GJ Ion
CHIEF EXECUTIVE

POLICY & REGULATORY COMMITTEE

Reports to:	Council
Chairperson:	Cr Jan Sedgwick
Deputy Chairperson:	Cr Noel Smith
Membership:	The Mayor, all Councillors and Mrs Maxine Moana-Tuwhangai (Maangai Maaori)
Meeting frequency:	Six-weekly
Quorum:	Majority of the members (including vacancies)

Purpose

The Policy & Regulatory Committee is responsible for the Council's governance policies and bylaws, reviewing the District Plan and overseeing civil defence and emergency management issues.

In addition to the common delegations on page 10, the Policy & Regulatory Committee is delegated the following Terms of Reference and powers:

Terms of Reference:

1. To establish, implement and review the governance policy framework that will assist in achieving the Council's strategic priorities and outcomes.
2. To develop, review and approve the consultation process for Council bylaws.
3. To consider and determine changes to the schedules and parking restrictions in the Public Places Bylaw 2016, including hearing any submissions relating to those proposed changes.
4. To hear and determine matters arising under current bylaws, including applications for dispensation from compliance with the requirements of bylaws, unless such matters are otherwise delegated by Council.
5. To administer the Council's District Plan in accordance with the Resource Management Act 1991.
6. To monitor the performance of regulatory decision-making by the District Licensing Committee¹, Regulatory Subcommittee and officers under their respective delegations.
7. To monitor the Council's Civil Defence and Emergency Management framework.

¹ For clarity, the District Licensing Committee is a committee of Council under the Sale and Supply of Alcohol Act 2012.

The Committee is delegated the following powers to act:

Governance Policies

- Develop and agree governance policies for the purpose of consultation/engagement.
- Recommend to Council policy for adoption, amendment or revocation.
- Monitor and review policy, including recommending amendments to any policy as and when required.

Bylaws

- Develop and approve the statement of proposal for new or amended bylaws for consultation.
- Recommend to Council new or amended bylaws for adoption.

District Plan

- Review and approve for notification a proposed district plan, a proposed change to the District Plan, or a variation to a proposed plan or proposed plan change (excluding any plan change notified under clause 25(2)(a), Schedule 1 of the Resource Management Act 1991)
- Withdraw a proposed plan or plan change under clause 8D, Schedule 1 of the Resource Management Act 1991.
- Make the following decisions to facilitate the administration of plan changes, variations, designation and heritage order processes:
 - a. To decide whether a decision of a Requiring Authority or Heritage Protection Authority will be appealed to the Environment Court by the Council and authorise the resolution of any such appeal, provided such decisions are consistent with professional advice.
 - b. To consider and approve Council submissions on a proposed plan, plan changes, and variations.
 - c. To monitor the private plan change process.
 - d. To accept, adopt or reject private plan change applications under clause 25, Schedule 1, Resource Management Act 1991.

Other Resource Management Issues

- Pursuant to Section 34(1) of the Resource Management Act 1991, to exercise all of the Council's functions, powers and duties under that Act, except the functions, powers and duties:
 - a. that cannot be delegated or that are otherwise retained by the Council under its terms of reference; or
 - b. expressly delegated to other Council committees or decision-making bodies, or officers.

- Monitor and approve submissions in relation to National Policy Statements.

Civil Defence and Emergency Management

- Monitor the performance of Waikato District's civil defence and emergency management response against Council's requirements under the Civil Defence and Emergency Management Act including:
 - a. implementation of Government requirements; and
 - b. co-ordinating with, and receiving reports from, the Waikato Region Civil Defence and Emergency Management Group Joint Committee.

Other Delegations

- Exercise all of the Council's functions, powers and duties under the Building Act 2004, the Health Act 1956, and the Food Act 2014, and the respective regulations made under these Acts, except the functions, powers and duties:
 - a. that cannot be delegated or that are otherwise retained by the Council under its terms of reference; or
 - b. expressly delegated to other Council committees or decision-making bodies, or officers.
- Approval of attendance of elected members at conferences, seminars, training or events, in accordance with Council policy.

To	Policy and Regulatory Committee
Report title	Hearings Report on the Proposed Livestock Movement Bylaw 2022

1. Purpose of the report

Te Take moo te puurongo

The purpose of this report is to enable the hearing and receiving of submissions for the proposed Livestock Movement Bylaw 2022 (Bylaw).

2. Executive summary

Whakaraapopototanga matua

The proposed Bylaw was consulted on between 20 September 2021 to 29 November 2021. 15 submissions were received, with six submitters requesting to speak at the Council hearing.

Council deliberations on the proposed Bylaw is scheduled to commence immediately following the hearing.

Submissions are included in Attachment 1 (submitters who wish to be heard) and Attachment 2 (submitters who do not wish to be heard).

3. Staff recommendations

Tuutohu-aa-kaimahi

That the Policy and Regulatory Committee:

- a. **Consider all submissions and, where requested, hear and consider verbal submissions on the notified proposed Livestock Movement Bylaw 2022 pursuant to section 83 of the Local Government Act 2002; and**
 - b. **Recommend to Council any amendment to the proposed Livestock Movement Bylaw 2022 as a result of submissions received.**
-

4. Background

Koorero whaimaarama

The proposed Bylaw was approved for consultation by the Policy and Regulatory Committee on 1 September 2021.

The proposed Bylaw regulates the controlled movement of livestock on or across Council's roads. The purpose of the proposed Bylaw is to:

- a) Ensure the safety of road users, persons moving livestock and the livestock; and
- b) Protect the structure and surface for roads.

The proposed Bylaw allows Council to issue permits for the movement of livestock and sets out rules for how to move livestock safely.

Council staff and elected members worked with Federated Farmers over a five-year period to amend Council's lapsed Livestock Movement Bylaw 2011. Elected members, Federated Farmers and staff met most recently in April 2021 to discuss the proposed Bylaw.

5. Discussion and analysis

Taataritanga me ngaa tohutohu

Consultation was originally scheduled between 20 September 2021 to 29 October 2021. This was extended to 29 November 2021 due to Covid-19 restrictions.

The consultation was advertised on Council's Facebook page and a media release issued. Previous livestock movement permit holders, Waikato district community boards and committees and iwi were also advised.

In total, Council received 15 submissions on the proposed bylaw. Four submitters have requested to be heard, noted on Attachment 2.

Shape Waikato is Council's main portal for engagement with the community. The Livestock Movement page on Shape Waikato received 1,087 views and 911 individual visitors.

5.1 Options

Ngaa koowhiringa

No options are available for Council to consider because the purpose is to receive the report, enable hearings and hear submissions. Council deliberations are scheduled to proceed immediately following hearings.

5.2 Financial considerations

Whaiwhakaaro puutea

There are no material financial considerations associated with the recommendations of this report.

5.3 Legal considerations **Whaiwhakaaro-aa-ture**

Consultation has been undertaken in accordance with Section 83 of the Local Government Act 1990. Council is required to provide an opportunity to persons interested to present their views to the local authority.

5.4 Strategy and policy considerations **Whaiwhakaaro whakamaaherehere kaupapa here**

The report and recommendations are consistent with the Council's policies, plans and prior decisions.

5.5 Maaori and cultural considerations **Whaiwhakaaro Maaori me oona tikanga**

No maaori or cultural impacts are identified.

5.6 Climate response and resilience considerations **Whaiwhakaaro-aa-taiao**

The matters in this report have no known impact on climate change or resilience for the Council.

5.7 Risks **Tuuraru**

No risks are identified for this report.

6. Significance and engagement assessment **Aromatawai paahekoheko**

6.1 Significance **Te Hiranga**

The decisions and matters of this report are assessed as of low significance, in accordance with the Council's Significance and Engagement Policy.

The following criteria are particularly relevant in determining the level of significance for this matter:

- There is a legal requirement to engage with the community.
-

6.2 Engagement Te Whakatuutakitaki

Highest level of engagement	Inform	Consult	Involve	Collaborate	Empower
	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
The community and stakeholders were consulted in accordance with section 83 of the Local Government Act 2002.					

Stakeholders that have been or will be engaged with are:

Planned	In Progress	Complete	
<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	Internal
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Community Boards/Community Committees

<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Affected Businesses
<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Other (Please Specify)

7. Next steps

Ahu whakamua

This report enables Council to hear submissions on the proposed Livestock Movement Bylaw 2022. Deliberations on the Bylaw is scheduled for immediately following hearing of submitters.

8. Confirmation of statutory compliance

Te Whakatuuturutanga aa-ture

As required by the Local Government Act 2002, staff confirm the following:

The report fits with Council's role and Committee's Terms of Reference and Delegations. Confirmed

The report contains sufficient information about all reasonably practicable options identified and assessed in terms of their advantages and disadvantages (*Section 5.1*). Not applicable

Staff assessment of the level of significance of the issues in the report after consideration of the Council's Significance and Engagement Policy (*Section 6.1*). Low

The report contains adequate consideration of the views and preferences of affected and interested persons taking account of any proposed or previous community engagement and assessed level of significance (*Section 6.2*). Confirmed

The report considers impact on Maaori (*Section 5.5*). Confirmed

The report and recommendations are consistent with Council's plans and policies (*Section 5.4*). Confirmed

The report and recommendations comply with Council's legal duties and responsibilities (*Section 5.3*). Confirmed

Waikato District Council – Proposed Livestock Movement Bylaw submissions

Submission ID: 2153

Name: Federated Farmers

Wish to speak to submission: Yes

Do you support the proposed Livestock Movement Bylaw 2022?

Yes

Please tell us why:

Federated Farmers supports the intent of the Bylaw proposed by Council with amendments as listed in our attached submission.

What changes would you like to see to the proposed Livestock Movement Bylaw 2022?

Please refer to our submission for comments.

Any additional comments?

Due to our number of members in the District being represented we would prefer the opportunity to have 20-30 minutes of speaking time set aside to allow for all councils questions to be answered by our team. We will have a Policy advisor and a local representative to speak on behalf of our submission. We may not need all the allocated time but this would be great to assure all questions can be answered.

Attachment: Yes

SUBMISSION

To: Waikato District Council

Submitted by: Website survey attachment - 29th November 2021

Submission on: Proposed Livestock Movement Bylaw

Date: 29 November 2021

Contact: Alan Cole – Provincial President Auckland
Jacqui Hahn – Provincial President Waikato

Address for Service: Shaun Hazelton – Policy Advisor
Federated Farmers of New Zealand

Submission to Waikato District Council on the proposed Livestock Movement Bylaw 2022**OUR SUBMISSION**

1. Federated Farmers welcomes the opportunity to submit to Waikato District Council (Council) on the Proposed Livestock Movement Bylaw 2022.
2. Federated Farmers has appreciated the early engagement and support the intent of Council's proposal with alterations as discussed. We wish to thank the councillors and roading staff who have engaged with Federated Farmers over this lengthy process and extended consultation process due to Covid.
3. The Councils boundary falls within both Auckland and Waikato Federated Farmers and engagement has been made with impacted members which this submission represents.
4. Our members cover all livestock movement types from Permanent Dairy cow crossings to a one-off sheep movement to a neighbouring farm, therefore, our submission needs to be considered appropriately. In discussing with our members our policy advisors have been able to assess what is reasonable and practical for livestock movement based off realistic on-farm Scenarios.
5. Federated Farmers wishes to start off by stating it is in farmers interests to ensure safe, nuisance free movement of stock on roads and most farmers are well setup to move stock safely around the district's roads. NZTA confirmed our thoughts that in 2019-2021 there was only one serious injury crash involving stock on roads which they could not confirm whether the animals were escapees or under management of a farmer.

In short

- Support of the decision-making matrix, with the necessary description changes.
- Support an exemption for circumstances such as escaped stock or emergencies.
- Removal of age from supervisors to a based-on competency/stock handling experience.
- Removal of distance limits in stock moving permits.
- Removal of the enforcement section specific for Clause 8.
- We expect the 400m distance limit to change in moving permits to allow for reasonable movements.

Enforcement

6. Federated Farmers has concerns with Clause 8.5 and its consistency with Clause 11 relating to reasons for revoking or suspending a permit. We ask that clause 8.5 is removed as the ability to suspend or revoke a permit is captured in clause 11.
7. It is also not deemed reasonable to read "A livestock Crossing Permit will be revoked if" as there are always minor technical or situational issues that are beyond the control of a permit

holder. In some circumstances permit holders should be given time and a process to work towards compliance and to address any breaches.

Age issue

8. Federated Farmers seeks to gain consistency with the requirements for a person to be of appropriate age and or competency. Clause 6 (g) states the two persons must be competent. It then states in Appendix 2 (6) under conditions for livestock crossing permits that the person must be competent and 16 years of age or older.
9. This has brought levels of concern for our members who under the current proposal will be breaching their conditions without any adverse impact on road safety. Farmers teenage children and young farmers in the industry will be breaching these rules on a technicality rather than skill set basis.
10. Federated Farmers asks that age is removed and the condition will rely on the definition of competent person which can be found in legislation particularly within the Health and Safety at Work Act (2015). A competent person has sufficient knowledge, skills and experience in the appropriate techniques and procedures which in relation to livestock crossing means someone with suitable livestock handling skills who knows what procedures an action to follow if livestock were to escape the crossing. In the Federations view age has nothing to do with a person's ability to work with livestock.

Excrement

1. Federated Farmers agrees that regularly used road crossings requires consideration into excrement and its impacts on road quality and the environment. We do however ask that consideration be made into whether the Council may be duplicating requirements between Regional and District Councils.
2. Waikato Regional Council has permitted activity conditions for management and control of farm animal effluent which are implemented to mitigate risk to the environment from unlawful discharges. Regional Council has a compliance monitoring team that is dedicated to monitoring stock road crossings and underpasses along with routine dairy effluent inspections.
3. Federated Farmers believes Council should work with Regional Council to monitor such crossings and only monitor themselves as a complaints-based approach for excessive excrement. Our farmers are the users of these rural roads, and it is in their interests to keep them clean.

Conditions for Livestock Moving/Crossing Permits

4. Under Conditions for livestock moving permits condition 11 states stock driven on a public road must not exceed 400m.

5. Firstly, the Federation asks for consistency of terminology. The definition of road should be used rather than public road which is not explained in the interpretation of the Bylaw.
6. Secondly the Federation believes this is unrealistic to set a maximum distance of 400m. Stock crossing is generally utilized for the same landowner with property on both sides of the road however, a livestock moving permit would be used when a landowner had access to additional land or shifting to a runoff or neighbouring farm.
7. Reviewing other district council Road use bylaws there isn't any set length, however, they may have a minimum speed (3km/hr) or head maximum (600 cattle).
8. It is also concerning that the condition wording states driven rather than droving as defined in the interpretation section. Council's use of driven can be argued to include using a stock truck or trailer to drive stock to their next destination which council has not aimed to restrict under the intent of this bylaw
9. Federated Farmers deems it sensible to remove all distances from the moving permit which is controlled via councils' ability to accept and decline an application and via traffic management plan guidelines. There is also naturally a distance in which a cost benefit for a landowner would occur deciding if it is more viable to use stock trucks to move livestock than walking.
10. Federated Farmers agrees for situational based timeframes for livestock moving permits but request that a timeframe of five years is a set crossing permit duration to allow business owners certainty in their practice.
11. Whilst reviewing permit conditions council should take into consideration the impact of vandalism or damage caused by external parties. Under current conditions set out in the bylaw farmers who are vandalised or have damage to their signage are requested to fix at their own costs. Signage is paid for by farmers and installed by Council who approve and control what is installed. Federated Farmers asks whether council could manage signs once installed to ensure consistency and road safety of all crossings.

Matrix and Schedule of Roads

12. The Matrix provided in Appendix 3 needs to be consistent with the content of the bylaw. We seek that council changes the matrix wording to write days per week "on average per year." This will make the matrix consistent with the permitted movements under Clause 6.
13. The Schedule of roads also needs to be changed to write "average number of stock crossing or moving per week "on average per year"
14. In Table 1 Federated Farmers asks that the description for "sealed rural roads > 70km/h reads More than 70km/h rather than less.

Summary

15. Federated Farmers wishes to again thank Councillors Smith, Woolerton and Patterson along with the roading staff at Council. We look forward to any further consultation with Council on rural issues.

ABOUT FEDERATED FARMERS

16. Federated Farmers of New Zealand is a primary sector organisation that represents farmers, and other rural businesses. Federated Farmers has a long and proud history of representing the needs and interests of New Zealand farmers.
17. The Federation aims to add value to its members' businesses. Our key strategic outcomes include the need for New Zealand to provide an economic and social environment within which:
 - i. Our members may operate their businesses in a fair and flexible commercial environment;
 - ii. Our members' families and their staff have access to services essential to the needs of the rural community; and
 - iii. Our members adopt responsible management and environmental practices.

Ends

Proposed Livestock Movement Bylaw 2022 Submission

Bruce Cameron
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

29 November 2021.

I wish to speak to my submission

I thank you for the opportunity to present my submission to the Proposed Livestock Movement Bylaw 2022

It's taken a long time to get to this point from when the first proposed livestock bylaw was mooted in March 2011.

I wish to acknowledge the work that Federated Farmers and Council has done to get this proposed Bylaw to this point, being over 10 years.

I support the intent and provisions of the bylaw as proposed for consultation — with some exceptions.

The Matrix

I support the Matrix subject to a wording change to “days per week on average per year” to be consistent with the wording in Clause 6. H I & II

Livestock moving permits

It states that stock cannot be driven along a public road of a distance greater than 400 meters. This distance needs to be removed.

By default, the owner of livestock is going to weigh up the benefit of droving the livestock against the cost of transporting. The greater the distance, the more cost effective trucking will be.

Age of person in control of stock

The age of the person in control of the stock should be removed in the case of a crossing permit and be consistent with the condition on a droving permit which is “A competent person “

The definition of a competent person can be found in legislation; particularly in health and safety and work place legislation.

Permit time frames

I feel all permits should be issued for 5 years if all safety criteria are met.

Under section 11 there is the ability to revoke or suspend a permit any way.

Extension periods

In light of current lockdowns across New Zealand, and a high chance that they will continue into the foreseeable future, there needs to be at the very least two extension periods of 6 months.

This will, in a lot of circumstances, give the necessary time to fulfil any permit conditions.

Signage

Farmers should be permitted to purchase and install their own signs.

I have had to get council to move signs that they have installed to a safer location on my own road frontage

Underpass

I believe that a farmer that is forced by council to put an underpass in, whatever the road count, should be eligible for a minimum of a 25 % subsidy.

Section 8.4

I support the council in this section whereby they have the ability to issue a permit when certain criteria may not be met.

Federated Farmers

I support Federated Farmers in their submission and thank them for the exceptional amount of time that they have put into this.

Please tell us why:

What changes would you like to see to the proposed Livestock Movement Bylaw 2022?

Please see attached submission.

Any additional comments?

Attachment: Yes

SUBMISSION TO THE PROPOSED WAIKATO DISTRICT COUNCIL LIVESTOCK MOVEMENT BYLAW

Thank you for this opportunity to submit on the proposed Livestock Movement Bylaw. I reserve the right to speak to my submission. I support the intent and provisions of the bylaw as put out for consultation – with some exceptions.

Term of Permits

I support a five year term for permits if traffic safety criteria can be met. Five years is a reasonable term which gives certainty to stock owners who have considerable investment attached to their ability to access land separated from the primary property by a road. Examples of such investment might be lease agreements, and the purchase of more animals. A five year term also helps Council to be efficient in managing stock movements without tying up a lot of resource.

I note under Fees & Charges 2021 – 2024 that it is now very expensive to have a permanent stock crossing. Costs include:

- '1st application' fee of \$250,
Set-up fee for 'signs and cones' of \$1,250,
Bi-annual/annual inspection fee of \$125,
\$150 every time a member of the public complains, causing an officer to travel out to the farm to check the validity of the complaint.

Thus, a crossing might incur an initial first year charge of \$1,625 (not counting complaints). If a farm has 3 crossings this could incur charges in the first year of nearly \$5,000. In addition, the farmer may still have to purchase stock mats which are expensive and need replacing every so often.

Recommendations

That permits are granted the full five year term unless there are exceptional circumstances dictating a lesser term.

That stock owners be permitted to install their own signs and cones.

The Movement of Livestock on Roads Permitted in Certain Circumstances (6.0)

I support Section 6.0 which allows some movement of livestock on roads without a permit, subject to adherence to the stated conditions.

Livestock Crossing Permits (8.0)

I support 8.4 re, exceptional instances where the crossing location does not meet the usual criteria.

Appendix 2 – Conditions for Livestock Crossing Permits

I support the Conditions for Livestock Crossings **with the exception** of Conditions 3 & 6.

Condition 3 - As stated above under Term of Permits, farmers should be permitted to buy and install their own signs if they wish – given that they can do this at considerably less expense than Council is proposing.

Condition 6 – I agree the stock crossing must be managed by a “competent operator”. However, in my experience, age does not necessarily equate to competency and, conversely, competency can be demonstrated by workers younger than 16 years of age. Therefore, I recommend removing the words “must be 16 years or older”, thereby leaving the requirement simply as, “managed by a competent operator” .

Recommendations

That stock owners be permitted to install their own signs and cones.

That the words “must be 16 years or older” be removed.

Conditions for Livestock Movement Permits

I support the conditions for Livestock Movement permits **with the exception** of Conditions 1 & 11.

Condition 1 – ‘Only routes specified in the application are covered by the permit.’

If a moving permit has a life span of 5 years, it is not practical to specify all the routes that might be required over that time. In times of feed shortages or unexpected events such as floods and slips, farmers need to be nimble in taking advantage of opportunist grazing or in re-routing their movements. They don’t have time to wait 10 working days while their route is assessed and the permit processed. Rather than trying to micro-manage the movement, it would be more efficient for both Council and the stock owner to simply adhere to Conditions 2-10.

Condition 11 – ‘The distance stock can be driven along a road must not exceed 400m.’

This is a new, puzzling and very restrictive addition to the bylaw. Effectively, no droving permit will be issued on any sealed rural road that has a road count of more than 200 vehicles/day and a speed limit of more than 70kms/hour – if the move is to be further than 400 metres.

Or put another way, no droving permit will be issued on any route which, at some point, **includes/crosses** a sealed road that has more than 200 vehicles/day and a speed limit of more than 70kms/hour.

Is that the intention of Council? Because, if it is, it is a departure from Council’s original intent.

Recommendations

That Condition 1 be removed.

That Condition 11 be removed.

Appendix 3 – The Matrix

With a couple of **exceptions**, I support the Matrix which is a vast improvement on the previous Matrix. This Matrix is easy to understand. I support the inclusion of a 'permitted movements' category.

There are a couple of confusions.

- a) The second to last line of the matrix has a contradiction. Under the Road Hierarchy column it says, 'Sealed Rural Roads > 70km/h' and beside it under the Description column it says, 'Rural Roads less than 70km/h.' It should say under Road Hierarchy, 'Sealed Rural Roads < 70km/h'.
- b) Above the colour coded section of the Matrix is a heading, 'Average number of days stock crossing/moving per week.' It is not clear that this means 'Number of days stock crossing/moving per week, averaged over the year.' By contrast 6.0 (h) (i) & (ii) in the main body of the bylaw spells out the intention quite clearly.

Recommendations

That the symbol in the Road Hierachy column be changed to '<'.

That the Heading above the colour coded section of the Matrix reads, 'Number of days stock crossing/moving per week, averaged over the year.'

Summary of Recommended Changes

- 1) That permits are granted the full 5 year term unless there are exceptional circumstances dictating a lesser term.
- 2) That stock owners be permitted to install their own signs and cones.
- 3) That the words "must be 16 years or older" be removed from Condition 6 of the Stock Crossing Permit.
- 4) That Condition 1 of the Stock Moving Permit be removed.
- 5) That Condition 11 of the Stock Moving Permit be removed.
- 6) That the symbol in the Road Hierachy column be changed to '<'.
- 7) That the Heading above the colour coded section of the Matrix reads, 'Number of days stock crossing/moving per week, averaged over the year.'

Thank you.

Wendy Clark

Waikato District Council – Proposed Livestock Movement Bylaw submissions

Submission ID: 2154

Name: Rosemarie Costar

Wish to speak to submission: Yes

Do you support the proposed Livestock Movement Bylaw 2022?

In part

Please tell us why:

Please refer to my attached submission.

What changes would you like to see to the proposed Livestock Movement Bylaw 2022?

Attachment: Yes

Submission to the proposed Waikato District Council Stock Movement Bylaw 2021

Mrs Rosemarie Costar

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

Thank you for the opportunity to submit on the proposed Stock Movement Bylaw.

I wish to speak to my submission

I support the purpose of the bylaw, in particular the safety components of it, but do have some concerns over some clauses.

I support the provision to cross unsealed rural roads, without a permit, as long as the bylaw is adhered to.

I support the safety measures required in clause 6.1.b. for providing other road users adequate warning that there are livestock on the road, either crossing or droving.

Clause 8.5 "A Livestock Crossing Permit will be revoked if: (a) the permit holder has breached their permit conditions".

I do not support clause 8.5 as it is already covered in clause 11.1 however if it remains in the bylaw I submit it should be altered to "A Livestock Crossing Permit MAY be revoked if: (a) the permit holder has breached their permit conditions".

This allows some leeway for genuine cases where, for example, the farmer has not cleaned the road surface immediately because while the livestock were crossing a few rogue bulls escaped and went down the road. As far as safety goes, getting the bulls off the road is the biggest safety issue and the road could be cleaned as soon as the bulls are contained. Softening the wording would allow for genuine breaches, and yet still give Council the ability to revoke permits from those who deliberately breach the bylaw.

In line with the above, clause 11.1 (a) states permits may be revoked, suspended or reviewed if the "Permit Holder has failed to comply with any conditions of their permit". I would like to see the wording changed to if the "Permit Holder has repeatedly or deliberately failed to comply..."

With any new bylaw there needs to be an education element and time for the bylaw requirements to be publicised and become embedded in farmers daily practises.

There is also no mention in the bylaw of what the process is if a permit is suspended

Extension Periods

Clause 10.8 “Council may, at its discretion grant a further temporary Extension Period of 6 months” I would like to see the words “of 6 months” removed from this clause and replaced with something like “if there are genuine reasons for the delay”.

Covid has caused many issues and delayed many projects over the past few years. Installing an underpass and getting all the contractors needed (fencing, installing an effluent system in the underpass etc) could quite possibly be held up by lockdowns, for unknown periods of time. This would be best dealt with on a case by case basis by Council and the farmer.

Permits and Fees

Councils 2021 Fees and Charges show the following

First application	\$250
Set up fee for signs and cones	\$1250 (per crossing)
Bi annual / Annual Inspection	\$125
Visiting crossing due to complaints	\$150

I understand the need for the application fee and assume this would involve a visit to the crossing location(s) to ensure the crossing complies with sight distances however I submit that the fees for visiting a crossing due to a complaint should only be charged if the complaint is valid.

Many of us have also already had inspections and approvals of crossings when we originally applied for permits back in 2011. There needs to be clarity if the first application fee of \$250 is only for new crossings or for existing crossings which have already been approved and had permits issued.

Appendix 2 – Conditions for Livestock Crossing Permits

Clause 6 “At least one competent person (16 years or older) shall be present at all times while livestock are crossing”.

I absolutely agree that the person needs to be competent and understand the requirements of the bylaw but disagree with stipulating an age. I do not believe competency is related to turning a certain age but it is definitely related to being trained and experienced enough to perform a task.

Clause 12 “The permit is valid for up to 5 years from the date of issue unless otherwise indicated”

The permit should be valid for 5 years. If the road traffic increases there are other clauses within the bylaw to revoke or amend the permit. Having 5 year permits gives farmers certainty to do what they do.

Appendix 2 – Livestock Moving Permits***Clause 11 “Distance stock are driven along a public road must not exceed 400m”.***

As a member of the Federated Farmers team who discussed the bylaw with Council’s subcommittee I was shocked to read this new clause. It was not in the Bylaw we discussed and is totally unreasonable. I submit that this clause needs to be deleted in its entirety.

Appendix 3 – Stock Moving and Crossings Policy

In the table under the heading of “Sealed Rural Roads > 70km/h, the description reads “Roads less than 70km/h and less than 200 vehicles a day”. The description needs to be altered to “Roads greater than 70km/h...”

Appendix 4 – Waikato District Council Livestock Movement Policy***Clause 1.5 “To eliminate the number of unsafe stock crossings in the district”***

I submit this should be changed to “To eliminate all unsafe stock crossings in the district”

Any crossing that is unsafe should be made safe, relocated or replaced with an underpass.

Errors in the Bylaw

Clause 7.3 makes reference to clause 6.3 however there is no clause 6.3

Clause 8.1 is about Livestock Crossing Permits but refers to Livestock Moving Permits. It needs to be amended to read Livestock Crossing Permits.

Appendix 4 Clause 1.5 “to celiminate...” should be to eliminate...

Thank you for the opportunity to contribute to this bylaw.

Attachment: Yes

Submission on p-Livestock Movement Bylaw 2022

From G McBride [REDACTED]

We wish to speak to these submissions.

As an existing Permit Holder of a Stock Crossing, we have some concerns about the 2022 proposal:

1) General:

In the general appearance, in the document there appears to be a cross-over in the Bylaws' author's understanding between 'Droving' and 'Stock Crossing'. To us, they are two distinctly separate functions of livestock movement and should be treated as such to aid usefulness, avoid confusion and aid simplicity;

2) Definitions:

- a) There is no definition of 'Crossing' (it has a Crossing Manager definition);
- b) In s5.1 it does not define what a National, Regional or Arterial Road is;
- c) In s6.1, it stipulates the removal of excessive excrement, but leaves the individual person in charge to establish what is 'excessive';

3) Site Lines:

- a) The site lines are inconsistent with Rural Subdivision entrance look-up speed tables. For example, a Standard Residential Entrance site line for an 80 km/hr road is 130 metres; yet the livestock Crossing tables require 170 metres viewing lines;
- b) We currently have a Crossing Permit (i.e. 2011-2021) with approved construction standards (i.e. sealed strip) and approved site lines (130m? - certainly that was the requirement for the adjoining Vehicle Entrances).

This approval was done when the speed limit for this Rural Road (Collie Road) was *100 kph*. This was supported at that time by a council-mandated warning/hazard sign for motorists to advise of a compromised bend (to the south), by definition, an advisory for a reduced speed when approaching that bend; this suggests that even the 'legal' 80 kph speed limit is excessive for that particular bend and thus, the site-line from the south should require even less than that prescribed 170 metres shown in the new look up the tables;

c) The p2020 Lookup tables show a 170 metre site line will now be required for this (already approved) Crossing. To achieve this (as a Permitted Activity) it will require some considerable removal of an existing hedge (some 80 years old) and new road-boundary fencing.

This more stringent site-line requirement, in the face of the new slower speed limits, is unjust, unwarranted, costly and inconsistent.

d) The Bylaw is silent on the consequences of failing to achieve Permitted Activity status - it does not articulate the potential processes/hurdles of being Non-Compliant.

Do you support the proposed Livestock Movement Bylaw 2022?

No

Please tell us why:

Well it just looks like someone coloured in prohibited boxes just for the sake of it. Of course stock should not be allowed in town. Where is the evidence for change required? How much did this document cost?

What changes would you like to see to the proposed Livestock Movement Bylaw 2022?

It's a silly paper pushing document which will no doubt require payment by farmers at some stage. You just maintain the roads and we'll just look after stock and put food on your table.

Any additional comments?

Waikato council however does a much better job than Auckland. We're on the border with Waikato and would love you to shift it to include us.

In part

Please tell us why:

What changes would you like to see to the proposed Livestock Movement Bylaw 2022?

We have a permit to cross HOWARD road at the moment . As it is a no exit road with less than 50 vehicles per day we think we should be able to cross stock more than 3time per week .Maybe could have another option for no exit roads with small amounts of traffic .another day per week would be ideal

Subject: Livestock Movement Bylaw- Submission
Date: Friday, 29 October 2021 12:11:32 pm

Good morning,

I wish to respond to the proposed Livestock Movement bylaw 2022.

(A) Do you support the proposed Livestock Movement Bylaw?

We are happy to support this

We understand that road safety is paramount in all situations and we agree with the requirements as set out in the proposal.

We are currently and have always been abiding by all the recommendations as set out in the proposed by- law for the safe crossing of cattle.

(B) What changed would you like to see to the proposed Livestock Movement Bylaw 2021?

We are a small dairy farm operation and would be dependent upon Council guaranteeing that their flow on diagram on page 13 of the proposal will be brought into Law. Our farming practise would come into the category of a restricted Permit and this would work for us.

(C) Any Additional comments?

We also need to safe guard our livelihood and as an operational dairy farm we need to have access to our land on both sides of Mangatangi Road. The detrimental effects of any changes to our current ability to cross cattle will be enormous, and would make dairy farming on our land non-effective and non-viable.

To have to put in an underpass at enormous expense for such a very limited use of actually having cattle cross the road would put us out of business and ruin our livelihood.

Do you support the proposed Livestock Movement Bylaw 2022?

In part

Please tell us why:

The above-named entities, which are the legal owners of land on each side of Saalbrey Road, south of Ngaruawahia, are operated as one unit within our family. The land has always been farmed together, with livestock being moved across the road to fresh pasture as required.

It seems that Saalbrey Road has been classified in Appendix 3 of the proposed Bylaw as “Low Volume Sealed Rural Collectors”. Providing this classification is maintained, the proposed Bylaw is workable for our farming operation and appears very similar in effect to the previous rules which were brought in a few years ago. If however the road classification were changed to a more restrictive category it would render our farming operation unviable.

We note the provision to possibly charge a fee for processing permit applications. This seems inappropriate when we are simply needing to maintain a farming operation which has been occurring in this location for over 100 years. Charging a fee to process a permit when we are already paying over \$14,000 in rates and can use very few other services seems unreasonable.

Furthermore our cattle don't damage the road. We, however, devote many hours and some expense to maintaining the roadside and dealing with illegally dumped rubbish on it.

As a general observation we would note that the clear cause of on-going damage to Saalbrey Road and risk to users' safety is not occasional stock movements, but rather trucks thundering up and down the road. On one occasion recently two actually banged into each other while passing in opposite directions.

What changes would you like to see to the proposed Livestock Movement Bylaw 2022?

We do not think a fee should be charged to allow existing stock crossings to continue.

Any additional comments?

Do you support the proposed Livestock Movement Bylaw 2022?

Yes

Please tell us why:

As a holder of an existing permit under existing guidelines 2011, we see the necessity to update this. Traffic volumes have increased and trucks have more power. Logging trucks are now using our road on a regular basis for the past 4 yrs.

Safety and the maintenance of the road are very important.

If a bylaw that is fair to all and practical and designed to keep all users safe - we support that

What changes would you like to see to the proposed Livestock Movement Bylaw 2022?

I /We believe the Bylaw as proposed appears to be well thought out and has it pretty right, based on data of traffic volume included etc.

None of us want to pay for permits but I guess someone has to administer it and that has a cost - hopefully not too great

Could the permit life be extended from 5 to 8yrs. - It could cut down expense on consultation at time of review with it happening less often.

Any additional comments?

Our present situation. As holders of an existing permit- we have two crossing points -one used 2 times a yr and one used 2 times a month on average. By your map we are classed as a 220 vehicle, 70km sealed road. We probably don't require a permit at this point. However we will still keep in place the safety measures you have on file at present. These are stock signs both ways placed strategically, flashing amber lights mounted on vehicles, hazard lights activated and two persons administrating the crossing.

Do you support the proposed Livestock Movement Bylaw 2022?

In part

Please tell us why:

To enable clarity for farmers and road users. We get regular abuse from road users even though we make every effort to allow unimpeded traffic flow. It would be beneficial for our staff to know they "aren't breaking the law". Improve safety for both parties.

What changes would you like to see to the proposed Livestock Movement Bylaw 2022?

I would suggest excluding the requirement for flashing lights for stock crossing. Our previous experiences were that they attracted vandalism which lead to frustration and apathy regarding satisfying other more important conditions.

The road heirachy should reflect the time of the day animals are crossed, not simply the car movements per day. For example, as Hooker Road has got busier to commuters from 7.45am to 8.15am we now avoid crossing cows at this time.

Any additional comments?

I support the requirement not to have a road mat, as we have used these previously and find they make the whole process of crossing cows less safe.

I can't assess whether Hooker Road would be classed as High Volume or Low Volume. This could be significant in our case, as we cross cows more than 1 day per week. Could someone please clarify this for me?

Could the permits be more "case specific"? For example we have Sight Distance of 400m so question the need/value of having Stock Crossing signs?

Wish to speak to submission: No

Do you support the proposed Livestock Movement Bylaw 2022?

No

Please tell us why:

The proposed changes will make farming, in today's restrictive and stressful environment, impossible.

With the current stock movement regulations, it is workable, just, but even these are difficult to work with.

What changes would you like to see to the proposed Livestock Movement Bylaw 2022?

I would like to see a lessening of the restrictions so the farming activities are not tied up in paper work as this adds to the stress that goes into managing stock management and stock movement.

Any additional comments?

Farming is a primary industry which is under extreme stress. Adding more restrictions and paperwork to this stress will cause, in my opinion, a collapse in the industry.

Submission to Waikato District Council Proposed Livestock Movement Bylaw 2022.

Submission

Thank you for the opportunity to submit to this Policy Review.

1. The decision making Matrix has in my view been a successful model that provides clarity for farmers and Council. I suggest a couple of small tweaks to ensure the Policy is still fit for purpose
2. The safety requirements for those crossing or droving stock I believe are still also fit for purpose and I suggest are followed with a high level of compliance. These safety requirements do not require further changes. However, the Policy does require a change by deleting Point 11 (400 meters) to provide a meaningful Policy

The decision making Matrix.

As noted above I support the Matrix system to be retained to provide easy reference and clarity.

I suggest a couple of small changes. The Policy should provide for Permitted Status for less than one crossing per week on both High Volume Sealed Rural Collector Roads and Low Volume Sealed Rural Collector roads.

This small change would lower compliance cost for all parties while still maintaining a need for greater scrutiny for more frequent crossings or movements.

Stock Droving Policy

I note the stock droving limit Point 11. states a maximum of 400meters for moving stock along roads. This then makes the stock droving policy a non-event.

This submission requests that this clause is removed.

Reasoning. The Policy has very clear safety requirements Drivers must follow, thus a 'mandatory' distance requirement is irrelevant.

In support of this request I note the instance of a small (less to 20ha) Runoff property that provides the extra grazing/supplement harvesting that provides the economic viability to continue modest scale farming. I note this property is accessed by travelling less than 2 km along a low traffic volume road, then entering the Runoff across a sealed Rural Collector Road. This example has limited but essential stock movements between properties no more than 8 – 10 times per year.

I would be happy to meet Council to make this submission if required.

Regards

Jim Cotman

To	Policy and Regulatory Committee
Report title	Deliberations Reports for the Proposed Livestock Movement Bylaw 2022

1. Purpose of the report

Te Take moo te puurongo

To assist the Policy and Regulatory Committee (Committee) with their deliberations on the proposed Livestock Movement Bylaw 2022.

2. Executive summary

Whakaraapopotanga matua

The proposed Livestock Movement Bylaw 2022 (Bylaw) was approved for consultation by the Committee on 1 September 2021.

Public consultation was undertaken from 20 September to 29 November 2021. 15 submissions were received, and five submitters requested to speak at the hearing.

The majority of submissions (53%) supported the Bylaw or supported in part. The suggested amendments to the Bylaw were generally minor in nature. These are included in the report and Attachment 1 for the Committee's deliberations and direction.

Staff propose that, subject to amendments directed by the Committee, the Bylaw will be brought to the Policy and Regulatory Committee on 3 May 2022. It is planned the Bylaw will then go to Council for adoption on 23 May 2022.

The decisions and matters of this report are assessed as of moderate significance, in accordance with the Council's [Significance and Engagement Policy](#).

3. Staff recommendations Tuutohu-aa-kaimahi

That the Policy and Regulatory Committee:

- a. **provides direction to staff on changes required for the proposed Livestock Movement Bylaw 2022 (Attachment 1); and**
- b. **notes that subject to amendments directed by the Committee, the proposed Livestock Movement Bylaw 2022 will be brought to the Policy and Regulatory Committee on 3 May 2022, to recommend for adoption by Council on 23 May**

4. Background Koorero whaimaarama

Proposed Livestock Movement Bylaw

The proposed Bylaw was approved for consultation by the Policy and Regulatory Committee on 1 September 2021. Public consultation was undertaken from 20 September to 29 November 2021.

The proposed Bylaw (Attachment 1) regulates the controlled movement of livestock on or across Council's roads. The purpose of the proposed Bylaw is to:

- a) Ensure the safety of road users, persons moving livestock and the livestock; and
- b) Protect the structure and surface for roads.

The proposed Bylaw regulates the controlled movement of livestock on or across Council's roads. Within rural areas of the Waikato District, livestock are moved using roads as part of the everyday operations of some farms. This activity has the potential to cause nuisance and adversely affect the safety of road users, and efficiency and structure (surface of roads) of the road network. This issue is addressed by the proposed Bylaw, which sets our rules for how to move livestock safely.

Two types of permits are covered by the Bylaw:

- Livestock Moving Permit – when stock are moved down roads, and;
- Livestock Crossing Permit – when stock are moved across roads between gates, generally opposite each other or a maximum distance of 100 meters from each other.

The Bylaw also includes Council's policy for subsidising of stock underpasses.

Permitted, restricted and prohibited roads

The proposed Bylaw outlines when the movement of livestock is prohibited, permitted, or required to obtain a Council permit.

	Permitted (i.e. no permit required)
	Restricted (permit required)
	Prohibited (stock movement is not permitted)

5. Discussion and analysis

Taataritanga me ngaa tohutohu

Submission summary

15 submissions were received on the proposed Bylaw, and six submitters requested to speak at the hearing. For all submissions, please refer to the Hearings Report on the Livestock Movement Bylaw 2022.

The responses to the key submission questions are below:

1. *Do you support the proposed Livestock Movement Bylaw 2022?*
 - a. Yes – 20% (3)
 - b. In part – 33% (5)
 - c. No – 26% (4)

20% (3) did not respond to this question.

The main themes noted in response to this question are below:

Main themes within submissions: Do you support the proposed Bylaw?		
Yes	In part	No
<ul style="list-style-type: none"> • Support for the engagement between Councillors and Council staff, and affected parties when developing the proposed bylaw • Support for the decision-making matrix within the Bylaw 	<ul style="list-style-type: none"> • Intent of the Bylaw is supported in principle, subject to amendments suggested by submitters • Provides clarity for farmers and road users 	<ul style="list-style-type: none"> • Lack of evidence supporting the proposed Bylaw • Bylaw reflects unnecessary regulation and paperwork from Council

Matters raised in submissions

The majority of submissions (53%) supported the Bylaw or supported in part. The suggested amendments to the Bylaw were generally minor in nature. The following matters are noted for Council deliberations.

1. *Age of competent person*

The Bylaw requires a competent person to be 16 years or older to move stock across roads.

Four submitters (2153, 3598, 2129, 2154) requested the age limitation of 16 years of age is removed in Appendix 2.

Staff propose this is changed as requested, as there is no minimum age to work.

2. *Excessive stock excrement*

The proposed Bylaw requires excessive stock excrement to be removed when stock are moved across or on roads.

Federated Farmers (2153) requested this requirement is removed, as it may duplicate requirements from Waikato Regional Council (WRC).

Staff propose this rule is retained, to align with other Bylaw requirements regarding picking up of animal faeces and to not rely on WRC enforcement action and plans.

3. *Maximum distance for driving stock down roads*

The proposed Bylaw notes the maximum distance stock are driven along a public road must not exceed 400m.

Four submitters (2153, 3598, 2129, 2154) requested the removal of this rule. This is because it was considered an unrealistic requirement for farmers to require stock only to be moved 400m down roads.

Staff propose this rule is removed, as it may be unreasonable for have a 400m limit only for moving stock down roads.

4. *Signage*

The Bylaw has rules relating to signage of stock crossings. One of these rules specifies that while Council approves signs and arranges for signs to be installed on behalf of the permit holder, the correct use and maintenance of the signs in the responsibility of the permit holder.

Federated Farmers (2153) requested for Council to manage signs once they are installed to ensure consistency and road safety of all crossings. Two submitters (3598 and 2129) also requested that farmers should be permitted to purchase and install their own signs.

Staff propose Council is not responsible for managing signs for stock crossings. This would be an expansion on Council's responsibility which would be better placed with the individual.

5. *Permit timeframes*

The proposed Bylaws states that permits can be issued for a period of time between one to five years, depending on specific stock movement, traffic safety criteria and non-compliance with the Bylaw.

Four submitters (3598, 2129, 2154 and 2086) requested for permit timeframes to be 5 years only, to provide certainty to stock owners.

Staff propose no change to permit timeframes. Council can issue permits for timeframes dependent on the criteria outlined in the Bylaw.

6. *Subsidises for stock underpasses*

The proposed Bylaw specifies how costs will be shared between Council and the public for stock underpasses. This states that Council may contribute to the costs of the construction of a stock underpass (at its discretion, and subject to funding provisions of the Long Term Plan).

This is partially subject to the average traffic volume per day of certain roads. Roads with less than 500 average traffic volume per day do not qualify for the maximum 25% subsidy.

One submitter (3598) requested that farmers should be eligible for the Council subsidy, irrespective of the daily traffic count.

Staff propose no change is required. Public benefit is gained for roads with higher levels of road use. As the road use gets lower, there is little public benefit.

7. *Fees and charges*

The fees for Livestock Movement and Crossing Permit applications, inspections of stock underpasses, public complaints, and so on are set out under Council's Fees and Charges 2021-24.

Three submitters (2153, 2154, 2129) opposed aspects of the fees. No change is proposed as these fees are already set in Council's Fees and Charges document. When next reviewing Council's Fees and Charges document, staff will contact these submitters so they can be informed of the opportunity to provide feedback.

8. *Conditions for Livestock Movement Permits*

Livestock Moving Permits conditions (Appendix 2) require the applicant to specify which routes stock are planned to move stock along.

One submitter (2129) requested for this requirement to be removed, as it is not practical to identify all routes covered in a five year timeframe.

Staff propose that the permits continue to require the identification of routes and roads to move stock. The basis of the Bylaw requires the identification of roads to determine if a permit is required or not.

9. *Site distance requirements*

The Bylaw includes requirements for site distances for moving stock.

One submitter (3696) noted that site distance requirements within the Bylaw for moving stock differ compared to 'Rural Subdivision entrance look-up speed tables'. These rules set out the site line distances for vehicles to move in and out of property entranceways.

Staff propose that the site lines distances noted in the proposed Bylaw are appropriate. Longer site distances are required for moving stock compared to vehicles entering in and out of properties.

Other minor matters relating to grammatical errors, bylaw wording and general comments in support or opposition are outlined in Attachment 1.

5.1 Options

Ngaa koowhiringa

Staff have assessed that there are two reasonable and viable options for the Committee to consider. This assessment reflects the level of significance (see paragraph 6.1) and Council's legislative requirements. The options are set out below.

1. Provide direction to staff on required changes to the Bylaw, to be brought back on the Policy and Regulatory on 3 May 2022
2. Further consultation and review of the Bylaw and Policy.

Staff recommend Option 1 because feedback indicates general support of the Bylaw, and the changes suggested in general are minor.

5.2 Financial considerations

Whaiwhakaaro puutea

No additional resource is required for the permitting of Livestock Movement and Crossing permits, as set out under the Bylaw. This will be covered under existing budgets.

The fees and charges for the proposed permits are currently set out under Councils 2021/24 Fees and Charges schedule. These are:

- Livestock crossing, moving or driving permit application – free of charge
 - Permanent livestock crossing 1st application – \$250
 - Permanent livestock crossing biannual/annual checks – \$125
 - New stock crossing – installation of posts, signs & cones – \$1,250
 - Stocking crossings – dealing with non-compliance of stock crossing permit conditions – \$150
 - Memorandum on encumbrance for stock underpass – \$790
 - Two-yearly structural inspection of stock underpass – \$176
-

The Bylaw also includes policy regarding the subsidising of stock underpasses. This is at Council discretion and is subject to certain criteria, such as daily road count and funding being available.

There are no material financial considerations associated with the recommendations of this report.

5.3 Legal considerations **Whaiwhakaaro-aa-ture**

Council's consultation on the proposed amended Bylaw was undertaken in accordance with the Special Consultative Procedure (Section 83 of the LGA). This was extended by a month due to Covid-19 restrictions in the Waikato District.

When making Bylaws, Section 155 of the LGA requires Council to determine whether the proposed bylaw:

- a. Is the most appropriate way of addressing the problem or perceived problem
- b. Is the most appropriate form of the bylaw; and
- c. Gives rise to any implications under the New Zealand Bill of Rights Act

Corporate planning staff have considered and recommend that Attachment 2 is the most appropriate way of addressing the perceived problems associated with dogs, and that the Bylaw, as drafted, is the most appropriate form of the Bylaw.

Legal have also reviewed the Bylaw prior to consultation and confirm that the Bylaw is not in conflict with or gives rise to any implications under the New Zealand Bill of Rights Act 1990.

Staff confirm that Option 1 complies with the Council's legal and policy requirements.

5.4 Strategy and policy considerations **Whaiwhakaaro whakamaaherehere kaupapa here**

The report and recommendations are consistent with the Council's policies, plans and prior decisions.

5.5 Maaori and cultural considerations **Whaiwhakaaro Maaori me oona tikanga**

No significant impact on Maaori or material cultural issues have been identified. Iwi were specifically contacted as part of the consultation process; however, no direct feedback was received as part of the consultation process.

5.6 Climate response and resilience considerations **Whaiwhakaaro-aa-taiao**

The matters in this report have no known impact on climate change or resilience for the Council.

5.7 Risks

Tuuraru

No risks have been identified.

6. Significance and engagement assessment

Aromatawai paahekoheko

6.1 Significance

Te Hiranga

The decisions and matters of this report are assessed as of moderate significance, in accordance with the Council's [Significance and Engagement Policy](#).

The following criteria are particularly relevant in determining the level of significance for this matter:

- There is a legal requirement to engage with the community. This is required for Bylaws.
- The proposal or decision will affect a large portion of the community. This Bylaw impacts on farming operations, which is a key activity within the rural district.

6.2 Engagement

Te Whakatuutakitaki

Highest level of engagement	Inform	Consult	Involve	Collaborate	Empower
	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	<p>Consultation on the proposed Bylaw and Policy was undertaken from 20 September to 29 November 2021.</p> <p>Council contacted all previous livestock movement permit holders to advise of the opportunity to provide feedback on the proposed Bylaw. A number of key stakeholders were also contacted, including mana whenua and iwi, community boards and committees and Federated Farmers.</p> <p>To ensure the general public were aware of the proposal, four public notices were published in local newspapers and information was put on Council's website. One post was published on Council's Facebook page. Information was sent to local rural schools to use in school newsletters, if they chose to use it. A media release was also sent out.</p>				

Stakeholders that have been or will be engaged with are:

7. Next steps Ahu whakamua

The Bylaw will be brought to the Policy and Regulatory Committee for recommended adoption by Council. This will include further changes incorporated by the Committee.

Following adoption, all submitters will be contacted by email or letter to advise on Council's decisions on the Bylaw and Policy. To ensure the general public are informed, a public notice will be placed in local newspapers, information will be published on Council's website, a Facebook post will be published on Council's Facebook page and information will be included in Council's e-newsletter. A media release will also be issued.

8. Confirmation of statutory compliance Te Whakatuuturutanga aa-ture

As required by the Local Government Act 2002, staff confirm the following:

The report fits with Council's role and Committee's/ Terms of Reference and Delegations. Confirmed

Refer to the [Governance Structure](#)

The report contains sufficient information about all reasonably practicable options identified and assessed in terms of their advantages and disadvantages (Section 5.1). Confirmed

Staff assessment of the level of significance of the issues in the report after consideration of the Council's Significance and Engagement Policy (Section 6.1). Moderate

The report contains adequate consideration of the views and preferences of affected and interested persons taking account of any proposed or previous community engagement and assessed level of significance (<i>Section 6.2</i>).	Confirmed
---	-----------

The report considers impact on Maaori (<i>Section 5.5</i>).	Confirmed
---	-----------

The report and recommendations are consistent with Council's plans and policies (<i>Section 5.4</i>).	Confirmed
---	-----------

The report and recommendations comply with Council's legal duties and responsibilities (<i>Section 5.3</i>).	Confirmed
--	-----------

Waikato District Council

Proposed Livestock Movement Bylaw 2022.

Waikato District Council, in exercise of its powers under the Local Government Act 2002 and its respective amendments, the Land Transport Act 1998 and its respective amendments, and all other relevant powers, hereby makes the following bylaw:

Introduction

1.0 SHORT TITLE AND COMMENCEMENT

- 1.1 This bylaw shall be known as the “Waikato District Council Livestock Movement Bylaw 2022”
- 1.2 This bylaw shall come into force on (Day) (Month) (Year)

2.0 PURPOSE OF BYLAW

- 2.1 Within rural areas of the Waikato District Council, livestock are moved using roads as part of the everyday operations of some farms. This activity has the potential to adversely affect the safety of road users and the efficiency and structure (surface of roads) of the road network. The purpose of this Bylaw is to:
- (a) Ensure the safety of road users, persons moving livestock and the livestock; and
 - (b) Protect the structure and surface of roads.

3.0 APPLICATION

- 3.1 This Bylaw applies to all roads under the control and/or management of the Council.

4.0 INTERPRETATION

In this Bylaw, unless inconsistent with the context:

Authorised Officer	means any employee of the Council appointed to carry out general or specific duties arising from any of the provisions of this bylaw, unless stated otherwise in this bylaw.
Council	means the Waikato District Council.
Crossing Manager	means the person managing the livestock crossing or moving.
Drove	means to move a herd of animals from one place to another.
Drover	means any person in the process of moving livestock from one point to another along a road.
Farm	means an area of land which is used for the purpose of agriculture including grazing of livestock.
Livestock	means all animals that are likely to be kept for commercial purposes and taken onto the road for the purpose of moving from one part of the farm to the other or to another destination. 'Stock' shall have the same meaning as 'Livestock'.

Livestock Crossing Permit	is a time specific permit allowing for the movement of livestock across a road between gates which are generally opposite each other, or are of a maximum distance of 100 meters from each other.
<u>Livestock Moving Permit</u>	<u>Is a time specific permit for when moving livestock along one or more public roads.</u>
Local street	Roads less than 70km/h residential streets in urban areas/ townships/ villages
Main street	Roads less than 70km/h – such as CBD and main roads through townships and villages
Mob	means a group (more than one) of livestock being moved from one place to another.
Pilot vehicle	means and includes any motor cycle, 4 wheel farm bike, car, utility vehicle, tractor, or trucks operating and moving with hazard lights in operation in front of or behind the mob.
Races	means confined areas for moving livestock from one location to another location.
Road	has the same meaning as contained in section 2 of the Land Transport Act 1998 and includes - a) a street; b) a motorway; c) a beach; d) a place to which the public have access, whether as of right or not; e) all bridges, culverts, ferries, and fords forming part of a road or street or motorway, or a place referred to in paragraph d); and f) all sites at which vehicles may be weighed for the purposes of the Land Transport Act 1998 or any other enactment. And excludes: a) culverts that are stock underpasses; and b) unformed Legal Roads on farmland.
Road user	means any motorist, cyclist, pedestrian or drover.
High Volume Sealed Rural Collectors	Road in rural areas more than 70km/h that have more than 1000 vehicles per day
Low Volume Sealed Rural Collectors	Sealed roads in rural area more than 70km/h that have less than 1000 vehicles per day
Traffic Management Plan	means a sketch plan or map or other approved document outlining the safety procedures/methods that the crossing manager appointed by the permit holder will use to ensure the safety of all road users whilst moving stock along or across the road.
Urban area	means any area where the posted speed limit is 70 kph or less, and includes main roads and local streets
Urban collectors	Road more than 70km/h in urban areas with more than 200 vehicles per day

Formatted Table

Commented [HB1]: Definition for Livestock Movement Permit is included

5.0 COMPLETE RESTRICTION ON MOVEMENT OF LIVESTOCK

5.1 Except in accordance with Clauses 7, 8, 9 and 10 and Appendix 3, no person shall move any livestock along or across any public road:

- (a) Within an urban area; or
- (b) On any National, Regional, and Arterial road (roads generally controlled by New Zealand Transport Agency); or
- (c) On any other road, public reserve or public place that Council may restrict from time to time; or

Commented [HB2]: For clarity for readers of the Bylaw.

- (d) Where the livestock may be lawfully and reasonably moved across private land owned or managed by the owner of the stock instead of across or along a road.

6.0 MOVEMENT OF LIVESTOCK ON ROADS PERMITTED IN CERTAIN CIRCUMSTANCES

- 6.1 Unless prohibited under Clause 5 of this Bylaw, the movement of livestock along or across an unsealed and rural roads road is permitted. This is subject to the following conditions:
- (a) Livestock shall not be moved during the hours of darkness (the hours of darkness being those hours between half an hour after sunset and half an hour before sunrise the next day)
 - (b) There shall be, at all times, adequate warning of the presence of livestock, both in front and behind, which must be clearly visible at a distance of no less than 170 metres. Adequate warning shall comprise not less than 2 of the following warning mechanisms:
 - Amber flashing light and/or hazard lights on vehicles; or
 - Staff wearing 'Dayglo' safety vests; or
 - Staff using orange or red flags to warn traffic of stock on the road; or
 - TW6 'Stock Crossing' signs (attached to a vehicle or closed when stock are not on the road); or
 - Two road cones, not less than 900mm high, at least 30m apart on each side of the crossing point (removed when stock are not on the road).
 - (c) The livestock shall be moved in such a manner so as to ensure that their time on the road is minimised.
 - (d) Persons moving livestock shall take all reasonable and practical steps to make way for or allow vehicles to pass through the stock;
 - (e) Persons moving livestock shall remove excessive stock excrement from the road;
 - (f) Persons moving livestock shall take all reasonable steps to avoid damage to the road, to any public amenities and to private property, and shall notify the owners of the public amenity or private property (which ever shall apply) of the damage and repair any damage so caused;
 - (g) The movement of livestock along a road shall at all times be under the control of at least two competent persons, one maintaining a position in front of, and another maintaining a position behind the livestock.
 - (h) Livestock are moved along or across the same section of:
 - i. An unsealed road no more than 6 days per week on average per year; or
 - ii. A rural road no more than 4 days per week on average per year
- 6.2 The movement of livestock is permitted if it is for the purpose of returning livestock to a farm in the event of an animal escape or similar emergency.

7.0 LIVESTOCK CROSSING AND LIVESTOCK MOVING PERMITS

- 7.1 Two permits are available for moving livestock across or along roads:
- (a) Livestock Crossing Permit; and
 - (b) Livestock Moving Permit
- 7.2 Livestock Crossing Permits and Livestock Moving Permits are required in accordance with Appendix 3.
- 7.3 In the event of safety concerns or non-compliance with Clause 6.1 ~~and, 6.2 and 6.3~~, Council may, at the discretion of an Authorised Officer, require a person to apply for a permit for Livestock Crossing and Livestock Movement on Rural Roads and Unsealed Roads.

Commented [HB3]: Removal of reference to 6.3, which does not exist.

7.4 In emergency situations where livestock will have to be moved across or along a public road for a longer period of time, such as the collapse or flooding of an underpass, a temporary Livestock Crossing or Livestock Moving Permit may be issued for a restricted period of time. In this case, the crossing manager shall notify the Council within 24 hours with a description of the emergency situation and an estimation of the duration the temporary permit will be required.

Commented [HB4]: Consistency in terminology – refer to 'road' which is defined, rather than 'public road', which is not defined.

7.5 Where any permit has been issued, the permit holder shall comply with all permit conditions at all times.

7.6 All permits issued by Council will be subject to specific minimum conditions. These conditions are contained in Appendix 2 of this Bylaw and will be listed on the reverse of the permit application forms. Council's Authorised Officer may impose any other conditions which are considered necessary for safety or performance requirements.

7.7 Where an existing permit has been issued and the property relevant to the permit has been transferred or leased to a different person (without modification to farm size or farming practices), the new owner may apply to the Council to have the permit assigned to them. Any such application must be in writing and must have the consent of the current permit holder. Any applications will be assessed against the requirements of this Bylaw.

8.0 LIVESTOCK CROSSING PERMIT

Applications

8.1 Any application for a Livestock Moving-Crossing Permit must be received by Council at least 10 working days before the first intended movement of stock; and

Commented [HB5]: Incorrect reference

8.2 New Livestock Crossing Permit applications will be evaluated against the criteria in Council's Livestock Crossing and Livestock Movement Permits (Appendix 2), the processes outlined in Council's Policy "Stock Movement and Crossing Policy" (Appendix 3), Sight Distance Requirements (Appendix 1), and Livestock Movement Policy (Appendix 4).

8.3 Subject to Clauses 8.2, a new permit will not be issued if the proposed crossing location does not meet the following criteria:

- (a) Road hierarchy;
- (b) Frequency of use;
- (c) Sight distance; or
- (d) Any other criteria as specified in the Livestock Movement Policy

8.4 Council may issue a permit where the proposed crossing location does not meet the specified criteria if any of the following circumstances apply:

- (a) The proposed crossing is located on a no exit road, taking into consideration the views of the owners or occupiers of affected or neighbouring properties located on the part of the road above the crossing point and the blind end of the road: or
- (b) The proposed crossing is located in the Aka Aka drainage district, where installation of an underpass is impractical or prohibitively expensive: or
- (c) The proposed crossing is located on a Main Street or Local Street that has been identified as a restricted activity in Appendix 3, provided that the frequency of use, sight distance and other criteria are met.

Approvals

~~8.5 A Livestock Crossing Permit will be revoked if:~~

- ~~(a) The Permit Holder has breached their permit conditions; or~~

Commented [HB6]: Content duplicates content in Clause 11.

~~(b) The Permit Holder has acted contrary to this Bylaw; or~~

~~9.68.5~~ If the livestock crossing permit is categorised as prohibited in accordance with Clause 5.1 and Appendix 3 of this Bylaw, Council may, at its discretion, issue a temporary permit in exceptional circumstances.

Any temporary permit will only be issued for a maximum period of 12 months and will not be renewed. After the expiry of that 12-month period, an underpass must be installed.

Renewals

~~9.78.6~~ Any renewal applications:

- (a) Must be received by Council at least 20 working days prior to the expiry date of the permit;
- (b) Must include updated livestock crossing details; and
- (c) Any applications will be assessed against the requirements of this bylaw, current traffic safety, and previous permit compliance

9.0 LIVESTOCK MOVING PERMIT

Applications

9.1 Any application for a Livestock Moving Permit must be:

- (a) Received by Council at least 10 working days before the first intended movement of stock; and
- (b) Accompanied by a traffic management plan.

9.2 A traffic management plan which is to accompany any application for a Livestock Moving Permit must:

- (a) Detail all intended routes or journeys;
- (b) Outline how the applicant proposes to meet the conditions in the Livestock Movement Policy (Appendix 4) on the application form;
- (c) Be in accordance with the current New Zealand Transport Agency Code of Practice for Temporary Traffic Management.

9.3 New Livestock Moving Permit applications will be evaluated against the criteria in Council's Livestock Movement Permits (Appendix 2), "Stock Moving and Crossing Policy" (Appendix 3), Sight Distance Requirements (Appendix 1) and the Livestock Movement Policy (Appendix 4).

Approvals and Renewals

9.4 Livestock Moving Permits will be issued for a period of between 1 to 5 years, depending on specific stock movement, traffic safety criteria and non-compliance with this Bylaw.

9.5 Any renewal application:

- (a) Must be received by Council at least 10 working days prior to the expiry date of the permit; and
- (b) Must include any relevant updated livestock crossing details; and
- (c) Will be evaluated in accordance with this Bylaw, previous permit compliance and current traffic safety.

10.0 DECLINING A PERMIT APPLICATION

10.1 If an application to issue or renew any permit is declined, the applicant shall be notified in writing with reasoning for decision.

- 10.2 A person who has received written notice that a permit application has been declined may, within 10 working days of receipt of the notice, lodge an objection in writing to the General Manager Service Delivery of the Council stating the grounds of their objection.
- 10.3 The objection shall be referred to a Sub-Committee consisting of the Chair of Council's Infrastructure Committee or their deputy; the Chair of Council's Policy and Regulatory Committee or their deputy, and the Mayor who shall consider the objection and make a decision on the matter.
- 10.4 The decision of the Sub-Committee appointed in Clause 10.3 shall be final.
- 10.5 The applicant shall be notified of the decision in writing no later than 10 working days after the Sub-Committee has determined the objection. The notification shall include reasons for the decision.

Extension Period

- 10.6 If Council decides to renew a permit, an extension period of 6 months from the date of the written notification of the Council's decision, will be granted to enable the permit holder to make alternative arrangements, after which time the permit shall be cancelled.
- 10.7 If a permit holder is unable to make alternative arrangements during the Extension Period outlined in Clause 10.6, they must notify Council, in writing and at least 10 working days prior to the expiration of the Extension Period, of the reasons why alternative arrangements could not be made.
- 10.8 Council may, at its discretion grant a further temporary Extension Period of 6 months

11.0 REVOKING OR SUSPENDING A PERMIT

- 11.1 Any Livestock Crossing Permit or Livestock Moving Permit may be revoked, suspended or reviewed if the General Manager Service Delivery or their equivalent is satisfied that:
- (a) The permit holder has failed to comply with any of the conditions of their permit; or
 - (b) The frequency of livestock crossing the road has increased beyond that authorised by the Livestock Crossing Permit, or
 - (c) The status or road hierarchy of the road over which the crossing or movement occurs has changed significantly from that prevailing when the permit was issued such that safety will be severely compromised if the crossing or movement continues, or
 - (d) Or other such relevant matters considered appropriate.

12.0 SAFETY ON ROADS

- 12.1 If, at any time when an authorised officer considers it necessary to close or restrict traffic flows on a road because of road works, flooding or an emergency, or other event, the authorised officer shall have discretionary power either to halt mobs in one place with a view to restricting their movement or to re-direct mobs along such other road or roads which under the circumstances are considered most appropriate.

13.0 DAMAGE TO ROADS AND ENVIRONMENT

- 13.1 Irrespective of whether permits have been issued, any person moving livestock along or across the road shall:
- (a) Take all reasonable precautions to ensure that livestock do not cause damage to the road, any public amenities or private property;
 - (b) Be responsible for the costs of repairing any damage caused; and

- (c) Ensure excessive stock excrement or mud is removed from the road along which the livestock are being moved.

13.2 Council shall have the right to recover costs from any person moving livestock along or across a road where:

- (a) The movement of the livestock has caused damage to the road resulting in unscheduled maintenance or repair of the road reserve or road surface being required; or
- (b) Excessive stock excrement or mud is required to be removed from the road along which the livestock are being moved.

14.0 INSPECTION OF STOCK CROSSINGS AND ROADS

14.1 Council may choose to inspect stock crossings, roads and/or the environment for the purpose of:

- (a) Identifying if the Bylaw has been breached; or
- (b) Identifying if Livestock Crossing or Livestock Moving Permit Conditions are being met; or
- (c) Validating data contained in any Livestock Crossing or Livestock Moving permit applications.

14.2 The frequency of inspections will be at Council's discretion.

14.3 Based on inspections, Council may:

- (a) require a person to apply for a permit for Livestock Crossing and Livestock Movement on Rural Roads and Unsealed Roads or
- (b) Decline, revoke or suspend permit applications

15.0 PERMITS AND FEES

15.1 Council may charge a fee for the processing of any applications for permits and any such fee will be payable by the applicant.

15.2 Should ongoing non-compliance relating to livestock movements require repeated visits by Council staff, Council may charge an inspection fee payable by the holder of the permit (if applicable) or person responsible for the livestock movements.

15.3 The amount of the fees will be set by the Council from time to time pursuant to section 150 of the Local Government Act 2002 and can be found in Council's Fees and Charges.

16.0 OFFENCES AND PENALTIES

16.1 Every person commits a breach of this bylaw who:

- (a) Commits, or causes, or permits to be committed, any act contrary to this Bylaw, or
- (b) Omits, or knowingly permits to remain undone, any act required by this Bylaw, or
- (c) Obstructs or hinders any officer of the Council in the performance of any power, or duty conferred upon him or her by this Bylaw
- (d) Provides incorrect frequency of use or any other incorrect details in any application.

16.2 Any person who fails to comply with the requirements of this bylaw commits an offence and may be liable to a penalty under the Local Government Act 2002.

This Bylaw was made pursuant to a resolution passed by the Waikato District Council on (Day) (Month) (Year)

Appendix I

Sight Distance Requirements

Council will assess any livestock movement or livestock crossing permit applications against the requirements in Table I. 85th percentile means the speed at which 85% of the passing vehicles are either at or below.

Table I: Sight Distance Requirements

85 th percentile operating speed, measured at the site (or if above not known, posted speed plus 10km/h)*	Minimum sight distance requirements (m)
50	89
60	113
70	140
80	170
90	203
100	240
110	282

DRAFT

Appendix 2 - Permits

Conditions for Livestock Crossing Permits

1. Entranceways, including additional adjacent shoulders, at points where stock cross the berm should be surfaced in an appropriate material such as brown rock or sand and be constructed to accommodate the regular movement of stock, to a standard that prevents damage to the road and avoids mud being tracked onto the crossing.
2. Any new entranceways shall be constructed to the minimum dimensions shown on standard drawing TSG-E3 and surfaced with brown rock or sand so that the mud is not tracked across the road. Plan TSG-E3 details Council's requirements for Rural/Residential entranceways and is available from any office of Council.
3. Temporary warning signs are required to be used when stock are crossing and all signage must be approved by Council. Council will arrange for the signs to be installed on behalf of the permit holder. A subsidy is available for approved signage. Correct use and maintenance of the signs is the responsibility of the permit holder.
4. An amber flashing light of at least 500 lumens is required at the crossing point and shall be operated continuously whilst livestock are crossing the road. Installation and operation of the light is the permit holders' responsibility. Road cones no less than 900mm high may also be used to warn traffic in areas of limited visibility.
5. The requirements of the Health and Safety at Work Act 2015 and its amendments shall be complied with at all times.
6. At least one competent person (~~16 years of age or older~~) shall be present at all times while livestock are using the crossing.
7. Persons moving livestock across the road must take all reasonable and practical steps to allow vehicles to pass through the stock without undue delay.
8. The crossing manager shall take all due care to protect the road reserve and the road surface from any damage at the point where the stock cross the road. If necessary, Council may require the use of stock mats or other measures.
9. Excessive stock excrement must be removed from the road immediately following every crossing.
10. Council may recover from the permit holder any costs incurred to repair any damage caused or to remove excessive effluent from the road, as a direct result of the crossing manager failing to meet the requirements of Condition 8 and 9 above.
11. Other special conditions may be applicable to this permit and, where relevant, will be stated below.
12. This permit is valid for up to 5 years from the date of issue unless indicated otherwise.
13. The permit holder shall advise the Council of any change of ownership or grant of lease of the land to which this permit relates.
14. The permit holder shall advise the Council of any significant change in farming practice that may impact on the ongoing relevance of this permit

Special Conditions

15. A stock mat is required to be used? Yes / No
16. Other requirements.....

Commented [HB8]: Suggest to refer to competent person only.

Conditions for Livestock Moving Permits

1. Only the routes specified in this application and the associated traffic management plan are covered by this permit. No other route shall be used without prior approval by the authorised officer.
2. The stock manager and/or drover in charge shall be responsible for providing adequate warning for traffic. Traffic control shall be in accordance with the traffic management plan submitted with the application.
3. There shall be, at all times, adequate warning of the presence of livestock, both in front and behind, which must be clearly visible at a distance of no less than metres, (the distance to be determined in accordance with the speed environment).

Adequate warning shall comprise not less than 2 of the following warning mechanisms:

- Amber flashing lights of at least 500 lumens and/or hazard lights on vehicles; or
 - Staff wearing 'Dayglo' safety vests; or
 - Staff using orange or red flags to warn traffic of stock on the road; or
 - TW6 'Stock Crossing' signs (attached to a vehicle or closed when stock are not on the road)
4. The stock manager and/or drover shall ensure that due care is taken to protect the road reserve and the road surface from any damage whilst the stock are being driven along the road.
 5. Livestock shall not be moved during the hours of darkness. (The hours of darkness means those hours between half an hour after sunset and half an hour before sunrise the next day).
 6. Excessive stock excrement must be removed from the road immediately after stock has been moved.
 7. Council may recover from the permit holder, any costs incurred to repair any damage caused to, or to remove excessive effluent from, the road, as a direct result of the stock movements carried out under this permit.
 8. Other special conditions may be applicable to this permit and, where relevant, will be stated below.
 9. This permit is valid foryears from the date of issue. (between 1-5).
 10. The permit holder shall advise the Council of any significant change in farming practice that may impact on their ongoing relevance of this permit.

~~11. Distance stock are driven along a public road must not exceed 400m~~

Special Conditions

Commented [HB9]: Road is defined, 'public road' is not. Requested for terminology. Delete

Appendix 3

STOCK MOVING AND CROSSINGS POLICY

Process for Evaluating New Permit Applications or Renewing Existing Permits

Introduction

This policy is to be used to identify if a permit is required for stock moving along or across any road.

Table 1: Assessing permit applications requirements.

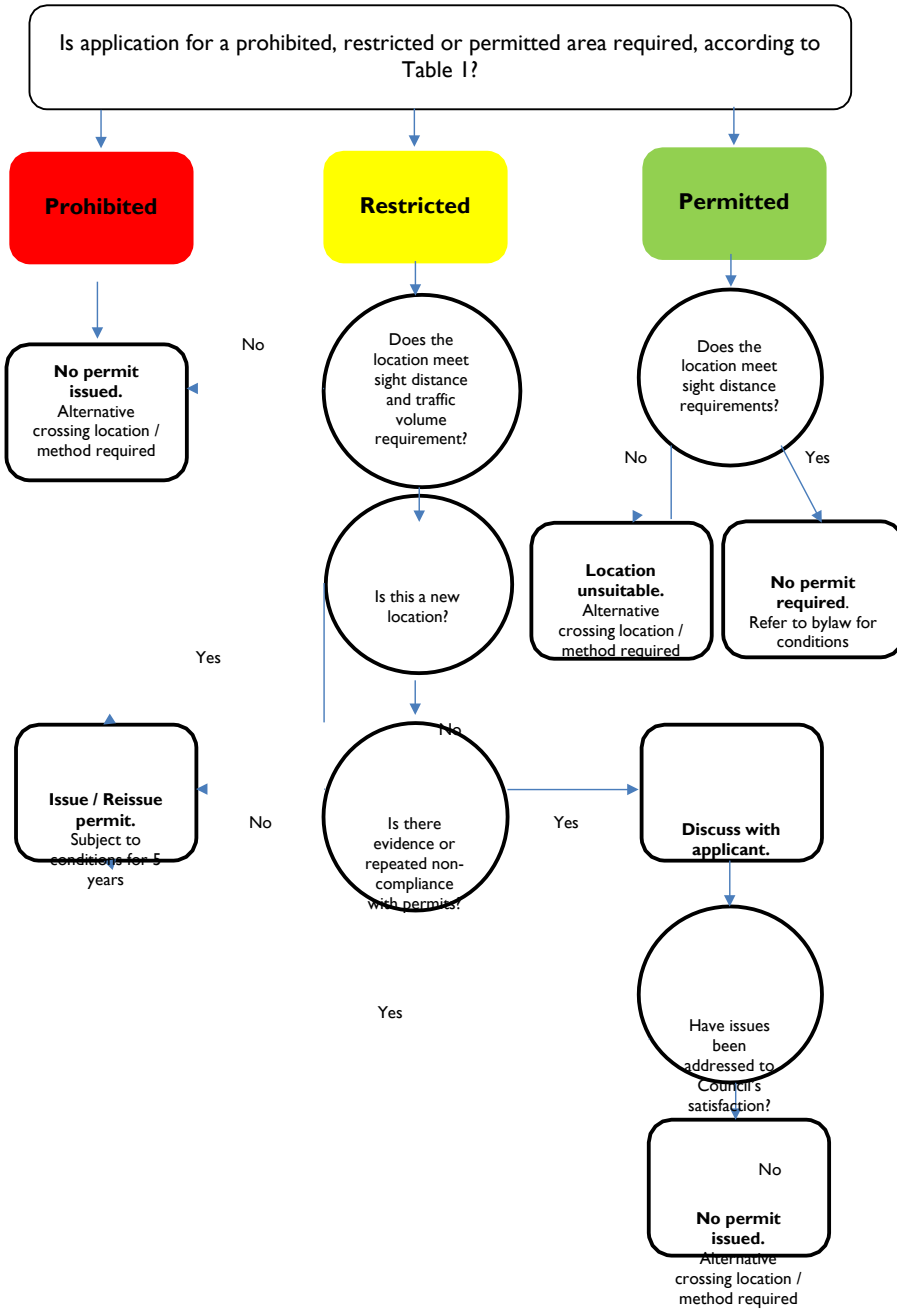

Road hierarchy	Description	Average Number of days stock crossing / moving per week, averaged through the year							
		<1	1	2	3	4	5	6	7
Main Streets	Roads less than 70km/h – such as CBD and main roads through townships and villages	Red	Red	Red	Red	Red	Red	Red	Red
Local Streets	Roads less than 70km/h residential streets in urban areas/ townships/ villages	Red	Red	Red	Red	Red	Red	Red	Red
Urban Collectors	Roads above 70km/h - main roads outskirts of urban areas/ townships/ villages) with more than 200 vehicles per day	Yellow	Yellow	Red	Red	Red	Red	Red	Red
High Volume Sealed Rural Collectors	Roads in rural areas above 70km/h that have more than 1000 vehicles per day	Yellow	Yellow	Red	Red	Red	Red	Red	Red
Low Volume Sealed Rural Collectors	Roads more than 70km/h in rural areas that have less than 1000 vehicles per day	Yellow	Yellow	Yellow	Yellow	Red	Red	Red	Red
Sealed Rural Roads >70km/h	Roads less than 70km/h and less than 200-vehicles per day)	Green	Green	Green	Green	Green	Yellow	Yellow	Red
Unsealed Roads		Green	Green	Green	Green	Green	Green	Green	Yellow

Commented [HB10]: Rewording for clarity

Commented [HB11]: Deleting as this is included in the description text

Permitted (i.e. no permit required)
Restricted (permit required)
Prohibited (stock movement is not permitted)

Figure 2: Assess permit requirements.

Appendix 4

WAIKATO DISTRICT COUNCIL LIVESTOCK MOVEMENT POLICY

Policy Definition

This policy relates to the Livestock Movement Bylaw 2021. Refer to that document for definitions and interpretation.

1.0 Policy Objectives

- 1.1 To protect the safety of:
 - (a) road users;
 - (b) Persons moving the livestock;
 - (c) The livestock.
- 1.2 To protect structures and the surface of roads
- 1.3 To minimise inconvenience, nuisance and potential danger to all roads users; and
- 1.4 To respect the need for efficient farming operations without compromising safety on the road.
- 1.5 To eliminate the number of unsafe stock crossings in the district.

Commented [HB12]: Spelling error and clarity

2.0 How we intend to achieve these objectives

- 2.1 Council intends to ensure that all stock crossings are safe and in appropriate locations. Where the locations and their sight distance are considered to be unacceptable they are to be replaced with underpasses. Requests for stock crossings will be evaluated against the operating procedures in Appendix 3 of the Livestock Movement Bylaw 2021. Consideration will be given to the following criteria:
 - (i) Road Hierarchy
 - (ii) Sight distance
 - (iii) Regularity of crossing
 - (iv) Compliance with permit conditions
- 2.2 Where a proposed Livestock Crossing location does not meet the required criteria then an alternative complying location must be used or an underpass constructed.
- 2.3 Livestock crossings that meet the criteria, and other livestock movements on district roads, will be required to meet strict safety standards by way of a written permit and will be monitored regularly for compliance with the permit conditions.

3.0 Subsidies

- 3.1 The Council will use the New Zealand Transport Agency subsidy rules as set out in the Planning, Programming & Funding Manual, for cost sharing for stock underpasses. At its discretion, and subject to the funding provisions of the Long Term Plan, the Council may contribute to the costs of construction of an underpass as shown in the following graph:

Cost sharing for stock underpasses or overpasses

Figure 1

Formula for cost sharing for stock underpasses or overpasses

CS = $0.05 \times \text{AADT}$ (on roads having less than 500 AADT) in percent

Where:

CS = 25 percent (on roads having greater than or equal to 500 AADT)

CS = Approved Organisations' or Transport Agency's (state highways) contribution, including the Transport Agency's funding assistance, to the total construction cost of an access structure on an existing road (in percent)

AADT = average traffic volume per day

- 3.2 Subsidy relates to a standard sized underpass (4m x 2m), approaches and pumping facilities if required.
- 3.3 The cost of supply and installation of approved temporary warning signs and stock mats may be eligible for subsidy.

Attachment 1: Submissions and staff comments on proposed Livestock Movement Bylaw

Submission ID	Topic	Proposed Bylaw	Suggested changes	Staff comment
<ul style="list-style-type: none"> • 2153, Federated Farmers • 2154, Rosemarie Costar 	Enforcement	<p>Clause 8.5 specifies that that a 'Livestock Crossing Permit will be revoked' if permits conditions are not met.</p> <p>Clause 11 states that a Livestock Crossing or Moving permit may be revoked, suspended or reviewed, dependent on the circumstances.</p>	<p>Remove Clause 8.5. Concerns with its consistency with Clause 11.</p> <p>It is not reasonable to read "A livestock Crossing Permit will be revoked if" as there are always minor technical or situational issues. In some circumstances permit holders should be given time and a process to work towards compliance and to address any breaches.</p>	<p>Staff propose Clause 8.5 is removed, as requested. This is because the rules for revoking permits is duplicated in Clause 11 and Clause 8.5.</p> <p>Clause 11 states 'a permit <i>may</i> be revoked' which allows for Council discretion.</p>
<ul style="list-style-type: none"> • 2153, Federated Farmers • 3598, Bruce Cameron • 2129, Wendy Clark • 2154, Rosemarie Costar 	Age of competent person	<p>The proposed Bylaw requires 'that the movement of livestock along a road shall at times be under the control of at least two competent persons', Clause 6.1(g).</p> <p>Appendix 2 'Conditions for livestock crossing permits' requires that 'at least one competent person (16 years of age or older) shall be present at all times while livestock are using the crossing'.</p>	<p>Submitters seek to gain consistency with the requirements for a person to be of appropriate age and or competency.</p> <p>Clause 6 (g) states the two persons must be competent. It then states in Appendix 2 (6) under conditions for livestock crossing permits that the person must be competent and 16 years of age or older.</p> <p>Request that age requirements is removed and the condition will rely on the definition of competent person which can be found in legislation, particularly within the Health and Safety at Work Act (2015)</p>	<p>The Bylaw does not currently define a competent person and no definition is included with the Health and Safety at Work Act 2015.</p> <p>Staff propose that this minimum age requirement in Appendix 2 is removed, as requested and refer to competent person only. There is no minimum age to start working.</p>
<ul style="list-style-type: none"> • 2153, Federated Farmers 	Excrement on roads	<p>The proposed Bylaw requires excessive stock excrement to be removed when stock are moved across or on roads</p> <p>This is noted in Clause 6.1(e), Clause 13,1 (c), Clause 13.2 (b), Appendix 2 'Conditions for Livestock Crossing permits' Clause 9, and 'Conditions for Livestock Moving Permits' Clause 6.</p>	<p>Federated Farmers agrees that regularly used road crossings requires consideration into excrement and its impacts on road quality and the environment.</p> <p>Requests that consideration be made into whether the Council may be duplicating requirements between Regional and District Councils.</p>	<p>The Bylaw requires persons moving livestock to remove excessive stock excrement from the road.</p> <p>Staff propose this requirement is retained as it is a responsibility which aligns with other Bylaw regarding removal of animal faeces (such as Dog Control Bylaw 2015 and Keeping of</p>

Submission ID	Topic	Proposed Bylaw	Suggested changes	Staff comment
				Animals Bylaw 2021). Council is also not reliant on Waikato Regional Council to enforce their plans.
<ul style="list-style-type: none"> • 2153, Federated Farmers 	Conditions for Livestock Moving permits, 11	The Bylaw refers to both 'road' and 'public road' throughout the document. 'Road' is defined, while 'public road' is not.	The Federation asks for consistency of terminology. The definition of road should be used rather than 'public road' which is not explained in the interpretation of the Bylaw.	Staff propose this is change as requested, so the Bylaw refers to 'road'. This is consistent with the definitions in the Bylaw.
<ul style="list-style-type: none"> • 2153, Federated Farmers • 3598, Bruce Cameron • 2129, Wendy Clark • 2154, Rosemarie Costar • 3597, Jim Cotman 	Conditions for Livestock Moving permits, 11	The proposed Bylaw notes the maximum distance stock are driven along a public road must not exceed 400m (Appendix 2, Conditions for Livestock Moving Permits).	<p>Submitters note it was unrealistic to set a maximum distance of 400m. It is also concerning that the condition wording states driven rather than driving as defined in the interpretation section.</p> <p>Federated Farmers (2153) noted that Council's use of driven can be argued to include using a stock truck or trailer to drive stock to their next destination which Council has not aimed to restrict under the intent of this bylaw.</p> <p>Submitters requests Council to remove the maximum moving distance of moving stock 400m.</p>	<p>Staff propose this 400m distance requirement is removed, as requested.</p> <p>Staff agree this it is unreasonable to a have a 400 m distance limit only for the movement of stock.</p>
<ul style="list-style-type: none"> • 2153, Federated Farmers 	Signage	<p>The Bylaw requires:</p> <ul style="list-style-type: none"> • Temporary signage must be used when stock are crossing • All signage must be approved by Council • Council will arrange for the signs to be installed on behalf of the permit holder • A subsidy is available for approved signage 	<p>Whilst reviewing permit conditions Council should take into consideration the impact of vandalism or damage caused by external parties. Under current conditions set out in the bylaw farmers who are vandalised or have damage to their signage are requested to fix at their own costs.</p> <p>Signage is paid for by farmers and installed by Council who approve and control what is installed.</p>	Staff propose Council is not responsible for managing signs for stock crossings. This would be an expansion on Council's responsibility which would be better placed with the individual.

Submission ID	Topic	Proposed Bylaw	Suggested changes	Staff comment
		<ul style="list-style-type: none"> Correct use and maintenance of the signs is the responsibility of the permit holder. 	Federated Farmers asks whether Council could manage signs once installed to ensure consistency and road safety of all crossings.	
<ul style="list-style-type: none"> 2153, Federated Farmers 	Matrix	The matrix in Appendix 3 'Stock Moving and Crossings Policy' heading reading 'Average number of day stock crossing / moving per week'.	<p>Should read 'on average per year' instead of 'days per week'</p> <p>Schedule of roads should read 'average number of stocking crossing or moving per week 'on average per year'</p>	Staff propose this wording is changed to be more clear.
<ul style="list-style-type: none"> 3598, Bruce Cameron 2129, Wendy Clark 	Matrix	The matrix in Appendix 3 'Stock Moving and Crossings Policy' heading reading 'Average number of day stock crossing / moving per week'.	I support the Matrix subject to a wording change to "days per week, averaged per year" to be consistent with the wording in Clause 6. H I & II	Staff propose this wording in Matrix is amended, as suggested.
<ul style="list-style-type: none"> 2153, Federated Farmers 2129, Wendy Clark 2154, Rosemarie Costar 	Matrix	The matrix reads 'Sealed Rural Roads >70km/h' and the description is 'Roads less than 70km/h and less than 200 vehicles per day')	Description for sealed rural roads > 70km/h reads more than 70km/h rather than less	Staff propose this is changed for clarity.
<ul style="list-style-type: none"> 3597, Jim Cotman 	Matrix	The Bylaw currently requires a Council permit for moving stock less than once a week, for High Volume Sealed Rural Collectors and Low Volume Sealed Rural Collectors.	<p>Supports the matrix.</p> <p>Request the Policy should provide for permitted status for less than one crossing per week on both High Volume Sealed Rural Collector Roads and Low Volume Sealed Rural Collector Roads.</p>	Staff propose no change to the matrix. It is considered appropriate to require permits for roads that are High Volume Sealed Rural Collectors and Low Volume Sealed Rural Collectors, due to the road count and speed limit.
2111, Patricia Power	Flow diagram	Not applicable.	We are a small dairy farm operation and would be dependent upon Council guaranteeing that their flow on diagram on page 13 of the proposal will be brought into	It is not expected that the flow diagram would change. Permit requirements could change if

Submission ID	Topic	Proposed Bylaw	Suggested changes	Staff comment
			Law. Our farming practise would come into the category of a restricted Permit and this would work for us.	average daily road count increases.
<ul style="list-style-type: none"> • 3598, Bruce Cameron • 2129, Wendy Clark • 2154, Rosemarie Costar • 2086, Sattrup Farming Ltd – Grahame Sattrup 	Permit timeframes	The Bylaw states that a permit will be issued for a period of between 1 to 5 years, depending on specific stock movement, traffic safety criteria and non-compliance with this Bylaw (Clause 9.4)	<p>Requests all permit timeframes should be 5 years if safety criteria are met. Under section 11 there is the ability to revoke or suspend permits if required.</p> <p>This provides certainty to stock owners.</p>	Staff propose no change to this. Currently the Bylaw allows for 1 – 5 years permit timeframes. Council can issue permits for timeframes dependent on the criteria outlined in the Bylaw.
<ul style="list-style-type: none"> • 3598, Bruce Cameron 	Extension periods	The Bylaw states in Clause 10.6 that 'If Council decides to renew a permit, an extension period of 6 months from the date of the written notification of the Council's decisions, will be granted to enable the permit holder to make alterative arrangements, after which time the permit shall be cancelled'	Requests two extension periods of 6 months to fulfil permit conditions, due to the current and future COVID-19 restrictions.	<p>Staff propose no changes as the Bylaw provides for this currently.</p> <p>The Bylaw allows for an extension period of 6 months in Clause 10.6. Council also may, at its discretion, grant a further temporary extension period of 6 months in Clause 10.8.</p>
<ul style="list-style-type: none"> • 2154, Rosemarie Costar 	Extension periods	Clause 10.8 "Council may, at its discretion grant a further temporary Extension Period of 6 months"	<p>Requests 'of 6 months' removed from Clause 10.8 and replace with 'if there are genuine reasons for the delay.</p> <p>Covid has caused many issues and delayed projects over the past few years.</p>	Staff propose no change as Council has its at discretion when granting extensions. Two six month extensions are allowed for in the proposed Bylaw.
<ul style="list-style-type: none"> • 3598, Bruce Cameron • 2129, Wendy Clark 	Signage	<p>The Bylaw requires in Appendix 2:</p> <ul style="list-style-type: none"> • Temporary signage must be used when stock are crossing • All signage must be approved by Council 	Farmers should be permitted to purchase and install their own signs. I have had to get council to move signs that they have installed to a safer location on my own road frontage	Preferable for Council to install signage due to temporary traffic management rules for the road corridor. It is also preferred for to be signage to be consistent across the district.

Submission ID	Topic	Proposed Bylaw	Suggested changes	Staff comment
		<ul style="list-style-type: none"> • Council will arrange for the signs to be installed on behalf of the permit holder • A subsidy is available for approved signage • Correct use and maintenance of the signs is the responsibility of the permit holder. 		
<ul style="list-style-type: none"> • 3598, Bruce Cameron 	Subsidy of underpasses	<p>The Bylaw includes the 'Livestock Movement Policy'.</p> <p>This specifies how costs will be shared between Council and the public for stock underpasses. This states that Council may contribute to the costs of the construction of an underpass (at its discretion, and subject to funding provisions of the Long Term Plan).</p> <p>This is partially subject to the average traffic volume per day of certain roads. Roads with less than 500 average traffic volume per day do not qualify for the maximum 25% subsidy.</p>	I believe that a farmer that is forced by council to put an underpass in, whatever the road count, should be eligible for the minimum of a 25% subsidy.	The rationale for 500 limit is for public benefit and to increase safety benefit for the public. As the road use gets lower, there is very little public benefit which is why the limit for the subsidy is currently included.
<ul style="list-style-type: none"> • 2111, Patricia Power 	Underpasses	<p>The Bylaw includes the 'Livestock Movement Policy'.</p> <p>This notes that Council assesses if underpasses are required based on locations and their site distances. Where these are unaccepted, stock crossings are required to be replaced with underpasses. In some circumstances, Council will subsidise the cost of underpasses.</p>	We also need to safeguard our livelihood and as an operational dairy farm we need to have access to our land on both sides of Mangatangi Road. The detrimental effects of any changes to our current ability to cross cattle will be enormous and would make dairy farming on our land non-effective and non-viable. To have to put in an underpass at enormous expense for such a very limited use of having cattle cross the road would put us out of business and ruin our livelihood.	The Policy provides for a Council subsidy for some underpasses, subject to Council discretion and funding.
<ul style="list-style-type: none"> • 2129, Wendy Clark 	Fees and charges	Fees and charges for Livestock Movement and Crossing Permits are	I note under Fees & Charges 2021 – 2024 that it is now very expensive to have a permanent stock crossing. Costs include:	Council's fees and charges are out of scope as part of this Bylaw development. These are set

Submission ID	Topic	Proposed Bylaw	Suggested changes	Staff comment
		specified in Council's Fees and Charges 2021 – 24.	<ul style="list-style-type: none"> • 1st application fee of \$250 • Set-up fee for 'sign and cones' of \$1,250 • Bi-annual/annual inspection fee of \$125 • \$150 every time a member of the public complains, causing an officer to travel to check the validity of the complaint. <p>Total costs first year: \$1,625 not counting complaints. 3 crossing could incur charges of nearly \$5,000.</p>	through Council's 10 Year Plan and consulted on a three yearly basis.
<ul style="list-style-type: none"> • 2153, Milton Family Trustee Limited & S D Upton 	Fees and charges	Fees and charges for Livestock Movement and Crossing Permits are specified in Council's Fees and Charges 2021 – 24.	Opposes charging a fee for processing of permit applications. Charging a fee to process a permit when we are already paying over \$14,000 in rates and can use very few other services seems unreasonable.	Council's fees and charges are out of scope as part of this Bylaw development. These are set through Council's 10 Year Plan and consulted on a three yearly basis.
<ul style="list-style-type: none"> • 2154, Rosemarie Costar 	Fees and charges	Fees and charges for Livestock Movement and Crossing Permits are specified in Council's Fees and Charges 2021 – 24.	Submits that fees for visiting a crossing due to a complaint should only be charged if the complaint is valid.	Council's fees and charges are out of scope as part of this Bylaw development. These are set through Council's 10 Year Plan and consulted on a three yearly basis.
<ul style="list-style-type: none"> • 2129, Wendy Clark 	Conditions for Livestock Movement Permits	Livestock Moving Permits conditions (Appendix 2) require the applicant to specify which routes stock are planned to move stock along.	<p>Support conditions for livestock crossing, with exception to Condition 1 and 11.</p> <p>Condition 1 – 'only routes specified in the application are covered by the permit'. It is not practical to specify all routes covered over a timeframe of 5 years. In times of feed shortages or unexpected events such as floods and slips, farmers need to be nimble in taking advantage of opportunist grazing or in re-routing their movements.</p>	<p>Staff propose that the permits continue to require the identification of routes and roads to move stock.</p> <p>The basis of the Bylaw requires on the identification of roads to determine if permit is required or not.</p>

Submission ID	Topic	Proposed Bylaw	Suggested changes	Staff comment
• 2154, Rosemarie Costar	Permit, 11.1	11.1 (a) states that a permit may be revoked, suspended or reviewed if the permit holder has failed to comply with any conditions of their permit.	Requests wording is changed to 'permit holder has repeatedly or deliberately failed to comply...', to allow for education before revoking a permit.	Staff propose that no change is required. Clause 11.1(a) states that the permit 'may' be revoked, suspended or failed, which allows discretion.
• 2154, Rosemarie Costar	Livestock Movement Policy, 1.5	Appendix 1 'Waikato Movement Policy' notes one of the policy objectives are to: 1) Eliminate the number of unsafe stock crossings in the district	'To eliminate the number of unsafe stock crossings in the district' should read 'To eliminate the number of unsafe stock crossings in the district.'	Staff propose this is amended as requested.
• 2154, Rosemarie Costar	Error	7.3 In the event of safety concerns or non-compliance with Clause 6.1, 6.2 and 6.3, Council may, at the discretion of an Authorised Officer, require a person to apply for a permit for Livestock Crossing and Livestock Movement on Rural Roads and Unsealed Roads.	Clause 7.3 makes reference to clause 6.3. However, there is no clause 6.3.	Reference to 6.3 removed
• 2154, Rosemarie Costar	Error	8.1 Any application for a Livestock Moving permit must be received by Council at least 10 working days before the first intended movement of stock; and	Clause 8.1 is about Livestock Crossing Permits but refers to Livestock Moving Permits. It needs to be amended to read Livestock Crossing Permits.	Amended as requested to refer to Livestock Crossing Permit.
• 2154, Rosemarie Costar	Error	Appendix 4, 1.5. states 'to celiminate the number of unsafe stock crossings in the district.'	Appendix 4 Clause 1. 5 "to celiminate..." should be to 'eliminate'	Spelling error corrected.
• 2125, Mc Lean Stockreaing Ltd	Opposition	The bylaw sets out where stock can and cannot be moved.	Well it just looks like someone coloured in prohibited boxes just for the sake of it. Of course stock should not be allowed in town. Where is the evidence for change required? How much did this document cost?	Opposition noted.

Submission ID	Topic	Proposed Bylaw	Suggested changes	Staff comment
			It's a silly paper pushing document which will no doubt require payment by farmers at some stage. You just maintain the roads and we'll just look after stock and put food on your table.	
2113, Paul Selzberger	Permit requirements	Permit requirements for specific roads are set out in Appendix 3, Stock Moving and Crossing Policy.	We have a permit to cross HOWARD road at the moment. As it is a no exit road with less than 50 vehicles per day we think we should be able to cross stock more than 3 times per week. Maybe could have another option for no exit roads with small amounts of traffic another day per week would be ideal	Howard Road is rural road. Under the proposed Bylaw system, livestock movement is permitted if livestock are moved between <1 and 4 times per week. A permit is required for moving livestock 5 and 6 times per week. Moving livestock 7 or more times per week is prohibited.
2111, Patricia Power	Support	Not applicable.	We are happy to support this. We understand that road safety is paramount in all situations and we agree with the requirements as set out in the proposal. We are currently and have always been abiding by all the recommendations asset out in the proposed by- law for the safe crossing of cattle.	Opposition noted.
2153, Milton Family Trustee Limited & S D Upton	Matrix	Not applicable.	Saulbrey road is classified in Appendix 3 as a 'low volume sealed rural collector'. Providing this classification is maintained, the proposed Bylaw is workable for our farming operation.	Opposition noted.
2090, Andrew Gronous	Opposition	Not applicable.	Because the Council needs to stop trying to police the movements of livestock that has been happening for centuries. Stop wasting the rate payers money, you already charge way too much in rates	Opposition noted.
2085, Matthew Hurley	Opposition	Not applicable.	Livestock owners are very competent in doing this without a bylaw so why impose one? It seems to me the council lacks	Opposition noted.

Submission ID	Topic	Proposed Bylaw	Suggested changes	Staff comment
			common sense or a lack of expertise in this area so they are pushing paperwork and unnecessary regulations on landowners	
2083, Nicky Harvey	Opposition	Not applicable.	The proposed changes will make farming, in today's restrictive and stressful environment, impossible. With the current stock movement regulations, it is workable, just, but even these are difficult to work with.	Opposition noted.
2085, James William Montgomerie	Safety requirements for moving stock	6.1(b) notes a number of safety mechanisms to ensure adequate warning of the presence of livestock.	Exclude 'amber flashing lights and/or hazard vehicles' from Clause 6.1(b) as they attract vandalism.	<p>The Bylaw requires 2 of the following safety mechanisms to be used, as below. Flashing lights are not strictly required.</p> <ul style="list-style-type: none"> • Amber flashing light and/or hazard lights on vehicles; or • Staff wearing 'Dayglo' safety vests; or • Staff using orange or red flags to warn traffic of stock on the road; or • TW6 'Stock Crossing' signs (attached to a vehicle or closed when stock are not on the road); or • Two road cones, not less than 900mm high, at least 30m apart on each side of the crossingpoint (removed when stock are not on the road).
2085, James William Montgomerie	Road hierarchy	The proposed Bylaw includes rules for when permits are requirements. This is partially dependent on the average traffic count per day.	Road hierarchy should reflect the time of the day animals are crossed, not simply car movements.	Traffic volumes are a summary measures and vary throughout the day. It is not recommended to incorporate this into the Bylaw as it is not practical. Road users are

Submission ID	Topic	Proposed Bylaw	Suggested changes	Staff comment
				likely to be using the road in the day, which is also when farmers are likely to move stock.
3696, G McBride	General Bylaw	The Bylaw includes rules for both the movement of livestock on roads (droving) and across roads, when stock cross roads in a minimum 100 m distance.	In the general appearance, in the document there appears to be a cross-over in the Bylaws' author's understanding between 'Droving' and 'Stock Crossing'. To us, they are two distinctly separate functions of livestock movement and should be treated as such to aid usefulness, avoid confusion and aid simplicity;	Droving and stock crossing are two separate activities. There is no cross over in understanding, but Bylaws does deal with both activities.
3696, G McBride	Definitions	Not applicable	No definitions for: <ul style="list-style-type: none"> - Crossing - National, regional or arterial road - It stipulates the removal of excessive excrements but leaves an individual person to establish what is excessive 	National, regional and arterial road are generally controlled and defined by New Zealand Transport Agency. A definitions of a livestock crossing permit has been included.
3696, G McBride	Site lines	The Bylaw includes site distance requirements for moving stock.	The site lines are inconsistent with Rural Subdivision entrance look-up speed tables. For example, a Standard Residential Entrance site line for an 80 km/hr road is 130 metres; yet the livestock Crossing tables require 170 metres viewing lines; We currently have a Crossing Permit (i.e. 2011-2021) with approved construction standards (i.e. sealed strip) and approved site lines (130m? -certainly that was the requirement for the adjoining Vehicle Entrances). This approval was done when the speed limit for this Rural Road (Collie Road) was 100 kph. This was supported at that time by a council-mandated warning/hazard sign for motorists to advise of a compromised bend (to the south), by definition, an advisory for a reduced speed when	Staff believe that the site lines distances noted in the proposed Bylaw are appropriate. Longer site distances are required for moving stock compared to vehicles entering in and out of properties. It is reasonable to require a longer site distance for stock crossing.

Submission ID	Topic	Proposed Bylaw	Suggested changes	Staff comment
			<p>approaching that bend; this suggests that even the 'legal' 80 kph speed limit is excessive for that particular bend and thus, the site-line from the south should require even less than that prescribed 170 metres shown in the new look up the tables;</p> <p>The p2020 Lookup tables show a 170 metre site line will now be required for this (already approved) Crossing. To achieve this (as a Permitted Activity) it will require some considerable removal of an existing hedge (some 80 years old) and new road-boundary fencing.</p> <p>This more stringent site-line requirement, in the face of the new slower speed limits, is unjust, unwarranted, costly and inconsistent.</p>	
3696, G McBride	Permitted Activity status	Not applicable.	<p>The Bylaw is silent on the consequences of failing to achieve Permitted Activity status - it does not articulate the potential processes/hurdles of being Non-Compliant.</p>	The Bylaw notes who has committed an offence, but not what the penalty is. A new suggested standard clause clarifying this is proposed to be included.

Proposed Livestock Movement Bylaw 2022 - Schedule of roads

Please search for your road to identify the proposed requirements. Some parts of roads have different requirements, due to the traffic counts of road sections. If required, to identify the relevant section of road, refer to the road number start and finish or the online map.

For any queries, please contact consult@waic.govt.nz
