203
100	240
110	282

Appendix 2 - Permits

Advisory note: The following information are conditions for Livestock Crossing Permits, and Livestock Moving Permits. These conditions will be listed on the reverse of permit application forms.

Conditions for Livestock Crossing Permits

1. A Livestock Crossing Permit is a time specific permit allowing for the movement of livestock across a road between gates which are generally opposite each other or are of a maximum distance of 100 meters from each other.
2. Entranceways, including additional adjacent shoulders, at points where stock cross the berm should be surfaced in an appropriate material such as brown rock or sand and be constructed to accommodate the regular movement of stock, to a standard that prevents damage to the road and avoids mud being tracked onto the crossing.
3. Any new entranceways shall be constructed to the minimum dimensions shown on standard drawing TSG-E3 and surfaced with brown rock or sand so that the mud is not tracked across the road. Plan TSG-E3 details Council's requirements for Rural/Residential entranceways and is available from any office of Council.
4. Temporary warning signs are required to be used when stock are crossing. Signage may be provided by Council or permit holders can purchase their own signs. Signs purchased by the permit holder and their intended location must be approved by Council prior to installation. Council or permit holders can arrange for signage to be installed. A subsidy is available for approved signage. Correct use and maintenance of the signs is the responsibility of the permit holder.
5. An amber flashing light of at least 500 lumens is required at the crossing point and shall be operated continuously whilst livestock are crossing the road. Installation and operation of the light is the permit holders' responsibility. Road cones no less than 900mm high may also be used to warn traffic in areas of limited visibility.
6. The requirements of the Health and Safety at Work Act 2015 and its amendments shall be complied with at all times.
7. At least one competent person shall be present at all times while livestock are using the crossing.
8. Persons moving livestock across the road must take all reasonable and practical steps to allow vehicles to pass through the stock without undue delay.
9. The crossing manager shall take all due care to protect the road reserve and the road surface from any damage at the point where the stock cross the road. If necessary, Council may require the use of stock mats or other measures.
10. Excessive stock excrement must be removed from the road immediately following every crossing.
11. Council may recover from the permit holder any costs incurred to repair any damage caused or to remove excessive effluent from the road, as a direct result of the crossing manager failing to meet the requirements of Condition 9 and 10 above.
12. Other special conditions may be applicable to this permit and, where relevant, will be stated below.
13. This permit is valid for up to 5 years from the date of issue unless indicated otherwise.

- 14. The permit holder shall advise the Council of any change of ownership or grant of lease of the land to which this permit relates.
- 15. The permit holder shall advise the Council of any significant change in farming practice that may impact on the ongoing relevance of this permit.

Special Conditions

- 16. A stock mat is required to be used? Yes / No
- 17. Other requirements.....

Conditions for Livestock Moving Permits

1. A Livestock Moving Permit is a time specific permit for moving livestock along one or more public roads.
2. Only the routes specified in this application and the associated traffic management plan are covered by this permit. No other route shall be used without prior approval by the authorised officer.
3. The stock manager and/or drover in charge shall be responsible for providing adequate warning for traffic. Traffic control shall be in accordance with the traffic management plan submitted with the application.
4. There shall be, at all times, adequate warning of the presence of livestock, both in front and behind, which must be clearly visible at a distance of no less than metres (the distance to be determined in accordance with the speed environment).

Adequate warning shall comprise not less than two of the following warning mechanisms:

- Amber flashing lights of at least 500 lumens and/or hazard lights on vehicles; or
 - Staff wearing 'Dayglo' safety vests; or
 - Staff using orange or red flags to warn traffic of stock on the road; or
 - TW6 'Stock Crossing' signs (attached to a vehicle or closed when stock are not on the road)
5. The stock manager and/or drover shall ensure that due care is taken to protect the road reserve and the road surface from any damage whilst the stock are being driven along the road.
 6. Livestock shall not be moved during the hours of darkness. (The hours of darkness means those hours between half an hour after sunset and half an hour before sunrise the next day).
 7. Excessive stock excrement must be removed from the road immediately after stock has been moved.
 8. Council may recover from the permit holder, any costs incurred to repair any damage caused to, or to remove excessive stock excrement from, the road, as a direct result of the stock movements carried out under this permit.
 9. Other special conditions may be applicable to this permit and, where relevant, will be stated below.
 10. This permit is valid for years from the date of issue (between one and five years).
 11. The permit holder shall advise the Council of any significant change in farming practice that may impact on the ongoing relevance of this permit.

Special Conditions

12. Other requirements.....

Appendix 3

STOCK MOVING AND CROSSINGS POLICY

Process for Evaluating New Permit Applications or Renewing Existing Permits

Introduction

This policy is to be used to identify if a permit is required for stock moving along or across any road.

Table 1: Permit application assessment requirements.

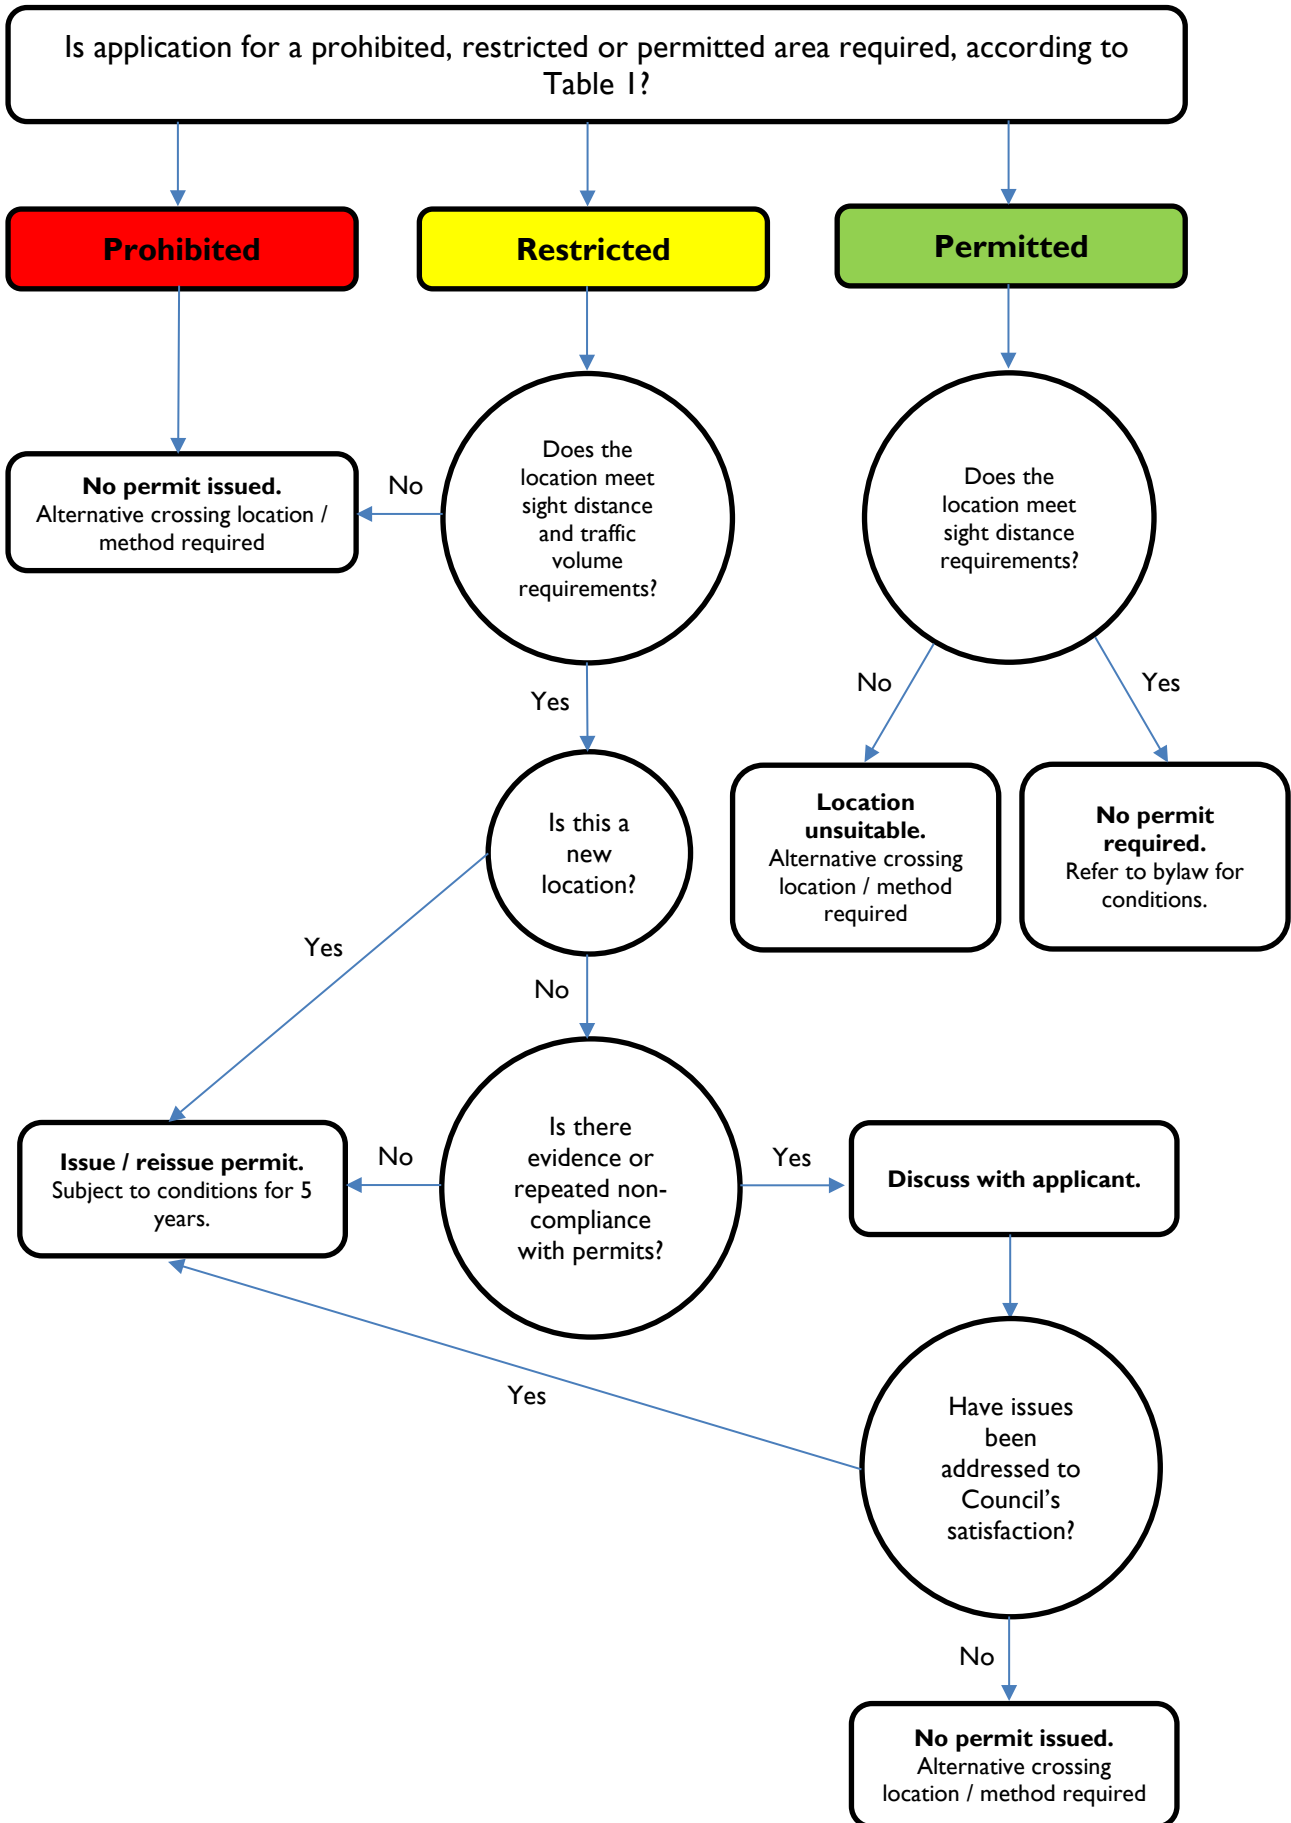

Road hierarchy *	Description	Number of days stock crossing or moving per week, averaged through the year							
		<1	1	2	3	4	5	6	7
Main Streets	Roads typically less than 70km/h, such as central business districts and main roads through townships and villages	Red	Red	Red	Red	Red	Red	Red	Red
Local Streets	Roads typically less than 70km/h, such as residential streets in urban areas/ townships/ villages	Red	Red	Red	Red	Red	Red	Red	Red
Urban Collectors	Roads typically above 70km/h, such as main roads on the outskirts of urban areas/ townships/ villages, with more than 200 vehicles per day	Yellow	Yellow	Red	Red	Red	Red	Red	Red
High Volume Sealed Rural Collectors	Roads in rural areas typically above 70km/h that have more than 1000 vehicles per day	Yellow	Yellow	Red	Red	Red	Red	Red	Red
Low Volume Sealed Rural Collectors	Roads in rural areas typically above 70km/h that have less than 1000 vehicles per day	Yellow	Yellow	Yellow	Yellow	Red	Red	Red	Red
Sealed Rural Roads	Roads typically more than 70km/h and less than 200 vehicles per day	Green	Green	Green	Green	Green	Yellow	Yellow	Red
Unsealed Roads		Green	Green	Green	Green	Green	Green	Green	Yellow

*Advisory Notes:

- The Road Hierarchy allocated in Schedule 1 may be subject to change if the speed limit or volume of road traffic increases or decreases.

	Permitted (i.e. no permit required)
	Restricted (permit required)
	Prohibited (stock movement is not permitted)

Figure 2: Assess permit requirements

Appendix 4

WAIKATO DISTRICT COUNCIL LIVESTOCK CROSSING POLICY

Policy Definition

This policy relates to the Livestock Movement Bylaw 2022. Refer to that document for definitions and interpretation.

1.0 Policy Objectives

- 1.1 To protect the safety of:
 - (a) Road users; or
 - (b) Persons moving the livestock; or
 - (c) The livestock.
- 1.2 To protect structures and the surface of roads;
- 1.3 To minimise inconvenience, nuisance and potential danger to all roads users;
- 1.4 To respect the need for efficient farming operations without compromising safety on the road; and
- 1.5 To eliminate unsafe stock crossings in the district.

2.0 How we intend to achieve these objectives

- 2.1 Council intends to ensure that all stock crossings are safe and in appropriate locations. Where the locations and their sight distance are considered to be unacceptable they are to be replaced with underpasses. Requests for stock crossings will be evaluated against the operating procedures in Appendix 3 of the Livestock Movement Bylaw 2022. Consideration will be given to the following criteria:
 - (i) Road Hierarchy
 - (ii) Sight distance
 - (iii) Regularity of crossing
 - (iv) Compliance with permit conditions
- 2.2 Where a proposed Livestock Crossing location does not meet the required criteria then an alternative complying location must be used or an underpass constructed.
- 2.3 Livestock crossings that meet the criteria, and other livestock movements on district roads, will be required to meet strict safety standards by way of a written permit and will be monitored regularly for compliance with the permit conditions.

3.0 Subsidies

- 3.1 The Council will use the New Zealand Transport Agency subsidy rules for cost sharing for stock underpasses. At its discretion, and subject to the funding provisions of the Long Term Plan, the Council may contribute to the costs of construction of an underpass as shown in the following graph:

Cost sharing for stock underpasses or overpasses

Figure 1

Formula for cost sharing for stock underpasses or overpasses

CS = $0.05 * \text{AADT}$ (on roads having less than 500 AADT) in percent

Where:

CS = 25 percent (on roads having greater than or equal to 500 AADT)

CS = Approved Organisations' or Transport Agency's (state highways) contribution, including the Transport Agency's funding assistance, to the total construction cost of an access structure on an existing road (in percent)

AADT = average traffic volume per day

- 3.2 Subsidy relates to a standard sized underpass (4m x 2m), approaches and pumping facilities if required.
- 3.3 The cost of supply and installation of approved temporary warning signs and stock mats may be eligible for subsidy.

Stock Underpasses - Financial Assistance from Council Funding

Funding for the provision of financial assistance for the construction of stock underpasses will be provided from Council's Roading Activity minor safety works budget.

Applicability

The provision of financial assistance for the construction of stock underpasses will be considered in the following situations:

- On roads carrying in excess of 500 vehicles per day. Or
- On roads carrying less than 500 vehicles per day where, in the opinion of the Land Transport Manager, suitable sight distances for the speed environment can not be practically attained.

Amount Available

The financial assistance available:

- for each stock underpass will be up to 25% of the total cost of the structure, up to a maximum of \$20,000 per underpass, and,
- shall be limited to three underpasses per financial year.

Conditions

The type of underpass to be constructed in any given situation is subject to the approval of the Land Transport Manager.

The underpass structure is to have a service life of in excess of 100 years.

The landowner must meet all costs associated with obtaining the necessary consents and approvals to install the underpass.

Following installation, the landowner will be responsible for the ongoing maintenance of the underpass.

Approval of Financial Assistance

The Chief Executive will determine applications for financial assistance for the construction of stock underpasses in accordance with this policy.

Livestock Movement Policy

Definition

This policy refers to the Livestock Movement Bylaw 2011. Refer to that document for definitions and interpretation.

Objectives

- 1.1 To protect the safety of road users.
- 1.2 To protect:
 - (a) Structures and the surface of roads
 - (b) All utilities and structures contained within the Council's road reserves.
- 1.3 To prevent roads being used as races.
- 1.4 To minimise inconvenience, nuisance and potential danger to all road users.
- 1.5 To minimise impact on the environment.
- 1.6 To reduce the number of stock crossings in the district.
- 1.7 To respect the need for efficient farming operations without compromising safety on the road.

General Public

Policy Statement(s)

How we intend to achieve the above objectives:

- 2.1 Council intends to phase out the majority of dairy crossings within the next 7 years (by 31 December 2018) and replace them with underpasses.

Priority for conversion to underpasses will be determined following the application of a specific evaluation process described in Clause 9.1 of the Livestock Movement Bylaw 2011. The evaluation process considers the following criteria:

- i) traffic volume
- ii) herd size
- iii) regularity of crossing
- iv) sight distance
- v) damage to road
- vi) smell
- vii) inconvenience to all road users
- viii) excrement splashed on vehicles and bicycles
- ix) impact on pedestrians

- 2.2 Necessary livestock crossings that are allowed to remain, and other livestock movements on district roads, will be required to meet strict safety standards by way of a written permit and will be monitored regularly for compliance with the permit conditions.

3.0 Subsidies

- 3.1 The Council will use the New Zealand Transport Agency subsidy rules as set out in the Planning, Programming & Funding Manual, Section F10.6, for cost sharing for stock underpasses. At its discretion, and subject to the funding provisions of the Long Term Plan, the Council may contribute up to \$7500 or 25% of the costs of construction of an underpass, whichever is greater.
- 3.2 Subsidy relates to a standard sized underpass (4m x 2m) approaches and pumping facilities if required.
- 3.3 The willingness of the farmer to convert the crossing to underpass where criteria is marginal will be taken into consideration when determining subsidy rates.
- 3.4 The cost of supply and installation of approved temporary warning signs and stock mats may be eligible for subsidy.

Stock Underpass Policy

Policy Owner	General Manager, Roding
Policy Sponsor:	Roding & Transportation Committee
Approved By:	Waikato District Council
Approval Date:	WDC06/95/1/3
Resolution Number	Chief Executive
Effective Date:	2006
Next Review Date:	2009?

Objective(s)

Application

Roding Committee
Roding & Projects staff
Legal Counsel
General Public

Policy Statements

1. Council actively encourages the installation of stock underpasses to address road safety and environmental issues, through its Livestock Movement Bylaw 2006 and Livestock Movement Policy 06/22/1/4.
2. A subsidy of up to 25% of the total cost of the underpass will be paid for approved underpasses, in accordance with the Land Transport New Zealand Programme and Funding Manual (refer Policy 7.4.18 Stock Crossings).
3. Council has approved a minimum subsidy payment of \$7,500 for all approved underpasses. However, the Roding Committee has the authority to grant subsidy above that calculated in clause 2 to a maximum of 25% of the cost of the underpass. *[Amended WDC0708/05/1/5]*
4. The approved subsidy will only be paid after the Final Code Compliance Certificate has been issued and the Memorandum of Encumbrance has been registered.
5. A Memorandum of Encumbrance, recording the covenants the owner has entered into in Council's favour, shall be executed by the owner. The Memorandum must be registered against the Certificate of Title of the land to be encumbered. All costs incurred will be the responsibility of the property owner.
6. The underpass structure will remain in the road reserve at Council's pleasure and shall be removed or relocated at the property owner's expense if required by Council.

7. The underpass application must be submitted on the Application for Stock Underpass form which includes building consent, PIM, and engineering and subsidy information. Applications must include all information, plans and other documents requested by the Council. The application form must be signed by the owner.
8. Applications will be approved subject to complete compliance with the conditions listed in the Application form.
9. The property owner will be responsible for the structural integrity of the underpass and any damage which it may cause to public utilities or the road pavement. Any costs incurred by Council to repair damage to the road pavement as a result of settlement of, or erosion around, the underpass structure, will be the owner's responsibility for the period up to 12 months following the date of the Final Code Compliance Certificate.
10. Council will arrange for a structural inspection of each underpass at two year intervals following which a copy of the inspection report will be provided to the owner. An inspection fee will be payable by the owner as set out in the council's Fees and Charges Schedule. Any remedial work identified during the structural inspection must be completed by the owner within 12 months of notification.

Policy Review

Livestock Movement Bylaw 2022 - Schedule of roads

Please search for your road to identify the general requirements from the Livestock Movement Bylaw 2022. Some parts of roads have different requirements, due to the traffic counts of road section. If required, to identify the relevant section of road, refer to the road number start and finish.

Note: The road type and permit requirements are subject to change if the volume of road traffic increases or decreases or speed limit changes, and will be assessed against the Livestock Movement Bylaw 2022.

To apply for a Livestock Movement or Crossing Permit and any queries, please contact info@waidc.govt.nz.
