- c. in accordance with Standing Order 9.4, the order of business be changed with agenda item 6.3 [Raglan Works, Actions & Issues Report: Status of Items March 2022] being considered after agenda item 5 [Public Forum]; and
- d. all reports be received.

CARRIED

RCB2205/02

DISCLOSURES OF INTEREST

There were no disclosures of interests.

CONFIRMATION OF MINUTES

Resolved: (Ms Parson/Mr Amooore)

THAT the minutes for a meeting of the Raglan Community Board held on Wednesday, 23 March 2022 be confirmed as a true and correct record.

CARRIED

RCB2205/03

PUBLIC FORUM

Mr Hammond – Parking barriers required outside Super Value

Mr Hammond advised the Board he had been involved in a serious cycling accident in Raglan due to no protection for cyclists or pedestrians outside of Super Value. This was a high volume traffic area which could be remedied easily to ensure that cars do not accidentally lurch forward onto the footpath. Board needed to escalate this issue and possibly reprioritise some projects to ensure works carried out as soon as possible as service request made last year and nothing had occurred due to funding constraints.

ACTION: Staff to investigate the cost of parking barriers (similar to those put outside of Orca recently) and report back to the Board.

PUBLIC FORUM (CONTINUED)

Mr Hughes – CCTV in Raglan Town Centre

Mr Hughes voiced concern on behalf of business owners and residents regarding the lack of maintenance and management of the CCTV cameras in the Town Centre and surrounds. Current system has no working cameras – businesses paid for the power to the cameras, with a direct feed to Police. However, recently a homicide investigation required investigation and the Police found that none of the cameras were recording or operational.

Council have been provided in the past a figure for maintaining the cameras yet this had not been actioned and in the current economic climate there was an increase of burglaries and ram raids.

Query what the decision making process was here and requested the Board to look at the situation as Board Members had been contacted yet received no response. Chamber of Commerce also had not responded to his concerns regarding the cameras and a security system that not only keeps our retailers safe, but residents and tourists alike.

Board Members apologised for not getting back to Mr Hughes, noted that funding was available from the Crime Prevention Camera Trust. Stated that the Orca camera had been moved to the airfield recently – this was not the case and that camera came from another community as it was excess to requirement.

Currently not Council's responsibility but looking to investigate bringing this function back into the next Long Term Plan.

ACTION: Working group of Mr Rayer and Mr Bains to work with Mr Hughes and CCTV Trust to obtain quotes and ensure existing cameras are maintained and made operational again.

Mr Lawson – Unsubsidised Bus Service for Raglan

Mr Lawson queried progress on the report for an unsubsidised bus service for Raglan, as whilst wharf upgrade project was progressing there were no solutions for parking in this area, therefore a bus service needed to be considered. Staff advised that this would be going to the next Infrastructure Committee meeting.

ACTION: Report on unsubsidised bus services for Raglan to be forwarded to the Board once it has been considered by the Infrastructure Committee.

REPORTS

Raglan Works, Actions & Issues Report: Status of Items March 2022 Agenda Item 6.3

The report was received [*RCB2205/02 refers*] and the following discussion was held:

- Three Waters Reform – Government had progressed with four water entities and a group had been set up to look through some of the issues raised via the consultation process. Cabinet had largely adopted the recommendations, particularly regarding the ownership issues - Councils will have a share in the new entities based on population.

The transition authority were working towards how we can get local voices into the prioritisation of projects. A skills based approach would be provided to the appointments on each entity but looking at co-governance model with broader sub-committees to ensure true that local voices would come through.

Transition straddles an election period, funding being made available at the moment for entities, but the entities do not come into effect until July 2023. This means we were not sure what will occur with this piece of work in the interim.

The Waters Manager was put forward as our local representative. Te Mata Arowai were the regulator focussing on drinking water, however the Waikato Regional Council will continue to be the regulator for stormwater and wastewater.

There had been a heavy workload, with a lot of information requests from the Department of Internal Affairs, such as gathering data and IT information for our district. Each workstream had a Local Government reference group associated with them, with Council's CFO having a role in the finance and corporate workstream.

- Government Better Off Funding is happening in two (2) tranches. The first tranche is happening at the moment, with a set of projects being put forward by Council staff. There were some criteria associated with the funding, but we are yet to be advised of the weighting of each of them, e.g. climate change, adaptation and things that will better communities themselves.

Aim was not to put projects already funded from LTPs unless we are accelerating them within the programme. Funding not substantial enough to consider wastewater projects. The fund was pitched at a district level and not all of our communities were connected to treatment plants, so rural communities may complain that they are not getting their fair share.

Council were anticipating to provide a list of our projects by the end of July, with funding applications closing on 30 September.

Waters Governance Board currently involved but they would not exist in the future. There would be a board at both local and regional levels in the future. Full Three Waters Reform working papers available through DIA website. Assets, debt, equity etc. all go to the new entities to ensure ratepayers are not being double charged for something they have already paid for.

- Wastewater Discharge Consent community meeting this evening, for which Watercare would be present.
- Mr Howard and Mr Telfer from Watercare were queried as to the results from the previous quarter, with a number of discharge events occurring. It was noted that most of these are caused from people putting things into their systems that were not supposed to be.
- Board agreed that the Three Ps promotion should be reinstated on their social media pages which would assist in alleviating these incidents.
- Watercare would always come out and fix problems but their focus should be on maintaining the assets and would appreciate any education that the Board would be prepared to undertake with the community.

ACTION: Board to promote the Three Ps via their social media streams to continue to educate on the community about what should and should not be put into the wastewater and stormwater systems.

- Some posters had changed but agreed they need to be refreshed and be reinstated on the doors for Council toilets.
- Public Toilets near museum and Orca had a significant amount of water flushing through which needed to be addressed.

ACTION: Watercare to provided updated posters for Council staff to put on the back of public facility doors.

ACTION: Staff to add public toilet issue near museum to the Works, Actions & Issues Register.

- Worked with Council and took a different approach to water use and restrictions this past year. Assessed each of the catchments to ensure we monitored use over summer months and then only put restrictions in place if absolutely necessary.
- Supporting conservation message and sharing communication with WDC, who promote within the relevant communities.
- MrHoward provided a presentation on the WWTP Discharge Consent Application Project, that would also be provided that evening to the community. It was noted that there had been a significant amount of work put into this project by Watercare, WDC, the Board and the community to come up with the best outcome for Raglan.
- Testing of area done a five (5) year cycle, for which we have recently undertaken and it has come back with some natural contaminants, which was expected due to geological formations in the area. No other significant concerns raised in these tests.
- First flush testing done over the last two (2) years as part of the Stormwater Strategy which will become active later in the year, following consultation with the community.
- Maintenance issues had been completed as queried by Mr Oosten.

- Manu Bay Breakwater – Mr Amoores trying to set a meeting for 30 May or 1 June, but was frustrated that this had not progressed. Concern also raised whether the contractor had been paid for the work carried out.

ACTION: CFO to check if contractor had been paid for work already undertaken.

- Civil Defence Plan - meeting would be held once Cr Thomson returned from leave.
- Wi Neera walkway – no further feedback – what was the next step? Noted that the report advised they were looking at bringing the project forward into the 2022/23 year.

ACTION: CFO to check what the next steps for this project would be – add to Works, Actions & Issues register.

- At what point would Council be considering sea level changes identified by the government? It would be imminent but Council have not progressed at this stage.
- Harbour board land area and the remediation could be funded from the Harbour Board funds to move a little faster on this and not be constrained on design due to lack of funding.
- There was erosion happening but it was not mentioned in the report, not on sea side but on the property side as no retaining walls. Might have to go wider and incorporate better lighting in that area.

ACTION: Staff to discuss all the issues to be addressed so we do this work once, rather than having to go back when it is utilised even more in the future, i.e. wholistic view to the project rather than just scoping the walkway changes.

- The Board requested if Council had where the high cycle use areas were in Raglan and the number of accidents involving cyclists to be reported to the Board so they could monitor the situation and recommend any reprioritisation to the Infrastructure Committee.

ACTION: Add to Works, Actions & Issues register.

Discretionary Fund Report to 9 March 2022

Agenda Item 6.1

The report was received [*RCB2205/02 refers*] and the following discussion was held:

- Ms Parson noted that she would check if Arts Council held their event as if they did not they should return the funds to Council.
- Maui Dolphin day events happening but hindered by COVID. Chair and Councillor Thomson met with the group and they queried if it would be okay to continue with different events with the funding.

The Board members noted that without the detailed budgets and specifics of the projects they could not make that decision and the organisers need to return the funds and reapply for the new projects or at least provide full details of the new projects for approval by the whole Board.

- It was noted that the DMO had not received their payment as yet, which would be followed up by the Democracy Team.
- A request was made for more training on how to progress discretionary applications, not just for the funding representative but also for the whole Board, including whether or not individuals could apply.
- Application received and quote emailed by the Chairperson to Board Members earlier in the day. Concern that the booklet was very basic, with no actual local details for where to get help.
- Suggested the applicant appears at the next board meeting to provide more information and how the booklet could be modified to become more Raglan specific.
- Slight modification to Raglan specific. Helps to know distributed in Raglan.
- The Chairperson moved a motion to approve the application but two members advised they would abstain as there was insufficient information to address their concerns, therefore it was agreed that the Chairperson would request the applicant attend the next meeting.

ACTION: Defer the application for the My Mental Health Toolbox booklet to the next meeting and request the applicant attend if possible or provide members with a little more detail in regard to their queries.

Bylaw and Policy update to Policy & Regulatory Committee

Agenda Item 6.2

The report was received [*RCB2205/02 refers*] and the following discussion was held:

- Boat ramp fees and charges, new charges put in the Long Term Plan but the Board noted there were not any fees charged for local boat ramps at present.
- Public places and Reserves and Beaches Bylaw reviews – when will these occur.

ACTION: Staff to confirm the timeline for the Bylaw Reviews.

Third Quarter Service Request Report to 31 March 2022

Agenda Item 6.4

The report was received [*RCB2205/02 refers*] and the following discussion was held:

- Catchpits need to be cleaned prior to winter or we would have a significant amount of flooding as winter approaches, particularly with the extreme weather events predicted.

ACTION: CFO to request the cleaning of catchpits as soon as possible.

Raglan Naturally Report

Agenda Item 6.5

A verbal report was provided and the following discussion was held:

- Community Covid connector project a significant project that they were involved in with MSD.
- Planning for Matariki celebrations – 24-26 June – plan to close main street for Matariki focussed activities.
- Youth week – 7-15 May – two events on Sunday 15 (ages 12-24) and Neighbours Day planned again as it was previously successful.

Chairperson's Report

Agenda Item 6.6

The report was received [*RCB2205/02 refers*] and the following discussion was held:

- Met with Rangatahi Development team regarding potential community pool. The group would have a further meeting to develop concepts for presentation back to the Board and wider community.
- Attended Rally NZ briefing in the community and noted the policy was due for review regarding use of roads for rallies.
- Regional Council doing some work around fresh water as part of the Regional Plan update. Attending public meeting on 20 May to discuss issues affecting the Whaangaroa catchment area and would encourage other members to attend if possible.

Councillor's Report

Agenda Item 6.7

The report was received [*RCB2205/02 refers*] and no further discussion was held.

Board Member's Report
Agenda Item 6.8

The report was received [*RCB2205/02 refers*] and no further discussion was held.

There being no further business the meeting was declared closed at 3.53pm.

Minutes approved and confirmed this day of 2022.

G Parsons
CHAIRPERSON

To	Raglan Community Board
Report title	Discretionary Fund Report to 30 May 2022
Date:	15 June 2022
Report Author:	Jen Schimanski, Support Accountant
Authorised by:	Alison Diaz, Chief Financial Officer

1. Purpose of the report

Te Take moo te puurongo

The purpose of this report is to update the Raglan Community Board on the Discretionary fund spend to date, commitments and balance as at 30 May 2022 (Attachment 1).

AND

Providing information on Maui Dolphin Day Events for the Board to consider as to whether they wish to continue with the full funding as the original event applied for did not go ahead due to COVID (Attachment 2).

AND

Providing the application that was deferred from the previous meeting for the My Mental Health Toolbox (Attachment 3). The applicant is unable to attend in person and cannot join via zoom during the day but has been discussing the Board's concerns further with the Chairperson. Should members require further information they could

2. Staff recommendations

Tuutohu-aa-kaimahi

That the Raglan Community Board:

- a. notes the Board's Discretionary Fund update to 30 May 2022;**
 - b. considers the report from the Whaingaroa Environment Centre for funds spent towards Maui Dolphin Week events and whether they wish to continue funding for the alternative events or requests the remaining funds be returned; and**
 - c. considers the application for funding for the My Mental Health Toolbox printing that was deferred from the previous meeting.**
-

Net Funding Remaining (Including commitments)			11,297.58

Update on Maui Dolphin Day Funding from Jasmine Hunter, WEC. 7/06/22

We received confirmation of funding for Māui Dolphin Day from WDC on 16 November 2021.

In late December myself and the Ops Manager from XZW met with Lisa and Gabrielle to discuss the prospects of MDD 2022 and that was highly unlikely to be able to run the event. There were safety concerns around spreading the new Omicron strain with 1000k+ people and it was clear that it would be not be possible to ensure mask wearing or QR code scanning etc. By this time, the Event Manager Jasmine had been organising Māui Dolphin Week for 6 weeks prior and some expenses had been spent as part of planning. WEC suggested at this point it was not a good use of resources to continue planning the larger festival event at Papahua Domain.

WEC met with Lisa and Gabrielle and proposed that under the Orange Traffic Light System some smaller events could be managed logistically and safely as part of Māui Dolphin Week.

Over January and February these smaller events were planned and promoted for March 2022 but unfortunately come March, the Omicron wave hit Raglan and many involved in helping Māui Dolphin Week happen, including the Event Manager, came down with Covid.

Māui Dolphin Week was held at the end of May 2022.

1. 25 May - Science Night
2. 27 May - XZW Tour
3. 28 May - Te Ākau Beach Clean

WEC will be supplying a full report of these events as part of Māui Dolphin Week to the Raglan Community Board with the WDC Funding Accountability Form.

**Waikato District Council - Raglan Community Board Descretionary Fund

Te Ākau BEACH CLEAN

1:30-4:30pm | Saturday 28 May 2022 | Bow St Jetty

Although Aotearoa is isolated, currents increasingly bring to our shores some of the eight million tonnes of plastic that ends up in the sea annually, choking sea life along the way and threatening life on the beach and sand dunes. The last time we organised a beach clean across the harbour in 2019, over 60 volunteers participated and we collected 1 cubic metre of rubbish!

Whāingaroa Environment Centre in collaboration with the Raglan Community Board, Raglan Sport Fishing Club, Coastcare Waikato, Xtreme Zero Waste invites the Whāingaroa community to join us in this years cleanup event across the harbour.

We will be departing by boat at 1:30pm and heading over the other side of the harbour to Te Ākau where we'll focus on the beach south of Te Kaha rock down to opposite the campground. We will be recording all rubbish collected as we go and at a later date all the rubbish will be audited and presented to the community in a report. This is also a golden opportunity for you to see Raglan from a different perspective and walk on the Te Ākau coastline if you haven't before.

Please bring water, snacks, suitable clothing & footwear. This is a free event, everyone is welcome.

We will be serving a BBQ at the Whāingaroa Community Gardens on Wi Neera Street afterwards as a thank you.

Report title	Community Board Charter
Date:	15 June 2022
Report Author	Gaylene Kanawa, Democracy Team Leader
Authorised by:	Alison Diaz, Chief Financial Officer

1. Purpose of the report

Te Take moo te puurongo

The purpose of this report is to seek feedback from the Board on the current Community Board Charter.

2. Executive summary

Whakaraapopototanga matua

The Charter for each Community Board sets out the roles and responsibilities of the Community Board, and how the Council and Community Board will work together. This includes the delegations from the Council to the Community Board.

The current Community Board Charters will be reviewed by the Council in the near future. To this end, it would be helpful to understand the Community Board's views on the current charter.

It is recommended the Board hold a workshop to discuss the Charter and provide feedback by 30 August 2022.

3. Staff recommendations

Tuutohu-aa-kaimahi

THAT the Raglan Community Board provide staff with feedback on the current Community Board Charter by the end of August 2022, for review by the new Council in October 2022.

4. Background

Koorero whaimaarama

Every triennium the Community Board Charters are reviewed by Council and updated Charters are provided once the Council have determined their governance structure. It was anticipated that Council would do a mid-term review of the Charters in 2021, however this was delayed due to the Representation Review along with COVID-19 lockdowns.

As the elections are approaching it would be appreciated to receive feedback from the existing Community Boards on what changes they believe should occur to the Charters. To this end, this report attaches the existing Charter and requests feedback from each Community Board by the end of June 2022.

5. Next steps

Ahu whakamua

Council staff will collate the feedback from the five (5) Community Boards for consideration by Council for review/amendment.

Once the new Council has determined their governance structure they too will advise of any further amendments/changes required to the Community Board Charters for the 2022-2025 triennium.

Community Board Charter

Policy Owner	Chief Executive
Approved By:	Policy & Regulatory Committee
Resolution Number	WDC1310/23
Effective Date	October 2013
Next Review Date:	October 2016

COMMUNITY BOARDS

Pursuant to Schedule 7 Clause 32 of the Local Government Act 2002 and recognising the role of Community Boards as defined in section 52 of that Act, the Waikato District Council delegates responsibilities, duties and powers to the Huntly, Ngaruawahia, Onewhero-Tuakau, Raglan and Taupiri Community Boards as follows:

- i) To liaise as necessary with any appointed Hall Committee to ensure that hire rates and charges are set for Council-owned halls and community centres within their Community Board area.
- ii) To consider applications for, and to distribute Discretionary Fund grants within their Community Board area, in a fair and equitable fashion.
- iii) To grant exemptions from Council bylaws for areas within their jurisdiction, where those bylaws so provide for an exemption or variation by consent of Council.

Pursuant to Schedule 7 Clause 32(3) of the Local Government Act 2002, any sub-delegation of these responsibilities, duties and powers by Community Boards is hereby expressly prohibited except the power to appoint sub-committees of management to administer Council-owned halls and community centres within their Community Board area.

The following Charter applies to all Community Boards.

COMMUNITY BOARD CHARTER

I Purpose

- I.1 The _____ Community Board (the Community Board) is set up by the Waikato District Council (the Council) to assist Council in dealing with local issues in the community of _____.

2 Roles and Delegations

- (a) The Council's roles are:
 - (i) To give effect to local identity and preferences.
 - (ii) To make the local authority more responsive to the community's preferences and more accountable for their actions.
 - (iii) To increase efficiency.
- (b) The Community Board's role is to express the community's views on local issues to the Council. In order to achieve this, the legislative guidelines for the Community Board shall be as follows:

- (i) Represent, and act as an advocate for, the interests of its community.
 - (ii) The consideration of and reporting on of all matters referred to it by the Council or any matter of interest or concern to the Community Board.
 - (iii) Maintain an overview of services provided by the Council within the community of _____.
 - (iv) The preparation of an annual submission to the budgetary process of the Waikato District Council for expenditure within the community of _____.
 - (v) Communication with community organisations and special interest groups within the community of _____.
 - (vi) Make recommendations to the Infrastructure Committee on the disbursement of any Township Development Funds. The final decision rests with Council.
 - (vii) To disburse within the community of _____ the discretionary funds allocated by the Council as part of its Annual Plan or Long-Term Plan budget.
 - (viii) Any other function and duties as may be delegated from time to time to the Community Board by the Council.
- (c) Pursuant to Schedule 7 Clause 32 of the Local Government Act 2002 and recognising the role of Community Boards as defined in Section 32 of that Act, the Waikato District Council delegates responsibilities, duties and powers to the Huntly, Ngaruawahia, Onewhero-Tuakau, Raglan and Taupiri Community Board as follows:
- (i) To liaise as necessary with any appointed Hall Committee to ensure that hire rates and charges are set for Council-owned halls and community centres within their community board area
 - (ii) To consider applications for, and to distribute Discretionary Fund grants within their Community Board area in a fair and equitable fashion.
 - (iii) To grant exemptions from Council bylaws for areas within their jurisdiction, where those bylaws so provide for an exemption or variation by consent of Council.
- (d) Pursuant to Schedule 7 Clause 32(3) of the Local Government Act 2002, any sub-delegation of these responsibilities, duties and powers by Community Boards is hereby expressly prohibited except the power to appoint sub-committees of management to administer Council-owned halls and community centres within their Community Board area.

3 Membership of Community Board

- (a) The membership of the Community Board shall be as determined by the review of boundaries and membership procedure as set out in the Local Government Act 2002 and as confirmed prior to each Local Government Triennial Elections.

- (b) In line with representation reviews and any applicable Local Government Commission determinations, Councillor(s) elected in the Ward representing the Community Board area shall be Community Board members either by election or appointment. (Please note that the Local Government Commission determination does not permit both elected Councillors from the Awaroa ki Tuakau Ward to be appointed to the Onewhero-Tuakau Community Board).
- (c) The role of the appointed Councillor shall be the liaison link between Council and the Community Board, in particular accepting the responsibilities as set out in Clause 8 of this Charter.

4 Chairperson

- (a) The Community Board shall appoint a Chairperson from within its membership.
- (b) The Community Board shall appoint a Deputy Chairperson from within its membership.

5 Remuneration

- (a) Remuneration to individual members shall be as resolved by the Remuneration Authority in consultation with the Council and Community Board from time to time.
- (b) Community Board members must comply with current Council policies and procedures for submitting claim forms.

6 Meeting Procedures

- (a) The Community Board shall follow the general principles of the New Zealand Standards (NZS 9202:2003) Model Standing Orders including Amendment 1 for Meetings of Local Authorities and other public bodies.
- (b) At each Community Board meeting there shall be an opportunity for informal discussion on matters of mutual interest to the Community Board and the Council, not covered by an agenda item. This general forum will enable:
 - matters to be raised in order that, if the Council agrees, they may be the subject of a staff report for inclusion in the subsequent agenda
 - concerns with Council operations to be discussed
 - Ward Councillors to report back to the meeting on Council discussions and decisions
 - Community Board members to provide any relevant updates

7 Communication

The objective is to retain quality relationships between the Council and the Community Board and the Community Board and the public.

8 Responsibilities of Ward Councillors and Staff

The Council, through the Ward Councillor(s) and the staff, will ensure that:

- (a) The Community Board is consulted in the November/December period on requests for works or projects to be included in the following year's draft Annual Plan and/or draft Long Term Plan (whichever is applicable).
- (b) The Community Board is consulted by way of detailed presentation on the contents of the draft Annual Plan or draft Long Term Plan (whichever is appropriate) in sufficient time to allow the Community Board to make a meaningful submission to Council.
- (c) The Community Board participates in the prioritising of capital works projects in the Community Board area such as:
 - seal extension
 - street lighting upgrades
 - footpath development
 - roading upgrades
 - utilities works
 - playground works
- (d) The Community Board members will be presented with a report on a monthly basis detailing the next month's programme of works.
- (e) The Community Board will be consulted by way of a detailed presentation on major policy issues initiated by Council that have an effect on the Community Board area. The consultation and presentation will either be made prior to the public submission process to enable the Community Board to have input into draft documents, or be made in sufficient time to allow the Community Board to make a meaningful submission.
- (f) The Community Board members will be invited to participate in all community or roadside meetings held in the Community Board area on proposed works projects.

9 Responsibilities of Community Board Members

- (a) The Community Board members will contact the Ward Councillor(s), Chief Executive or General Managers prior to the Community Board meeting if sufficient detail is not available in the agenda to make the correct or appropriate decision.
- (b) The Community Board members will undertake or recommend to the Council promotion of local cultural, sporting and enterprise initiatives or community events.
- (c) The Community Board members will ensure that Discretionary Fund grants are distributed in a fair and equitable manner.

- (d) The Community Board members have a responsibility to be active members of the Community Board, adhering to relevant Council policies and procedures in the discharge of their duties.
- (e) The Community Board members will take part in any training or workshop sessions arranged by Council to promote a greater understanding of their role on behalf of the community so as to enhance performance.

10 Responsibilities of Council

- (a) The Council agrees to hold at least one combined workshop per annum, at which the Council will participate with all Community Boards in discussing issues of mutual interest and clarification will be given on future Council direction.
- (b) The Council may accept representations from the Community Board at its ordinary meetings on issues of significance contained within the Community Board Minutes.
- (c) The Council employs the Chief Executive and the Chief Executive employs all staff. The Chief Executive is accountable to the Council not to the Community Board.

Attachment 2 – Raglan Quarterly Roothing, Footpaths, Walkways, Cycleways and Parking Report

ISSUE	Area	Action	Comments
	Trevor/Paul	February 2022: Staff to move on with the Manu Bay Breakwater issue and schedule the public meeting as soon as possible.	<p>SEPTEMBER 2021: A third workshop is being organised. Suggested dates were to be sent out to Forum members to confirm availability when the Covid Alert Level 4 restrictions occurred. Re-assessing the possible dates, probably late October. Tim Clarke from Collaborative Solutions will contact Forum members soon with date options.</p> <p>OCTOBER 2021: Tim Clarke has been contacting each stakeholder group to set up 1:1 meetings to discuss the upcoming workshop first-hand. With the current, hopefully short term Covid Alert Level 3 again extending over most of the district, the 1:1 meetings and the workshop date options may need to be revisited again. We will need to assess what amended restrictions to the alert levels in the near future will mean for the workshop.</p> <p>DECEMBER 2021: Staff are making arrangements for Forum Workshop #3 in the New Year. Tim Clarke of Collaborative Solutions will make contact with each stakeholder group prior to the Workshop.</p> <p>FEBRUARY 2022: With the change to Covid-19 Red traffic light level and the meeting requirements we would need to meet for that level, and the apparent start of the Omicron wave and associated risks a February workshop would entail to participants, the forum workshop has again been postponed. We will review the situation at the end of February and report.</p> <p>MARCH 2022: Due to the growing Covid-19 Omicron wave it is still considered not suitable to have a face-to-face meeting.</p> <p>A digital Zoom meeting is now being arranged by Tim Clarke, with proposed meeting dates being:</p>

ISSUE	Area	Action	Comments
			<ul style="list-style-type: none"> • 1pm on Monday 28 March 2022 (preferred); or • 9am on Wednesday 30 March 2022. <p>Tim will be in contact with each of the representatives of the stakeholder groups. The purpose of Tim's contact will be to hold a detailed conversation to ensure he is up to date with the group's perspective, and preparation for the meeting process.</p> <p>May 2022: Having difficulty finding a date suitable for all key stakeholders, and having to put forward new date options to all, and now with the omicron wave numbers dropping and the shift to the Orange traffic light setting, a face to face meeting is appropriate. Tim will propose new meeting dates, this time for a workshop in Raglan. Tim will be in contact with each of the representatives of the stakeholder groups.</p> <p>June 2022: Meeting of the Forum was held on Monday 30 May from 1 – 5pm facilitated by Tim Clarke of Collaborative Solutions. Tim will collate the minutes and actions (including timeframes) from the meeting and send it out to the workshop forum members.</p> <p>More detail is provided in the Community Projects update below.</p>

ISSUE	Area	Action	Comments
Civil Defence and Raglan Community Response Plan	Civil Defence Emergency Management	<p>FEBRUARY 2021: Waikato District Council Civil Defence Emergency Management Coordinator requested to attend the Board's next meeting to discuss the Civil Defence and Raglan Community Response Plan.</p> <p>MARCH 2021: Mr Bains, Mr MacLeod and Cr Thomson to progress the update of the Raglan Civil Defence Plan and collaborate with the Community Resilience Coordinator to facilitate the first Civil Defence workshop on Wednesday 7th April at 1pm.</p> <p>MARCH 2021: Community Resilience Coordinator to provide a Civil Defence Plan update at the next Community Board meeting.</p>	<p>MARCH 2021: Council's Community Resilience Coordinator will be in attendance at the March Community Board meeting.</p> <p>MAY 2021: Council's Community Resilience Coordinator scheduled a meeting to work on Community Response Plan with Raglan Community Board reps on 7 April. Due to last minute commitments, the reps were unable to attend. To date, further attempts to reschedule have not been successful. The coordinator requests that RCB advise when they would like this work to take place and for reps to advise a date for meeting to progress plan review. Note: Council's Coordinator is unavailable 4 to 31 May, due to leave and prior commitments, so this work is unlikely to be completed before end of June.</p> <p>SEPTEMBER 2021: Council's Emergency Management team are actively working with Cr. Thomson on progressing the Community Response Plan. A meeting is scheduled between the Emergency Management Team, Cr. Thomson, and the Community Board Chair to review progress and make further updates on 23 September (was scheduled for August, however, was postponed due to L4/3 COVID).</p>

ISSUE	Area	Action	Comments
	Cr Thomson, Mrs Parson, Ms Binnersley	FEBRUARY 2022: Cr Thomson, Mrs Parson, and Ms Binnersley to meet and develop plan for discussion with local emergency management providers.	<p>OCTOBER 2021: Meeting held between Council's Emergency Management team, Community Board Chair and Cr Thomson. Agreement on approach currently being taken.</p> <p>Workshops to be held with emergency services to progress specific actions and scenarios. This work is likely to be delayed due to the recent COVID-19 restrictions in the Waikato, which will require the attention of the Community Board members and Council's Emergency Management Team. Anticipate that the plan could be ready to present to the Community Board in November/December.</p> <p>MAY 2022: Cr Thomson to provide an update.</p>
Wi Neera Walkway	Megan May, Community Connections	<p>The Board would like to understand next steps.</p> <p>Staff to discuss all the issues to be addressed so we do this work once, rather than having to go back when it is utilised even more in the future, i.e. wholistic view to the project rather than just scoping the walkway changes.</p>	<p>The current year's budget was for a feasibility of the walkway which has been completed. Budget for construction was in future years but through the Annual Plan, the request was made to bring funding forward to next financial year to complete this.</p> <p>Next step will be for detailed design to be completed prior to construction. This will commence next financial year.</p> <p>When this is allocated to a project manager, we will ensure that contact is made with community. If the Raglan Community Board can identify a working group, we will make contact with them at the appropriate time to discuss the wider area.</p>

Community Projects Update (As at 1 June 2022)

Wi Neera Walkway

Design has been received from Tonkin & Taylor and provided to Community Connections Manager Megan May for review.

Manu Bay Breakwater

Meeting of the Forum was held on Monday 30 May from 1–5pm facilitated by Tim Clarke of Collaborative Solutions. Tim will collate the minutes and actions (including timeframes) from the meeting and send it out to the workshop forum members.

The forum agreed to separate the issues at the boat ramp into two streams, Ramp Maintenance and Breakwater Options.

The Open Spaces Team Leader Caleb Ahu will hold an initial meeting of interested parties to manage the ongoing maintenance of the ramp including ramp repairs, surface jetting/cleaning, rock removal processes, signage, and erosion management. Maintenance meeting format and frequency will be set at the first meeting.

For the Breakwater Options, Community Projects Project Manager Trevor Ranga will write a scope to engage coastal engineering experts to provide peer reviewed options for Breakwater improvements.

This scope will be reviewed by the Forum members and once in consensus will engage the consultants. The resulting Options Report will be provided to the forum members for review, and any forum-shortlisted options considered for further investigation and design.

Raglan Wharf Structural Repairs, Pontoons and Walkways

The tender received is now being assessed by the Tender Evaluation Team.

46 Raglan Community Board Quarterly Update (from WDC)

Roading, Footpaths, Walkways, Cycleways and Parking

Current WDC Projects	Questions	Update from Quarterly Update Dec 21, February & 4 May RCB Meeting and subsequent updates from Senior Transportation Engineer	Timeframe/Expected Completion Date/ updates for March meeting
Raglan Holiday Park, Papahua		FEB 2022: The contractor, WDA, will re-establish after Waitangi Weekend to minimise inconvenience to holidaymakers, to complete the final 96m of footpath, tidy up, and re-establish vegetation.	Understand this has been completed.
Wainui Road Footbridge		To be undertaken as part of the shared cycleway. Funding approved, construction underway.	Under construction
Wainui Road Footpath/cycleway extension		Rockit to Poihakena section- construction underway.	Under construction
Greenslade Footpath		Community planting day to be arranged for July 2022.	
State Highway 23 revocation	Outcome of Speed Limit Bylaw Review? And when is the speed going to change? What safety improvements to the intersection (Hills and Lorenzen) are being considered?	DEC 2021: Complete, section now a WDC Rd to a point 200m west of Greenslade Rd and has been included in the 2021 speed limit review to reduce to 60km/h.	Deliberations are complete with recommendations to reduce speed on revoked section to 60km/h (200m west of Greenslade Road to the existing 40km/h zone. Revocation complete.
Upper Bow Street angle parking		Marking planned for August 2022.	August 2022
Orca crossing safety improvements	What would next steps be to improve this crossing?	The Senior Transportation Engineer, Ms Parson, Mr Amoore and Mr Rayner to further discuss safety improvements at the Orca Crossing. Awaiting meeting invite.	Add to a service request for future consideration. Community Board members to organise a meeting
Inter Raglan bus service		Report is submitted for approval June 2022 Infrastructure Committee, if approved, service is planned prior to summer 2022.	October 2022
Signs for Parking		List sent to Gareth Oct/Nov 2020. Late Jan/early Feb installation. Gareth to come back to RCB regarding such before finalised and installed. Signs have been ordered, awaiting installation date from WDA - no change.	Not completed, no resources at present due to covid impacts.

Current WDC Projects	Questions	Update from Quarterly Update Dec 21, February & 4 May RCB Meeting and subsequent updates from Senior Transportation Engineer	Timeframe/Expected Completion Date/updates for March meeting
		No change.	
Gov Road/Bayview - change giveaways to Stop signs	When is the Public Places Bylaw due to be reviewed?	No change.	No further update, bylaw is yet to be programmed. Will consider additional signs on govt road to advise on concealed intersection
Greenslade Road junction safety issue	<p>Are Waka Kotahi working on improving the culvert to prepare the road for revocation? Any idea of timing?</p> <p>What is the Council's plan to improve the Greenslade Road intersection, once revocation has happened?</p> <p>Any new insights or possibilities to raise this dangerous junction issue?</p> <p>Who will be liable when there is an accident, considering the risk that has been raised for years?</p>	<ul style="list-style-type: none"> - Transport planning with Gareth and RCB. Been raised before many times in RCB meetings. RCB and Gareth raised direct with NZTA as an urgent issue - pre Xmas 2020. Recent accidents and incident. - Still waiting on NZTA to do something, WDC are as frustrated as the community with the lack of traction to undertake interim safety improvements. - No update to be removed from issues report. 	<p>I have no update on this and is a state highway not a council road.</p> <p>Note that the revoked section is 200m west of Greenslade Road and does not include the Greenslade Road intersection.</p> <p>The revocation point was determined to be the furthest easterly point as possible constrained by a significant culvert fix (>\$2m) that would otherwise be left for WDC to rectify if the road was revoked past this point.</p> <p>WDC continues to canvas support for safety improvements. It has been noted that the State highway maintenance team keep the grass on the inside of the curve cut to provide visibility, apart from that no further measures have been undertaken</p>
Rose Street		<ul style="list-style-type: none"> - Raised direct to WDC and in RCB August. - Gareth investigating. - Is an issue, but need to undertake a wider consultation, Community Board to advise how they would like the consultation to be undertaken – residents only?, wider community? - Discussed in RCB Oct Meeting. RCB to keep wharf stakeholder group informed (not in connection with or through the Wharf Project). Staff/GB to keep RCB up to date with progress. - This has taken a back step as demands on staff for the LTP process has delayed action on this, hope to put resources in the next couple of week. <p>No update.</p>	Have no resources to undertake this work at present.

Current WDC Projects	Questions	Update from Quarterly Update Dec 21, February & 4 May RCB Meeting and subsequent updates from Senior Transportation Engineer	Timeframe/Expected Completion Date/ updates for March meeting
Parking Barriers outside Super Value	Staff to investigate the cost of parking barriers (similar to those put outside of Orca recently) and report back to the Board.	Barriers are \$350/ each + installation costs/labour.	
Stats on Cycle use in Raglan	The Board requested if Council had where the high cycle use areas were in Raglan and the number of accidents involving cyclists to be reported to the Board so they could monitor the situation and recommend any reprioritisation to the Infrastructure Committee.	Have no information on this as no survey has been undertaken. I understand there has been one incident involving vehicle and cyclist on Wainui Road. Wainui Road is narrow and does not have on road cycling facilities and it is recommended that cyclists use the Papahua shared cycle path as a route.	

To	Raglan Community Board
Report title	Raglan Naturally Update
Date:	Wednesday, 15 June 2022
Report Author:	Raglan Community Board Members'

1. Purpose of the report

Te Take moo te puurongo

To provide an update on Raglan Naturally activities in May 2022.

2. Executive summary

Attachment 2 – Matariki in Whaingaroa Poster

Local rangatahi celebrate Youth Week

by Cuba Godward, Raglan Area School

Whāingaroa youth put their Jamaican sound System to good use.

Youth Week is a nationwide celebration of events organised by young New Zealanders to honor the talents, passions, and achievements of Aotearoa's youth.

This year Youth Week took place from the 7-15th of May. Locally, Whaingaroa held their event at Papahua on Saturday the 14th of May, a collaboration between Kotahi Rangatahi and Expression of Youth. Featuring an art installation, free food, prizes and live Dj's.

At the start of 2020 Whaingaroa's youth designed and built a Jamaican

inspired speaker system as a part of an innovative Sound System Project. This has become a shared community resource used for various events such as Youth Week 2022. Our two young Dj's, William Millward and Cuba Godward brought Youth Week alive pumping out some amazing tunes on the decks. Both Dj's had recently had the opportunity to participate in a Dj course with Glen McIntosh aka "King Maca" and Emily Sandford/May aka "Jinja Cat" through Raglan Area School.

This event wouldn't have been possible without the help of our generous sponsors so massive thank you to, Mike Rarere from the Community

House for sponsorship and the DJ Decks, Naiomi Tuaepepe, Brian Ruawai and Wairua, Bush for the incredible poster, Em for Dj support and Jay from the Wrong Skate Shop for Prizes. Also, massive thanks to Matua Joe for his funding application and organisation with Matua Brenden.

Overall this was a successful community event and it was great to see young people out enjoying themselves and connecting after such a bumpy two years. There will be more Sound System events in the future!

Opinion

We've just released this year's Budget, which sets out the next steps in our plan to build a secure future for New Zealand. In addition to the comprehensive cost of living package which will deliver for 2.1 million workers across the country, there are investments being made that clearly demonstrate that this Government values our rural communities.

Let's start with the rural economy. We are investing \$118.4 million for advisory services to support farmers, foresters, growers and whenua Māori owners to accelerate sustainable land use changes and lift productivity. We are also putting \$40 million to help transformation in the forestry, wood processing, food and beverage and fisheries sectors. Further support in the form of \$31.6 million to help maintain and lift animal welfare practices across Aotearoa New Zealand and \$110 million to boost the biosecurity system and continue the Mycoplasma bovis eradication programme. This budget delivers a real, practical food and fibre sector investment package of more than \$1 billion.

In addition to the lift for food and fibre, regional tourism will also see investment. As someone who has spent time working in regional tourism, based in an i-SITE, I am thrilled to see that three core networks within the tourism sector are receiving new investment to gear up for the return of international tourists and business travellers, as the country fully reconnects to the world. More than \$5 million will go to Regional Tourism New Zealand, which supports 31 regional tourism organisations, i-SITEs, and the famous tourism trade show, TRENZ.

It isn't just the rural economy that is getting a boost. This budget also delivers a better quality of life for those of us who live rurally. Not only are we removing barriers to getting a driver licence, helping 64,000 Kiwis get on the road and into work, but also improving and expanding our air ambulance fleet with an additional \$90.7 million. When you live in rural New Zealand and urgently need help from the health system you become acutely aware of how far away help can really be. When the rescue helicopter flies over my house I am so thankful that there is an amazing crew heading to Mount Taranaki to help a trumper or to the back blocks to help a farmer. This funding will help those awesome crews to better provide this essential service.

Of course, as we do this, we'll continue to carefully manage the books – and our careful fiscal management means we return to surplus quicker than National did after the global financial crisis.

This budget proves, yet again, that we back our farmers and provincial communities and are committed to providing the support needed to secure our future. These are just a few highlights and there's a lot more in the Budget that will benefit people here in Raglan and if you'd like to more, I'd encourage you to check out labour.org.nz/budget2022.

Rangatahi get creative for Youth Week

On Saturday 14 May local rangatahi came together to take part in a couple of creative events geared towards celebrating youth in our community.

"Our voices matter and we deserve to be heard" was the theme of Youth Week this year. Youth Week is a yearly festival run by Ara Taiohi, an organisation that enables young people to create inclusive youth events across Aotearoa. It runs from the 7th-15th of May and has a new theme each year.

Locally in Whaingaroa, organisers brought the community together through the opportunity of self-expression.

Freedom of expression is a crucial part of our world and a human right. It is important because it ensures our beliefs, ideas, emotions and needs are heard.

Many of us have the privilege of freedom of expression and an aim of our event was offering others this freedom. It was brilliant to be part of a unification of diverse groups across our community for a progressive and positive purpose.

"As young people, we are the future, and so our voices are important and need to be heard." - Luna De La Cruz

At the skatepark on May 15th, kids, teens and young adults created art in the windy sunshine whilst the music from the Raglan Area School DJ event poured out of the speakers. Delicious soup and pizzas lined the tables alongside fresh fruit and juice.

Local rangatahi created pieces of art that reflected their self-expression.

"It was beautiful to see all the smiles and our community coming together." - Vida Bradbury

Creating this event took lots of effort and planning. We had fun and made the most of some great learning opportunities.

"It was very empowering to create and partake in Youth Week" - Stella O'Donnell

The artworks will be publicly exhibited in Raglan soon.

Special thanks to Ara Taiohi for Youth Week; to everyone who participated, to Gabrielle Parson and Tukana Dalton for helping the tamariki to organise and run this event; to all the adults who came down to support, to Lance, Ataera and Jarvis - local artists for support, to Dal at Essence of Rangatahi for the koha, Chris at Raglan Landscapes for fencing and Roll Up for delicious soup and Raglan Naturally for support.

ALTOGETHER BETTER RESULTS,
ALL OVER RAGLAN

While the factors driving the housing market activity have shifted with the seasons, there's one thing you can count on. With a unique blend of expertise, international networks and a suite of innovative marketing tools, Bayleys is the agency for all your property needs.

To	Raglan Community Board
Report title	Chairperson's Report
Date:	Wednesday, 15 June 2022
Report Author:	Gabrielle Parson, Raglan Community Board Chairperson

1. Purpose of the report

Te Take moo te puurongo

To provide an update on the Raglan Community Board Chairperson's activities in May 2022.

2. Executive summary

Whakaraapopotanga matua

Over the last few weeks I have been working on:

- Community Board 90 Day Planning
- Manu Bay Breakwater Stakeholder Meeting
- Regional Council Freshwater Policy Review Workshop
- Working with WDC Community-Led Development team and Raglan Naturally

Coastal Reserves Oversight

- Events calendar attached.
- Meeting scheduled with Caleb, Open Spaces Team Leader, to discuss our roles and the organising of our first annual stakeholder meeting.
- Council update and media release on Horses on the Beach, Reserves & Beaches Bylaw, attached.

A few things to update and highlight to the Board and community:

Raglan's Food Waste Collection Update

From Waikato District Council:

The future of the Raglan Food Waste Collection is secure following Waikato District Council's adoption of an annual targeted rate of \$72.90 to cover the service's costs from July 2022.

Councillors unanimously agreed to support the staff recommendation to adopt the targeted rate, citing environmental benefits and Central Government's direction of travel on food waste among reasons for doing so.

The decision follows a month-long consultation process held in March when 55% of 657 respondents supported the proposed targeted rate.

Local Government Elections

Visit the [Waikato District Council's page here](#) to find out about the upcoming elections, how you can get involved, stand for the Community Board etc. Maps will be available soon to outline the new Community Board Area. You can get a general outline on page 53 of the Candidate Information Handbook [here](#).

Please feel free to contact myself or a member of the Community Board to find out more about this role.

Regional Council Freshwater Policy Review –

You can visit their page and [submit feedback online here](#) until the end of July.

From the Regional Council:

Have your say on fresh water | Kōrero mai

We want your input to help identify and understand the issues, values and aspirations you have for fresh water in the Waikato. The feedback you share will help to inform changes to the RPS and the development of a new regional plan. These revisions will likely affect how activities are carried out in the region, so please take a moment to have your say in our online feedback form below.

We're also keen to understand what you value about the waterways in your area by using our interactive map. We want to know where you would like to see these values preserved and what ideas you may have for addressing the challenges facing rivers, lakes, streams and other freshwater bodies in your area.

Your feedback will help us find the best way forward for freshwater and ensure our waterways can be enjoyed for generations to come.

You are able to have your say in our feedback form and interactive map until end of July 2022.

Media Release

FOR IMMEDIATE USE

23 May 2022

Council discourages horse riding on beaches despite bylaw invalidity

Waikato District Council is asking people not to use the Wainui Reserve to access the beach for horse riding despite it coming to light that a bylaw covering this activity is invalid.

Council's Reserves and Beaches Bylaw 2016 states that: "No person shall lead or ride any horse or other animal on any area of a reserve except on those areas set aside specifically for such purpose, or with the prior written permission of the Council."

Under the Reserves Act 1977, a bylaw of this nature requires Ministerial approval for it to become enforceable.

This last step was not completed back in 2016 which means Council is unable to prosecute for breaches of the bylaw

This information was revealed when Horse Access Advocates Waikato Inc. (HAAWI) instigated a Judicial Review of the bylaw after Council installed signs advising people were not allowed to ride horses at Wainamu Beach in Raglan.

Council is proposing to rectify this error by creating a new bylaw this year, which is likely to cover activities included in the current, unapproved bylaw.

The proposed draft bylaw will go out to the local community for consultation and submissions will be considered before the final bylaw it is adopted by Council and ministerial approval is sought.

Anyone making submissions will be given the opportunity to present their views to the Council in person.

In the meantime, Council continues to discourage horse-riding on beaches.

Taking the popular beach areas of Wainamu and Ngarunui beaches in Raglan as an example, the reasons for this include:

- There are shellfish beds in the intertidal areas of the beach that are exposed to potential damage from horses being ridden on the beach.
- A lot of work has gone in to restoring the sand dune areas in an effort to combat effects of erosion. There are some horse riders who continue to venture into the dunes, damaging this environmentally sensitive area.

- As the district grows, like Raglan is doing, there's more potential for horse v human conflict increasing the health and safety risk.

"While we acknowledge the recreational value of riding horses, and we are sure that many horse riders are responsible and considerate when carrying out their chosen recreational activity, we still feel the potential risks outlined above are serious enough for us to continue to discourage people from riding their horses from our reserves on to the beach," says General Manager Service Delivery Roger MacCulloch.

"The procedural error made six years ago is regrettable and we will be creating a new bylaw this year.

"But it is important to note that community input will play a vital role in shaping up the bylaw through engagement and consultation with our communities."

ends

What's Coming Up:

Sunday 19th June 2022: Taurikura NZ are delivering a series of wananga around the Waikato District to engage and inform communities about local democracy, ahead of the local body elections in October this year. They will be running a wananga/workshop here in Whaingaroa/Raglan.

Time: 1030 - 130pm, Papahua House, Raglan Holiday Park, all welcome.

Contact Kirsty Barber for more information; kirsty@taurikura.com

Raglan Naturally Community Matariki Celebration - Sunday 26th June 2022!

Out for Community Pre Engagement Consultation:

Manage our Reserves review: 18th May - 17 June 2022

The review will capture the current status of the reserve, establish goals and objectives for the future, communicate how those goals and objectives are prioritised and how they will be met. It will include direction for the day-to-day management and practices across all the reserves administered by the Council. For example: leasing, drone operating, events, signage etc.

Local Alcohol Policy review: 1st June - 1st July 2022;

The current policy includes a cap on the number of standalone bottle stores in three towns - Ngaruawahia (2), Huntly (3) and Raglan (2). It also includes more permissive rules for new bottle stores in Pokeno, Te Kauwhata and Tuakau. New bottle stores in these towns do not have to meet certain criteria such as ensuring there is adequate distance from existing off-licences and sensitive sites like schools and churches if they can show there will be no significant adverse effects.

We want to know your views on the number of bottle stores in your town and whether there should be additional restrictions on the number of bottle stores in the district. This feedback will help us develop a draft policy which will then be formally consulted on later in the year.

More information here: <https://shape.waikatodistrict.govt.nz/>

Report from Tony Oosten:

Board Submission to Ministry for the Environment (MfE) – Transforming Recycling Consultation

Attached is the submission submitted on behalf of the Board in regard to Transforming Recycling Consultation document from the Ministry for Environment (MfE).

Report from Kiri Binnarsley:

Kia ora,

I met with Maki Nishiyama to understand how to update the website and understand the flow. I would like to bring up what information I am able to share with the community about upcoming events and organise an Instagram account for the community board to build engagement.

I am planning to meet with Dean to follow up and understand the views of the local surfers on their thoughts on the Manu Bay breakwater. My focus for the next two months is to build engagement within the community by updating the website and bringing that across to other platforms such as Instagram & Facebook.

Regards Kiri

Report from Dennis Amoores:

Wharf Project

The tenders for the project have been received and WDC project team are in negotiations with a preferred supplier. There are a number of tender clarifications to work through and pricing issues and final scope be agreed before a final tender can be awarded.

Resource consent application have been submitted to WRC ad WDC. The time frame of these is more uncertain and will depend on whether WRC decide it's a notifiable project.

The program is still to start structural works in July followed by the western walkway and pontoon once resource consents are awarded.

The project team have started discussion on the impact on the project with key residents and business owners in the area.

Whaingaroa Harbour study

[This has progressed based on the online surveys, the written feedback forms and the public forum.](#)

We received 90 submissions online, 30 submissions at the public forum and 60 from key stakeholders.

This information has been collated in a draft report which will be available for public comments this month.

3. Staff recommendations

Tuutohu-aa-kaimahi

THAT the Board Members' reports for May 2022 be received.

Raglan Community Board

Thank you for the opportunity of Raglan Community Board to submit to the Transforming Recycling consultation.

Sincerely

Tony Oosten

Raglan Community Board Member.

Container Return Scheme

1. Do you agree with the proposed definition of a beverage?
 - We support the proposed definition of a beverage
2. Do you agree with the proposed definition of an eligible beverage container?
 - We support the proposed definition of an eligible beverage container. But suggest continued work on reducing the volume of single use cups being disposed of.
3. Do you support the proposed refund amount of 20 cents?
 - Yes we support the proposed refund amount of 20 cents as it will have two impacts, first is driving the recovery of beverage containers, but a second benefit will be the cost increase at point of sale might reduce the consumption of beverages with low nutritional value. The value of the deposit amount needs to be adjusted to drive the recovery rates to their maximum level.
4. How would you like to receive your refunds for the containers?
 - With the technology available these days it would be preferential that all of the options outlined would be available.
5. Do you support the inclusion of variable scheme fees to incentivise more recyclable packaging and, in the future, reusable packaging?
 - We support the modulation of the scheme fees to drive the beverage producers to use materials that are easier recycle.
6. Do you agree with the proposed broad scope of beverage container material types to be included in the NZ CRS?
 - Yes we support the broad scope of the beverage container material types to be included.
8. Do you support a process where alternative beverage container packing types could be considered on case-by-case basis for inclusion within the NZ CRS?
 - Yes alternative beverage packing types need to be considered on a case by case basis to ensure that new litter sources are not generated.

9. Do you agree with the proposal to exempt fresh milk in all packaging types from the NZ CRS?

- No we do not agree with the exemption as it will not drive producers to switch to the easier to recycle material and it penalises plant based or alternative animal milk containers. All milk containers should be included in the NZ CRS but without a deposit and instead just the scheme fee thereby driving the appropriate material selection and supporting the recovery of containers, but not penalising the consumer of an essential grocery item.

10. Do you support the Ministry investigating how to target the commercial recovery of fresh milk beverage containers through other means?

- Yes we support the Ministry to drive recovery of milk containers but not as an alternative to the inclusion into the NZ CRS.

11. Do you support the Ministry investigating the option of declaring fresh milk beverage containers made out of plastic a priority product and thereby including them within another product-stewardship scheme?

- No as all types of milk container material needs to be included as there is a swing back to glass from plastic so don't make it material specific. Also why have a separate system developed when the NZ CRS can cover this need by charging the producer a scheme fee.

12. We are proposing that beverage containers that are intended for refilling and have an established return/refillables scheme would be exempt from the NZ CRS at this stage. Do you agree?

- No as there is still a chance that the refillable container is not refilled but instead disposed of. Refillable containers should be included as the benefit is they will be charged a deposit fee when purchased but every time they are refilled then there will be no deposit fee charged. Some companies are already doing this you pay an upfront fee for the refillable container and then a lower price when using a refillable container.

13. Should there be a requirement for the proposed NZ CRS to support the New Zealand refillables market?

- Yes by potentially not charging a scheme fee for producers using and accepting refillable containers.

16. Do you agree that the size of eligible beverage containers would be 3 litres and smaller?

- Yes we support this size designation.

17. Do you think that consumers should be encouraged to put lids back on their containers?

- Yes this needs to be encouraged as caps can cause a significant environmental impact due to their size being easier to be carried into waterways.

18. Do you agree that the scheme should provide alternative means of capture and recycling?

- Yes as this can be as simple as a receptacle that consumers can bring there caps to recycle at the recovery location.

19. Do you agree that a NZ CRS should use a mixed return model?

- Yes we support the mixed return model.

21. Retailers that sell beverages are proposed to be regulated as part of the network, should a minimum store size threshold apply?

- We support the over 200m² size but liquor stores of all sizes need to be included as beverage containers sale is their sole form of revenue.

22. Do you think that there should be a difference in rural versus urban floor size?

- No there should be no difference.

23. Do you think there should be other retail exemptions?

- No as it decreases the total volume that anyone retail has to handle excluding depots. It would be come too difficult to pick participants just due to location numbers. Just stick to floor size.

24. Do you agree with the proposed deposit financial model?

- Yes.

25. Do you agree that a NZ CRS would be a not for profit industry led scheme?

- Yes

26. Do you agree with the recovery target?

- Yes.

27. If the scheme does not meet targets it will be reviewed?

- Yes

28. Do you support the implementation of the NZ CRS?

- Yes

Improvements to household kerbside recycling

31. Do you agree with the proposal that a standard set of materials are collected and recycled?

- Yes as that will make it easier to educate the public across the whole of NZ and send the appropriate signal to producers who are using materials that are not recyclable.

32. Do you agree councils collection of different materials causes confusion?

- Yes as Raglan is a tourist destination and has a high number of secondary homes this causes issues with people not know what can and cannot be recycled in Raglan versus what their home council does and does not collect.

33. Do you think a national consistency can be achieved through voluntary measures?

- Yes as it will be easier to update the list of materials to collect and work with producers to change packaging. It is unclear why councils are collecting material that has no end recycling solution that needs to be explored. The councils should be mandated to align and follow the expectations but still able to collectively decide based on end use market what should and should not be collected.

34. Proposed list of materials to be collected?

- We support all of the items on the proposed list.

37. Do you agree that the standard set of material should be regularly reviewed?

- Yes

38. What should be considered in determining materials to collect?

- We support all of the considerations listed but job creation and carbon emissions need to be considered as well. If a material cannot be collected then there must be some mechanism to penalise the producer of that material via a product stewardship. It is not appropriate to constantly load the public with the cost of the producers products environmental impact as the consumer has only one form of recourse ie don't buy the product.

39. Who should decide?

- MfE staff in consultation with stakeholders.

40. Do you agree that there needs to be places additional for recycling?

- Yes Raglans example of a community recycling and transfer depot has shown how this can increase landfill diversion as well as create local community employment.

Urban food collection

41. Do you agree that food and garden waste should be diverted from landfills?

- Yes as Raglan has shown with its existing food waste collection scheme that is currently funded by donations and some limited council funding. A permanent solution will require central government support for all councils.

42. Do support weekly pickup?

- Yes

43. Mandatory for urban areas over 1000 population?

- Yes we support that mandatory requirement otherwise councils will not include these communities, it also increases the potential for scale of operation to reduce processing facility costs.

44. Do you think councils should play a role in increasing diversion?

- Yes.

45. Phased rolled out of kerbside food scrap collections?

- Yes we support a phased rollout as this will allow processing facilities to be developed in a timely manner.

46. Do you agree that councils with access to existing infrastructure should have until 2025.

- Yes as it will take time to put in place the commercial arrangements to allow this to happen.

47. Do you agree that councils with no access to existing infrastructure should have until 2030.

- Yes as that will allow for solutions that will deliver more value that might require multiple stakeholders.

Separation of business food waste.

68. Should commercial businesses be expected to divert food waste from landfills?

- Yes

69. Should all commercial businesses be diverting food waste from landfill by 2030?

- Yes

70. Should separation be phased in?

- Yes as this will allow the development fo anaerobic digestion facility which will take longer to design and build.

71. Should businesses that produce food have shorter lead-in time versus businesses that do not?

- Yes as that will allow a gradual increase in the volume that needs to be processed.
