## **REPORTS**

Public Forum

Agenda Item 5.1

The following items were discussed at Public Forum:

- Cr Pamela Storey – Cr Storey was one of two Waikato Regional Councillors for the Waikato constituency which covers the Waikato District Council (WDC) area. She attended the Board meeting to hear what were the issues in Ngaruawahia. Waikato Regional Council (WRC) primarily focuses on water, soil and air but also economic development, pest management, biodiversity, biosecurity and public transport.

Cr Storey noted it was important for the community to submit on WRC proposals and policies. WRC plays an important role in providing a Waikato perspective on bills going through Parliament such as the National Environmental Standards for Drinking Water, for which WRC provided a verbal submission to the Select Committee. The National Environmental Standards for Drinking Water will impact the services provided by WDC and Watercare.

Ms Morgan asked Cr Storey whether she had a good relationship with Cr Tipa Mahuta (WRC). Cr Storey had learnt a lot from Cr Mahuta, as Cr Mahuta had been a long serving and experienced councillor, who always provided the perspective of her constituency.

Cr Gibb noted that WDC and WRC need to work together to get some understanding on the Resource Management (Enabling Housing Supply and Other Matters) Amendment Bill, that will increase the intensity of housing in residential area. There were significant concerns that liberalisation of planning rules for developments will cause additional stress on Council ability to deliver infrastructure, particularly water service. Cr Storey noted that WRC had similar concern, and submitted on the bill to the Select Committee on behalf of WRC with particular regard to regard lack of consultation on intensification.

Cr Patterson noted his concern with the amendment bill that removed the necessity to provide car parking for residential and commercial developments. The amendment bill would cause increased issues with street parking and for electric car charging.

Discretionary Fund Report to 10 March 2022 (Tabled Item 1)

Agenda Item 6.1

The report was received [*NCB2203/01 refers*] and the following discussion was held:

- The Democracy Advisor provided an overview of Council's new funding process as the Board had missed the previous presentation.

**ACTION:** The Funding Team to email an overview of funding process to Board members.

- The Chair received a funding application on behalf of Ngaruawahia RSA for the installation of ANZAC street flags.
- The Board questioned whether the application should have applied for Council's ANZAC fund, however due to time constraints the Board supported funding the application.

**ACTION:** The Funding Team to check whether the Ngaruawahia RSA could've applied to the ANZAC fund.

- It was noted that the funding applicant had issues completing the online funding form as there appeared to be a glitch in filling in the fields on the form.

**ACTION:** The Funding Team and/or Communication Team to investigate the issues with the online funding form.

**Resolved: (Cr Gibb/Ms Morgan)**

**THAT the Ngaruawahia Community Board approves payment from their Discretionary Fund:**

- a) for the amount of \$2,750 (excluding GST);
- b) towards the cost of installation of ANZAC street flags; and
- c) subject to the transfer of \$2,750 from the Te Mana o Te Rangi Reserve Commitment.

**CARRIED**

Works, Actions & Issues Report: Status of Items February 2022

Agenda Item 6.2

The report was received [*NCB2203/01 refers*] and the following discussion was held:

- Security Camera Project – A project manager had been assigned to the project. The contract for the project had yet to be commissioned. The Board will receive an update before the next meeting via email.
- Bundled Halls Works – Was the memorial hall being refurbished? The works focused on seismic protection and the Ngaruawahia Hall met the seismic threshold so will not need repairs. Council was looking at other upgrades for the halls, as the predicted costs for upgrades was less than thought. The Board would discuss the hall upgrades at their next workshop.
- Paterson Park – Only one court had been set up for a childrens size netball court, when previously there were two courts.

**ACTION:** Staff to follow up and find where the other poles were to add an additional children's size court.

- Old Pony Club grounds – Council and the Kennel Club need to keep in mind that the grounds have previously flooded.
- Tarseal maintenance on River Road – River Rd had recently been tarsealed with asphalt but the condition of the new tarseal was rough and subpar. There had also been lumps of concrete left on the footpaths. Contractors needed to be quality checked as it was a safety risk.

**ACTION:** Cr Patterson to discuss the condition of the new asphalt on River Road with Council's Roading Team.

Subdivision 0098/21 Avant Developments Ltd, 536 Hakarimata Rd, Ngaruawahia - Proposed Road Name List

Agenda Item 6.3

The report was received [*NCB2203/01 refers*] and the following discussion was held:

- None of the roads listed in the report were from the Board's road names list.
- The proposed names were very generic and had nothing to do with the historic use of the land.
- If developers don't use the preapproved list for street names, whats the point in having it?
- Council's road naming policy needs to be reviewed and brought it up to date.

- If the Board rejects the list provided, the Infrastructure Committee could still approve the road names.

**ACTION:** The Board to discuss with the report writer feedback for the road names that could incorporate the Board's preapproved road names list.

- It was important that street names reflected the people and heritage of the community.

**Resolved: (Ms Kirkwood/Ms Firth)**

**THAT the Ngaruawahia Community Board:**

- notes the Subdivision 0098/21 Avant Developments Ltd, 536 Hakarimata Rd, Ngaruawahia - Proposed Road Name List; and**
- the report be reconsidered after further discussion with the report writer.**

**CARRIED**

**NCB2203/04**

Chairperson's Report  
Agenda Item 6.4

The Chair provided a verbal report and answered questions of the Board:

- Council needed to look at the zebra crossing lines on Great South Road, as they were significantly faded.

Councillors' Report  
Agenda Item 6.5

Crs Gibb and Patterson gave a verbal overview on current Council issues:

- There were a significant amount of staff who were sick with COVID. Remaining staff were working hard to take up the slack. It was important that the public needed to be empathetic.
- Cr Gibb – The Board submission on the Speed Limit Bylaw for the 50km/h limit down Great South Road through Ngaruawahia had been accepted. All school zones will remain at 40km/h.

The Board submission on Dog Control & Policy Bylaw to change the Ngaruawahia CBD to an on-lead area from a prohibited area has been upheld. There had been significant issues in the past with intimidation in the CBD and classifying the area as prohibited ensured incidents could be prosecuted.

## Waikato Ngaruawahia Community Board Funding Application for Hope Rising Farm Trust

### **Section 1 – Your Details:**

#### **What is your organisation’s purpose/background (who are you? what do you do?)**

Hope Rising Farm’s (HRF) purpose is to empower vulnerable youth and women to develop life skills, confidence, trust, and respect, by partnering with our friendly horses and donkeys. They learn to trust, have confidence in themselves and others in a relaxed environment through learning horsemanship skills and contributing to farm tasks. Working with the horses and on the farm, they can practice skills in a safe and fun learning environment and realise that in changing themselves, they have the power to influence the world around them.

### **Section 2 – Your event / project**

#### **What is your event / project, including date and location? (please describe in full the project details)**

##### **Phase 1 of Relocation from Waingaro Road to Te Puroa Road, Ngaruawahia**

##### **Exterior Refurbishment of Indoor Utility and Activity Facility at our new property on 122a Te Puroa Road, Ngaruawahia**

We have recently been able to secure a new property for our Trust based at 122a Te Puroa Road. The property has an existing structure which we need to gut and renovate – both exterior and interior - before we will be able to utilise it. The building will enable us to continue to run our programmes during the wetter winter months as well as being a facility to store our tack and feed for our equine ‘tutors’.

We have already been able to gut the interior with the assistance of staff, board members and volunteers and a concept plan of the interior has been created (donated) (**attached**). Another concept plan to display what is expected for the exterior is currently being developed.

We are anticipating the work to be completed before the commencement of winter months 2022.

#### **How will the wider community benefit from this event / project?**

Most, if not all participants who attend our programmes are either young NEETs – (Not in Education, Employment or Training) or vulnerable women, who are or have been struggling with difficult life histories e.g. currently we are partnering with a local organisation in their programme to support women who have recently been incarcerated and/or are on bail to help them reintegrate back into their communities.

Our participants almost always have issues around self esteem, confidence, lack of communication skills, and other vital skills they need to help them cope in their environments - to allow them to become all they can be – either following further education, acquiring work or simply being able to function in a positive way in the whanau and community.

Our programmes at Hope Rising farm address this need. Participants on our programmes are able to learn and practice new behaviours and skills in a safe and fun learning environment and realise that in changing themselves, they have the power to influence the world around them and their futures. They learn empathy and leadership skills through the programme with various tasks both with the horses and on the farm itself. This of itself will benefit the community by having more confident, positive role models in these youth and women within the community.

One comment from a support worker (from a programme reintegrating women who have been incarcerated and/or on bail) backs up what we know from our programmes:

*I have been mostly an observer when our wahine work with a horse and interact with staff. I am very impressed with what I have observed, the manner that Hope Rising staff interact with our wahine, they teach women about horses, how they build trust and listen to the women, when they talk about their journey at times.*

*This program has turned out to be a very important part of our program, adding to our life skills program.*

*Staff are professional, kind and very supportive towards our women.*

*My hope is that we will be part of this program for a long time to come.*

*- Staff member from Anglican Action 2022*

**Has / will funding be sought from other funders?** Yes it will be but has not been sought yet

**If 'Yes', please list the funding organisations(s) and the amount of funding sought**

As mentioned above in the explanation of our project, the property has only recently (February 2022) been confirmed as Hope Rising Farm's new location and as such we are working on a Phased Project Plan. We are seeking funding initially for this first phase of the Project. As such we have not yet approached any other funders as we have not yet had time to establish exact details and costing for following phases. A Project Manager has just been appointed to assist us with the planning, budgets and implementation of the complete project to move Hope Rising Farm to its new location.

Further projects phases will include:

- refurbishment and fit out of interior of Utility and Activity facility
- the excavation of the base paddock to build an outdoor arena / base paddock area for outdoor activities
- fencing off of paddocks for equines to be moved to new property
- the establishment of a turning bay /parking area for clients
- outdoor yards for equines in base paddock
- building of an office block
- renovating of the woodwork/metal work building

**Describe any donated material / resources provided for the event / project:**

We have already had 2 days of voluntarily work donated by members of the local community, staff and board members - as mentioned above, to assist with removing fencing (posts and wire) and gutting the stable block.

We will be recycling a large quantity of the timber and other parts of the stable block in the Indoor Utility and Activity Facility in order to reduce costs.

We have had professional consultant time donated for advice on the layout of the building.

We have had concept plans drawn up at no charge.

We have been advised that Foleycrete Hamilton will be donating either labour and/or materials for concreting work that needs to be carried out.

Rotary has committed to a day of voluntary work for us in April (30<sup>th</sup>).

## Section 1 – Your Details:

### Name of your organisation and contact person

Te Whare Toi o Ngaaruawaahia – Laura Millward

### What is your organisation's purpose/background (who are you? what do you do?)

We are the creative arts centre for Ngaruawahia, we have served our community for 20 years. Our vision is to strive for a culture of creativity for all. The centres purpose is to be the place and space for community development through creativity for Ngaaruawaahia and the surrounding districts. We are local people working together to strengthen the health and wellbeing of our people through the medium of culture and creativity. We do this by responding to our community's needs and aspirations with targeted creative arts programmes to enrich and support the holistic wellbeing of all and contribute to the mana of our people here in Ngaaruawaahia. We strive to enhance individual and whaanau welfare, sense of identity and confidence through an array of artistic experiences. We are shifting into a space where we will be developing more equitable creative programmes for our vulnerable communities, including but not limited to people who experience intellectual, or physical disability, neurological conditions, mental illness, age related vulnerability, cultural, social isolation, poverty and unemployment.

## Section 2 – Your event / project

### What is your event / project, including date and location? (Please describe in full the project details)

Matariki Festival from 17 June to 17 July 2022 We will deliver a series of creative events that are aligned to Matariki where our community can learn, experience and contribute to the understanding of the significance of this time of the year for health, wellbeing and culture. Matariki is our time for reflection, celebration and planning, this year it is our first public holiday that recognises Te-Ao-Māori, it is vital that we create our communities own Matariki series of events. We will start with a night of exhibition openings, bonfires, local music and telescopes to then 22 Matariki workshops over the month and our annual Matariki market on the 9<sup>th</sup> of July.

### How will the wider community benefit from this event/project?

We will deliver a series of creative events that are aligned to Matariki where our community can learn, experience and contribute to the understanding of the significance of this time of the year for health, wellbeing and culture. Our series of events are being developed with a deep understanding of the current state of our community as a result of the multiple challenges and hardships that have been exasperated as a result of COVID19. As an organisation we have decided to put our energy and efforts into improving the lives of our people with culture and art. Culture and the arts create wellness in our day-to-day lives by helping us process our lives individually and allowing us to come together collectively. Art allows us to communicate from afar, generating positivity, appreciation and hope. Our community needs us to develop a purposeful programme for Matariki 2022.

## NGARUAWAHIA COMMUNITY BOARD WORKS, ACTIONS & ISSUES REGISTER:

### Status of Items February 2022

Issue	Area	Action	Comments
Perry Bridge Lighting	Projects – Niall M	SEPTEMBER 2021: Staff to look into methods to minimise the risk of the Perry Bridge lighting being stolen again.	NOVEMBER 2021: We will likely install a cage against the abutment of the bridge which would secure the batteries, inverters etc located in the cabinet under the bridge. Securing the lights on the side of the bridge and any solar and/or wind generators up a pole would need to be further explored. JANUARY 2022: Awaiting confirmation of funding (Roading) before awarding physical works contract. MARCH 2022: Still awaiting confirmation of funding from Roading following negotiations with the NZTA over the Roading Programme budget. APRIL 2022: Funding has been confirmed. Staff will get approval to award the works to proceed with the installation.
Discretionary Fund Report to 10 March 2022	Funding Team, Lianne V	MARCH 2022: The Funding Team to: <ul style="list-style-type: none"> <li>▪ Email an overview of funding process to Board members.</li> </ul>	APRIL 2022: The Community Led Development Advisor has held a workshop on Tuesday the 12 <sup>th</sup> of April, to walk the Board through the new funding process. <ul style="list-style-type: none"> <li>▪ The Chair received a funding application on behalf of Ngaruawahia RSA for the installation of ANZAC street flags.</li> <li>▪ The Board questioned whether the application should have applied for Council's ANZAC fund, however due to time constraints the Board supported funding the application.</li> </ul>

Issue	Area	Action	Comments
		<ul style="list-style-type: none"> <li>▪ Check whether the Ngaruawahia RSA could've applied to the ANZAC fund.</li> <li>▪ The Funding Team and/or Communication Team to investigate the issues.</li> </ul>	<p>The funding of flags sits with the Board. Lianne has provided a response to Matt Horsfield.</p> <p>It was noted that the funding applicant had issues completing the online funding form as there appeared to be a glitch in filling in the fields on the form. We are working with the Communication team to resolve any issues. We encourage the Board to provide feedback to their Democracy support person on how this is working.</p> <p>The new process is Boards are empowered to look after their own funding and any support needed will be provided by the Democracy Advisor.</p>
Paterson Park	Open Spaces	<p>March 2022: Only one court had been set up for a children's size netball court, when previously there were two courts.</p> <p>Staff to follow up and find where the other poles were to add an additional children's size court.</p>	APRIL 2022: The other children's court was installed on Tuesday 19/04/22 by Citycare. Works complete.
Tarseal maintenance on River Road – River Rd	Roading	MARCH 2022: Cr Patterson to discuss the condition of the new asphalt on River Road with Council's Roading Team.	APRIL 2022: The Roading team are working with the Developer's contractor to get the rework completed by the end of June.

Issue	Area	Action	Comments
Road Name List	Ross Bayer, Roading	MARCH 2022: The Board to discuss with the report writer feedback for the road names that could incorporate the Board's preapproved road names list.	APRIL 2022: The recommendation of the Board has been forwarded to the Developer.  There needs to be an option for the Developer to retain some rights in regard to the naming of streets. This issue will need to be resolved by the Infrastructure Committee.

**NGARUAWAHIA WORKS (As at 12 April 2022)****Perry Bridge Lighting – Power System Replacement**

Funding has been confirmed. Once approval has been signed off to award the contract, staff will get installation underway.

**Ngaruawahia Office Reclad**

Project ongoing – this will be a multi-year project.

First preliminary draft design has been approved and is with Jewkes Boyd Quantity Surveying for elemental project cost estimation. This is expected back on 13 April.

Design and cost estimation will be presented to the steering group for review and guidance for the next steps.

**Ngaruawahia Hall**

The report for Ngaruawahia Hall has been received and the 50% NBS for the Ngaruawahia Hall has provided confidence that no further seismic strengthening works are required at this time.

Quotes for flooring repairs and specific refurbishments are being sought. Works include flooring recoating, toilet and kitchen accessibility upgrades, lighting and ramp access improvements.

Works will be designed, priced, and scheduled into next financial year's programme.

**Council Facilities Central Dog Pound.**

The proposed site at the entrance of the Ngaruawahia wastewater treatment plant has been deemed an unsuitable site for the new dog pound build. A new site has been found.

The new proposed site is located at 93 McVie Road, Huntly, at the WaterCare wastewater treatment plant property. The plan is to utilise all the site investigation works undertaken by the Solid Waste team when they assessed the site recently for a recycling processing building.

WaterCare have no issues with the proposed dog pound but we will need to be mindful of the shared accessway as part of the overall design.

We will now continue to develop the design and assess project costs to determine viability with the current budget. MOA Architects will adjust concept design from the Old Taupiri Road site to suit the new location. Tonkin+Taylor will resume the resource consent assessment pathway for this site to identify the associated consents planning and engineering costs.

**Sportsfield Lighting – Paterson Park**

An updated pricing has been received from the contractor and a report requesting approval to order long leads items is being submitted. A separate tender will go to the market for the pole, cables and lighting installation.

---

**Ngaruawahia Aquatic Centre**

Site visit for scoping bleachers and decking.

Scope is being reviewed to prioritise works of any non-compliant fencing, repair of existing structures, storm water and entryway. HEB to provide pricing for replacement of timber on bleachers and decking under an existing supply contract.

## 4. Background

### Koorero whaimaarama

---

SUB 0002/21 is a residential development on, more or less, six acres at 99 Ngaruawahia Rd, Ngaruawahia. The development is consented to create 24 new lots situated on the eastern side of Ngaruawahia Rd opposite the Waipa River.

As required by the Road Naming Policy, the Developer has proposed a total of six options for the three roads to be named that are suitable for posting in the Ngaruawahia area. Four of the options are the developers choice and two (Kiokio and Wheki ) are from the existing Ngaruawahia pre-approved road name list.

Staff have reviewed the list and excluded any names where duplication, sound similarity or duplicated street type (e.g. street, road, avenue, boulevard, junction, crescent, etc) may cause any travel uncertainties in the Waikato District.

The recommended list has been checked against Google mapping and NZ Post. When potential names are selected from the list for allocation, a further check will be made for new duplications.

This report is submitted in accordance with section 1.2 of the Road Naming Policy as follows:

*1.2 Request for Road Name not from the "Approved List" of Road Names*

*(a) Where an "Approved List" is not available or the subdivision developer wishes to choose their own road names, the developer shall make a request to Council's Roading Asset Team.*
