FSI 001.1	Ben Laing	Support	It has been proposed that our property at 79 Wilton Collieries Road, Glen Massey be removed as a heritage listed item. We agree with Heritage New Zealand in that the home does have historical significance within our community and would want the heritage listing to remain in place. The proposed new district plan stated that the heritage listing be removed due to the 'current state of building or additional issues'. We have extensively renovated the home (refer to building consent number BLD 1450/17) and in doing this have worked to the basis that the house is listed as a heritage item and have restored the house taking into consideration the age, year the house was constructed and keeping with the era of the home. Not only do we consider the home to be significant, but the community as well. This home is a landmark within our community. Everyone is aware of the history of the boarding house, and it is even taught at the local Glen Massey school - Children are brought down to the house and educated on how it played an important part within our community in the early 1900's.
