PUBLIC FORUM

Agenda Item 5

Taupiri Rugby Club

Mr Burgess and Mr McGlaggan from Taupiri Rugby Club were in attendance to seek endorsement from the Board and discuss potential funding opportunities for plans to upgrade the Taupiri Rugby Club facilities to include a new stand-alone changing facility, separate from the club itself and for community use.

Questions/Discussion

- The Taupiri Rugby Club have a changing demographic and are looking at how to cater to their growing numbers, in particular the growing number of women's teams. The current changing facilities are single sex and not suitable for the changing demographic.
- Concept drawings/plans for a new changing facility have been drawn up and hard copies of these were distributed to the Board as well as handouts of budget costings. Mr Burgess advised that three (3) quotes were received, and the Taupiri Rugby Club have chosen the mid-range quote at a total of just over 1 million, including contingency.
- It was noted that Land Use Consent (valid for 5 years) has been granted based on the concept drawings and plans, and the Taupiri Rugby Club are now looking for funding to help cover costs. It is anticipated that it will be a combination of Fund Raising and Funding required.
- In discussion regarding funding, Cr Gibb suggested applying to the Momentum Fund and Her Worship the Mayor confirmed the Momentum Fund was for community projects. The Board were in agreement that the Taupiri Rugby Club proposal/project was good fit for the Momentum Fund as a community project.
- There was discussion on the suitability of including this Taupiri Rugby Club project in The Long-Term Plan (LTP) and possible funding from Council. Planning Policy Manager, Mr J Ebenhoh advised that it need to be worked through with the Legal and Property teams at Council.
- Development Contributions were also discussed, and Her Worship the Mayor advised they are allocated due to growth, and it was queried whether a portion be allocated to the Taupiri Rugby Club proposal. Mr Burgess confirmed that he is looking for some strategic feedback from Council.

ACTION: Mr Ebenhoh to talk to Community Growth and Service Delivery teams at Council to see if there is any funding/backing possible for this project and to have Council start discussions with the Taupiri Rugby Club about this proposal as well as to follow-up on the discussions Taupiri Club have already had with Council about the toilets.

- In further discussion regarding funding, Her Worship the Mayor advised on a 'Leasing of Public Toilets Model' previously used by Council which is a lease that covers the costs of a loan, as a possible option and there was discussion of who might want to use the facilities.
- In discussion about other sports clubs in Taupiri. The Board were in agreement that the bigger vision is one pavilion (1) for all sports in Taupiri and a strategic view is required. It was also noted that the new changing facility could possibility act as an Emergency Management facility which is another potential funding opportunity.
- It was noted that Mr Burgess has already approached Council about the toilets at the Taupiri Rugby Club with potential for them to become public toilets and Cr Patterson has been a part of that discussions. Taupiri Rugby Club is a privately owned rugby club and is one of only approximately four (4) privately owned clubs, the rest are owned by Councils.

- Her Worship the Mayor noted that the Resilience Plan for Taupiri was discussed at the LTP meeting today.
- In further discussion about funding opportunities, Bunnings funding for Grassroot Rugby was suggested as a potential funding opportunity and Mr Burgess advised they were aware of this funding and confirmed they will be looking into Bunnings funding opportunities.
- Mr D Turner noted that WDC does appear to have an appetite to work with communities to support them and if all the community parts work together it is possible to achieve a bigger vision. It was noted that WDC have been encouraging the communities which has been good to see.
- The Board noted it's appreciation for the communication from the Taupiri Rugby Club.

ACTION: Ms Morley to send electronic files of concept plans to Democracy.

- It was noted that a request for additional signage has been added to the list for the LTP. Mr Ebenhoh confirmed that there is no budget for roading signs in current financial year and noted this needs to be on the LTP.

It was noted that the Discretionary Funds formula and distribution process is under review at Council as part of the LTP process.
- Ms Morley gave an update on the Netball courts and advised that she has been in contact with Eastern Waikato Netball Centre who confirmed that they are seeking an upgrade of the facilities and courts.
