Would you like to present your submission in person at a hearing?

 Yes I do NOT wish to speak in support of my submission and ask that the following submission be fully considered.

Consultation Document Submissions

Section D Appendices and Schedules > 29: Appendices > Appendix 10.1: Raglan Town Centre > 10.5 Te Kauwhata Town Centre

 Support Oppose Neutral/Amend

Decision Requested

Update and amend town character statement.

*please refer to attached document for consideration of suggested, but not limited to, amendments/wording.

Reason for Decision Requested

The town character statement should more accurately reflect the village community of Te Kauwhata as it is today, in order to better guide the future direction, yet maintaining links to the past.

Some points for consideration are, but not limited to:

- Ensure that there are fluid connections to walkways/cycleways and also to include those trails etc that are envisaged in the future;
- Public transport options;
- Smaller/modern retail features with more options/opportunities eg: rental/lease opportunities for small business in Te Kauwhata to have a physical presence and to be able to contribute more fully to the local economy;
- Consideration of any effect (positive or negative) of mixed zoning options ie: Residential and Retail;
- Enhanced/improved cosmetic features whilst retaining the heritage features of the main street eg: better/brighter/modern appearance/features of the retail sector, town centre feature(s)/plantings, improved parking, more park bench setting, usage of the currently vacant land in town;
- Work with Mana Whenua regarding the development and promotion of cultural features in Te Kauwhata ie: Cultural Repatriation.

CHARACTER STATEMENTS

TE KAUWHATA TOWN CENTRE

2017

Bec-a 2017 (unless Bec-a has expressly agreed otherwise with the Client in writing).

This report has been prepared by Bec-a on the specific instructions of our Client. It is solely for our Client's use for the purpose for which it is intended in accordance with the agreed scope of work. Any use or reliance by any person contrary to the above, to which Bec-a has not given its prior written consent, is at that person's own risk.

CHARACTER STATEMENTS

1. TE KAUWHATA TOWN CENTRE

1.1 Overview

Te Kauwhata is a small town in the north of the Waikato Region, approximately 40km north of Hamilton and bordered by Lake Waikare and the internationally identified Whangamarino wetland. The area is most noted for its dairy farming, dry stock, village lifestyle and extensive horticulture – located within the centre of and has good infrastructure with sports facilities -golf, rugby, squash, and public pool. It is also well served by a retirement village owned by a Charitable Trust.

one of New Zealand's smaller wine-producing regions. The town is experiencing rapid growth due to its proximity to Hamilton and Auckland (both within a commutable distance), affordable land and lifestyle advantages. Te Kauwhata is home to an award-winning local library.

The village town centre is characterised by:

- Small scale, one to two level buildings along Main Road, built up to the front boundary with active frontages and verandahs (predominantly suspended)
- Flat, mono-pitched or low pitched roofs
- A wide, central Main Road with paved pedestrian footpaths, one formal pedestrian crossing with and one a pedestrian refuge
- The Te Kauwhata Library / Service Centre providing a gateway and bookend to the town centre at the junction of Main Road, Mahi and Te Kauwhata Road
- Ample provision of angled on-street parking along Main Road
- Some gaps between buildings representing opportunities for new / in fill development
- Wooden planter boxes filled with bright flowers and herbs.

1.2 Outcomes Sought

The following specific outcomes are sought for Te Kauwhata's [villagetown](#) centre:

- Maintain the wide and open nature of Main Road
- Encourage new development that is sympathetic to the existing main street built form (height, scale, form), surrounding rural context and cultural heritage
- Better connect the town centre to local attractors and destinations – particularly the nearby Whangamarino Wetland, [domain, schools and sports facilities – golf, squash, rugby, pool.](#)
- Promote mixed use development and the opportunity for new community [fa](#)acilities within the [villagetown](#) centre to encourage the vibrancy of the area.

Planter box along Main Road

1.3 Guidelines

The following guidelines seek to assist in supporting the key outcomes for Te Kauwhata's town centre:

- Focus retailing activities along Main Road (between Te Kauwhata / [Saleyard Roads and Wira Street](#)) to create a more continuous retailing offering (see Figure 1).
- Design new development along Main Road to:
 - Appear small in scale (one to two storeys with narrow frontages)
 - Contain active frontages / transparent facades at ground level
 - Contain buildings generally built out to the street boundary
 - Provide clearly visible, conveniently located main building entries
 - Provide footpaths sheltered by verandahs
- Encourage new development to be sympathetic to existing built form through:
 - Flat or low pitched roofs
 - Accentuated vertical and horizontal proportions, breaking the building up and providing depth to the facade
 - Suspended (rather than post supported) verandahs where possible
- Locate parking, loading and storage at the rear of buildings and wherever practical and provide vehicle access by a side street or rear lane – to avoid breaks in the continuous retail frontage
- Promote the extension of commercial mixed use activities along Saleyard Road, with residential uses on the upper floors overlooking the street and activating the town centre after business hours
- Provide signage and ~~formalise~~[formalised](#) connections between the town centre and the Whangamarino Wetland / existing trails (along [Blunt Rd and Ave](#))
- Work with mana whenua to determine any cultural features to be protected, promoted or enhanced within the Town Centre.

Figure 1. Vision for Main Road (looking south-west), with continuous, active retail lining both sides of the street and central landscaping adding character and amenity to the streetscape.

Figure 2. Te Kauwhata Library - a modern interpretation of existing built form, with verandah cover (1), vertical (2) and horizontal (3) modulation and a relatively flat roof form.
