
MEMORANDUM

TO: SANDRA KELLY
Hearing Coordinator / District Plan Administrator – Resource Management
Policy Team
Waikato District Council

FROM: MICHELLE SANDS
Manager, Natural Resources and Environment
Horticulture New Zealand

SUBJECT: PROPOSED DISTRICT PLAN – HEARING 3

DATE: 10 OCTOBER 2019

Sandra

Horticulture New Zealand (HortNZ) has indicated that they wish to be heard in Hearing 3 – Strategic Objectives which are due to commence on 6 November 2019. This is the first hearing at which HortNZ will present.

Evidence for the hearing (both lay and expert) is due by Tuesday 15 October, as per the directions of the Hearing Panel.

HortNZ wishes for Jordyn Landers, Environmental Policy Advisor with HortNZ to present an industry overview at that hearing. This would be an industry statement, not expert evidence. Ms Landers is overseas until Monday 14 October and will not be able to lodge evidence by 15 October.

Therefore I request that the Hearing Panel give an extension for Ms Landers to file evidence by Monday 21 October.

M. Sands

Regards

Michelle Sands
